Availability of Stakeholder Review Draft for 20.11.41 NMAC, *Authority to Construct (a/k/a Construction Permits)*

Dear Stakeholders:

The Air Quality Division (Division) of the City of Albuquerque's Environmental Health Department is proposing that the Air Quality Control Board repeal regulation 20.11.41 NMAC, *Authority-to-Construct*, and replace it with 20.11.41 NMAC, *Construction Permits*. As you may recall, the Division had a similar proposal in 2008 which, for a number of reasons, did not go to hearing. The draft before you is a replacement draft and is referred to as the '1st Amended Public Review Draft (PRD) for Stakeholder Review', and shows changes from the 2008 PRD. The newly proposed version and a summary of the proposed changes are available on the Division website at http://cabq.gov/airquality/regulation-development/stakeholder-review-drafts .

As a stakeholder in the preparation, adoption and implementation of this regulation, your review and input is valued. Please send your comments by August 17, 2012 via e-mail to nbutt@cabq.gov, or mail them to Neal Butt, City of Albuquerque, Environmental Health Department, P. O.
