Subject: how widespread was the fraud that Manny and his campaign committed?

Dear [REDACTED]

How widespread was the fraud that Manny and his campaign committed while trying to qualify for public financing?

It's a good question, and one the public deserves to know. *And it's a question voters like you could help us*

answer.

After we filed our ethics complaint against Manny Gonzales earlier this month for submitting fraudulent \$5 Qualifying Contributions, more and more people have come forward to tell us their stories.

Initially, a respected citizen and voter came forward to tell us that Manny himself told him he did not have to provide \$5 because Manny's campaign would take

care of it, in clear violation of the law. What may have seemed like an isolated incident back then now is beginning to look like a pattern of fraud.

This case, which we filed on behalf of the concerned voter, goes before the City's Ethics Board on Friday, July 16. We're confident our case will show that Sheriff Manny Gonzales willfully broke the law in order to qualify for \$660K in public financing.

We believe this case is also just the tip of the iceberg in terms of the fraud that will be uncovered from Sheriff Gonzales' effort to qualify for public financing. The penalty for committing fraud must be to deny his campaign public financing.

To this end, **we've set up a voter fraud hotline**, so voters like you can call us about what you may know. In many ways, Albuquerque is a small town. If you saw something, say something now. We know the intimidation is real, so if you feel better leaving your name anonymously, do that too.

Sheriff Manny Gonzales is supposed to enforce the laws, not break them. As a top law enforcement official, he's supposed to be a role model for ethical conduct. It's a shame he's not.

Thanks,
Team Tim
