INTRODUCTORY SECTION

December 13, 2024

Citizens of the City of Albuquerque, New Mexico
Honorable Mayor and Honorable members of City Council

We are pleased to submit the Annual Comprehensive Financial Report (ACFR) for the City of Albuquerque, New Mexico, for the fiscal year ended June 30, 2024. New Mexico State Statute 12-6-3, NMSA 1978 mandates that the financial affairs of the City's records be examined and audited each year by independent public accountants. Federal law also requires that a single audit be performed for federal grant funds in conformance with the provisions of the Uniform Guidance 2 CFR Part 200 along with the Single Audit Act of 1996. All information related to the uniform guidance, including the schedule of expenditures of federal awards, findings and recommendations, and the independent auditors' reports on the internal control structure and compliance with applicable laws and regulations are included in the Single Audit Information Section.

This report was prepared by the Department of Finance and Administrative Services with the assistance of other City departments. City management assumes full responsibility for the accuracy of the data presented and the completeness and fairness of presentation, including all disclosures, based upon a comprehensive framework of internal control that has been established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. CliftonLarsonAllen LLP, Certified Public Accountants, have issued an unmodified opinion on the City's ACFR for the year ended June 30, 2024. As indicated by the opinion of our independent auditors, the report fairly presents the financial position and the results of operations of the City as measured by the financial activity of its various funds. The independent auditors' report is located at the front of the Financial Section.

Management's Discussion & Analysis (MD&A) immediately follows the independent auditors' report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the City

Albuquerque, New Mexico is the economic and population hub of New Mexico. With an estimated population of 560,274 in 2023, Albuquerque ranks 32nd in population of the nation's cities and is the largest city in New Mexico with about 26.5% of the state's population. The City was founded in 1706, chartered as a town in 1885, and organized under territorial law as a city in 1891. The City became a charter city in 1917 and the voters approved a home rule amendment to the charter in 1971. In 1974, the electorate voted to establish a mayor-council form of government; the City Council consists of nine council members elected from districts. As a governmental entity, the City is not subject to Federal or State income taxes. The City provides traditional services such as public safety, culture and recreation, community services, public works, streets, storm drainage, and refuse collection. In addition, the City oversees a large network of parks and open space, operates parking facilities, a transit system, and an international airport.

The ACFR of the City includes all government activities, organizations and functions for which the City is financially accountable. The criteria used to determine financial accountability are based on, and consistent with, the pronouncements of the Governmental Accounting Standards Board which sets criteria for defining the financial reporting entity.

Summary of Local Economy

Albuquerque is the major commercial, trade, service, and financial center of the state and is increasing its prominence in the regional economy each year. The City is home to major employers with long histories in Albuquerque like Sandia National Labs and Presbyterian, as well as new masthead companies like Netflix. Albuquerque is located in the central part of the state, at the intersection of two major interstate highways, and served by both rail and air. The Albuquerque Metropolitan Statistical Area (MSA) includes Bernalillo, Sandoval, Tarrant, and Valencia Counties. The MSA has a population 922,296 as of January 2023. The largest employers in the Albuquerque area are the University of New Mexico, Albuquerque Public Schools, Sandia National Labs (SNL), Kirtland Air Force Base and the City of Albuquerque.

The Albuquerque economy has an industry composition similar to the U.S. as a whole. Manufacturing makes up a smaller part of the Albuquerque economy, and government employment makes up a larger share. New Mexico as a state is working diligently to diversify its economy away from fossil fuel reliance, and Albuquerque is the spear point of those initiatives. Through an increasing competitive edge and economic development strategies, the City has targeted industries including aerospace, applied energy, solar, film, and leisure and hospitality as areas for sustained growth. In fiscal year 2024, total non-farm employment for the City slowed somewhat from the prior year, growing 1.6% and gaining about 6,350 jobs.

	<i>Employment FY/24</i>	<i>Share of FY/24 Employment</i>	<i>Growth FY/23 to FY/24</i>	<i>Compound Annual Average FY/19- FY/24</i>
NAICS CATEGORY				
Total Nonfarm Employment (does not include military)	399.9	100%	1.6%	1.0%
Mining and Construction	27.5	6.9%	3.7%	3.0%
Manufacturing	16.9	4.2%	-0.8%	0.8%
Trade, Transportation, and Utilities	68.0	17.0%	-0.4%	1.7%
Information	5.3	1.3%	-8.5%	-4.0%
Financial Activities	18.3	4.6%	-1.5%	0.1%
Aggregate of Services	181.2	45.3%	2.3%	1.2%
Professional and Business Services	36.9	9.2%	4.5%	3.1%
Mgt. of Companies and Administration	27.9	7.0%	-2.0%	-0.8%
Educational and Health Services	66.5	16.6%	3.1%	1.8%
Leisure and Hospitality	45.2	11.3%	2.1%	0.4%
Other Services	10.2	2.6%	3.5%	0.6%
Government	77.3	19.3%	3.1%	0.1%
MILITARY	5.8	NA	2.1%	-0.1%

Additional historic economic information is presented in the statistical section of this report.

Long-term Financial Planning

As a matter of City policy, the General Fund is required to maintain an operating reserve equal to one-twelfth of the total annual appropriation level. This standard is more conservative than the State’s standard as it includes transfers and nonrecurring appropriations. Annually, the budget process begins with the development and publication of a Five-Year Forecast which estimates future revenues and expenditures for the General Fund and the general fund subsidized funds. The City’s Forecasting Advisory Committee, including experts from within and outside government, reviews the forecasts and revenue projections prepared by the City Economist. Revenues are monitored monthly and expenditures are reviewed quarterly.

The City also develops a Decade Plan that guides the Capital Implementation Program (CIP) and forms the basis for the general obligation bond program which is presented to and voted on by the public in odd-numbered years. This process allows for long-term planning for both initial construction costs as well as additional operating costs to staff, operate, and maintain new facilities required in the community.

The City is committed to performance-based budgeting which drives the development of both operating and capital budgets.

Major Initiatives

Public safety continues to be the top priority for the Administration, and the budget reflects that commitment. The City continues to shape the operating budget to support the vital work of the police, fire, community safety, and health, departments. Addressing homelessness, housing, and behavioral health challenges in our City means taking a comprehensive approach to the root causes such as substance abuse, mental health, domestic violence, and youth opportunity. The budget continues youth programming by fully funding the Head Start program and the highly successful Youth Connect suite of programming.

The fiscal year 2024 budget included historic employee pay equity adjustments that are recurring in the fiscal year 2025 budget. The follow up to the interim adjustments was a classification and compensation study of which a report with phased recommendations will be forthcoming. The multiyear phased class and compensation adjustment will continue in subsequent fiscal years.

The City's successful sustainability strategy will continue to invest in green technologies and infrastructure. In 2023, Albuquerque became the first city in the nation to sign onto the Biden Administration's Justice40 initiative that prioritizes disinvested communities for certain federal investments including climate change, clean energy, and affordable and sustainable housing. The fiscal year 2025 budget continues sustainability efforts towards achieving the goals set out in the American Climate Cities Challenge and Climate Action Plan. The budget continues the General Services and Transit departments phasing in of alternative fuel vehicles through replacement of depreciated vehicles and buses. Additionally, the General Services Department will continue citywide efforts to improve energy efficiency and carbon reduction in City buildings.

Awards and Acknowledgments

The Government Finance Officers Association (GFOA) of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Albuquerque for its ACFR for the fiscal year ended June 30, 2023. In addition, the City also received the GFOA Distinguished Budget Presentation Award for its annual appropriated budget for the fiscal year 2024.

We extend our sincere gratitude to the dedicated staff of the Department of Finance and Administrative Services, as well as the fiscal staff across city departments, for their invaluable contributions to the preparation of this report. We especially recognize the Accounting Division and its Financial Reporting Section for their painstaking administration of the City's accounting system and their instrumental role in compiling this report

Respectfully,

Kevin Sourisseau, CPA

INDEPENDENT AUDITORS' REPORT

Honorable Mayor, Members of the City Council and
Mr. Joseph M. Maestas, P.E., CFE, New Mexico State Auditor
City of Albuquerque
Albuquerque, New Mexico

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, the aggregate remaining fund information, and the budgetary comparison for the general fund of the City of Albuquerque, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the City of Albuquerque's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Albuquerque, as of June 30, 2024, and the budgetary comparison for the general fund and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Albuquerque Housing Authority, a discretely presented component unit, or the Apartments Fund, a non-major business type fund, of the City, which represent the indicated percent of total assets and total revenues as presented in the table below. Those financial statements were audited by other auditors, whose reports thereon have been furnished to us, and our opinions, insofar as it relates to the amounts included for those components, is based solely on the reports of the other auditors.

Percentage Audited by Other Auditors

<u>Government-Wide</u>	<u>Total Assets</u>	<u>Total Revenues</u>
Business-type activities	1.61%	2.06%
Aggregate discretely presented component units	100%	100%
Fund Statements		
Aggregate remaining fund information	4.52%	1.74%

Honorable Mayor, Members of the City Council and
Mr. Joseph M. Maestas, P.E., CFE, New Mexico State Auditor
City of Albuquerque

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Albuquerque and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter – Restatement

As discussed in Note IV. T to the financial statements, opening net position to the governmental activities and the discretely presented component unit were restated due to corrections of errors in the prior year. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Albuquerque's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of City of Albuquerque's internal control. Accordingly, no such opinion is expressed.

Honorable Mayor, Members of the City Council and
Mr. Joseph M. Maestas, P.E., CFE, New Mexico State Auditor
City of Albuquerque

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about City of Albuquerque's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and the schedules of the City's proportionate share of the net pension and OPEB liabilities including the City's contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Albuquerque's basic financial statements. The combining and individual fund financial statements, other supplementary schedules, as listed in the table of contents, required by 2.2.2 NMAC, and the schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS by us and other auditors. In our opinion, the combining and individual fund statements and schedules, schedules of revenues, expenditures and changes in fund balance, the schedule of expenditures of federal awards as well as the other supplementary schedules, as listed in the table of contents, required by 2.2.2 NMAC, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Honorable Mayor, Members of the City Council and
Mr. Joseph M. Maestas, P.E., CFE, New Mexico State Auditor
City of Albuquerque

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the official roster, exit conference, introductory section, and statistical section, as listed in the table of contents, but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2024, on our consideration of the City of Albuquerque's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Albuquerque's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Albuquerque's internal control over financial reporting and compliance.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2024

Management's Discussion and Analysis of the City of Albuquerque's (City) Annual Comprehensive Financial Report (ACFR) presents a narrative overview and analysis of the financial activities for the fiscal year ended June 30, 2024. Readers are encouraged to consider the information presented here in conjunction with additional information furnished in the letter of transmittal.

FINANCIAL HIGHLIGHTS

- The City's total net position increased by \$88.6 million million during the year. The assets and deferred outflows of the City exceeded its liabilities and deferred inflows at the close of the fiscal year by \$3.7 billion (net position). As of June 30, 2024, unrestricted net position totaled \$(689.0) million.
- As of June 30, 2024, the City's governmental funds reported combined ending fund balances of \$954.1 million. Of the total fund balance, \$73.4 million is available for spending at the City's discretion (sum of unassigned and assigned fund balance).
- As of June 30, 2024, fund balance of the General Fund was \$95.8 million. At the close of the current fiscal year, unassigned fund balance of the General Fund was \$26.7 million or 3.4% of the total general fund expenditures of \$781.3 million.
- Net position of the City's enterprise funds increased by \$42.0 million yielding a net position of \$836.1 million as of June 30, 2024. Additional information can be found in the business-type activities section of the management discussion and analysis.
- The City's governmental activities long-term obligations increased by \$139.5 million during the current year. The key factors in this change were an increase in the pension obligation of \$147.4 million, a decrease in the claims reserve of \$5.5 million and an increase in bonds and notes payable of \$43.7 million followed by a decrease in the total OPEB obligation of \$46.8 million.

OVERVIEW OF THE FINANCIAL STATEMENTS

The City's basic financial statements contain three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains supplementary information to the basic financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. The *statement of net position* presents information on all of the City's assets, deferred outflows of resources, liabilities, and deferred inflow of resources with the differences between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether or not the financial position of the City is improving or deteriorating. The *statement of activities* presents information showing how the City's net position changed during the fiscal year. In this statement, all changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods, such as revenues pertaining to uncollected taxes and expenses pertaining to earned, but unused vacation and sick leave.

The government-wide financial statements distinguish functions of the City that are principally supported by tax and grant revenues (governmental activities) from other functions that recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include: general government, public safety, culture and recreation, public works, health and welfare, human services, housing, and highways and streets. The business-type activities of the City include an airport, apartments, a baseball stadium, refuse disposal services, parking facilities, and a transit system.

The Albuquerque Housing Authority (AHA) is a separate public body authorized by Section 3-45-5 NMSA 1978. The AHA is reported as a component unit of the City. The AHA ACFR as of June 30, 2024 is available by contacting the Albuquerque Housing Authority at the following address: 1840 University Blvd SE, Albuquerque NM 87106. The AHA reported AHA Rio Vista LLC and AHA Rio Developer LLC as blended component units and Los Lobos Realty LLC and Rio Housing Associates LLP as discrete component units, see Note Q for additional information.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2024

Fund Financial Statements

The fund financial statements are designed to report information about groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The funds of the City are classified as: governmental funds, proprietary funds, and fiduciary funds, as described in the following sections.

Governmental funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Most of the City's basic services are reported in governmental funds. Governmental fund statements focus on sources, uses, and balances of cash and other financial assets that can readily be converted to cash and that are available for spending. Such information may be useful in determining what financial resources are available in the near future to finance the City's programs. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. The City maintains several individual governmental funds organized according to their type (special revenue, debt service, capital projects, and permanent funds). Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, General Obligation (GO) Bond Debt Service Fund, LG Abatement Fund, Operating Grants Fund, Capital Acquisition Fund, and Infrastructure Tax Fund, all of which are considered major funds. Data from the remaining governmental funds are combined into a single aggregated presentation. Individual fund data for each of the nonmajor governmental funds is provided in combining statements presented as supplementary information.

The City adopts an annual appropriated budget for the General Fund. A budgetary comparison statement for the general fund is presented in the basic financial statements section of this report. A budgetary comparison statement for the GO Bond Debt Service Fund, LG Abatement Fund, Operating Grants Fund, Capital Acquisition Fund, and Infrastructure Tax Fund are presented in the supplementary information section. In addition, the City adopts an annual appropriated budget for all nonmajor governmental funds with the exception of Marijuana Equity and Community Reinvestment Fund, The Albuquerque Foundation, Special Assessments Capital Fund, Special Assessments Debt Service Fund, Open Space Trust Fund and Urban Enhancement Trust Fund. In certain circumstances, nonmajor governmental project funds have budgets that cross multiple years. Budgetary comparison statements for those funds are also presented in the supplementary information section.

Proprietary funds – Proprietary funds are generally used to account for services for which the City charges customers, either outside customers or internal units or departments, of the City. Proprietary funds provide the same type of information as shown in the government-wide financial statements, only in more detail. The City adopts annual budgets for all proprietary funds with the exception of the Apartments Fund. The City maintains the following two types of proprietary funds:

- **Enterprise funds** – are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for the operations of the Albuquerque International Sunport Airport, Refuse Disposal, and Transit, which are considered major funds of the City. In addition, the following nonmajor funds are reported: Apartments, Parking Facilities, and Stadium.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2024

- Internal service funds – are used to report activities that provide supplies and services to other City departments and projects. These funds account for: workers' compensation, tort and other claims insurance coverage, vehicle maintenance and motor pool services, and communication services to City departments. In addition, an internal service fund accounts for the cost of providing health insurance coverage to City employees. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in combining statements reported as supplementary information.

Fiduciary funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the City. The City maintains the following two types of fiduciary funds:

- Custodial fund – The Custodial Fund is reported as a fiduciary fund. Since the resources of this fund are not available to support the City's own programs, it is not reflected in the government-wide financial statements. The accounting used for fiduciary funds is much like that used for proprietary funds.
- Trust fund – The Albuquerque Pooled Other Postemployment Benefits Fiduciary Trust Fund (Albuquerque Pooled OPEB Trust fund) has been established for the payment of nonpension postemployment benefits to retirees. The Trust Fund is used to account for resources held for the City and the ABCWUA. The City reports their allocable portion of the trust's net position.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information (RSI)

The schedule of pension and other postemployment benefit (OPEB) contributions, schedule of proportionate share of net pension and net OPEB liability, and the notes to required supplementary information related to pension and OPEB activity are presented as required supplementary information. Additional information can be found in the notes to the basic financial statements in Note L and M.

Combining Statements

The combining statements of nonmajor governmental funds, nonmajor enterprise funds, internal service funds, and fiduciary funds are presented immediately following the notes to the financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Below is a comparative analysis of government-wide data for the most recently completed fiscal year and the prior fiscal year.

	Statement of Net Position (In millions)						Total Percent Change
	Governmental Activities		Business-type Activities		Total		
	2024	2023	2024	2023	2024	2023	
Assets:							
Current and other assets	\$ 1,353.9	\$ 1,322.0	\$ 333.5	\$ 322.2	\$ 1,687.4	\$ 1,644.2	
Capital assets	3,702.9	3,620.9	774.0	730.9	4,476.9	4,351.8	
Total assets	<u>5,056.8</u>	<u>4,942.9</u>	<u>1,107.5</u>	<u>1,053.1</u>	<u>6,164.3</u>	<u>5,996.0</u>	2.8 %
Deferred outflows of resources	<u>233.9</u>	<u>159.5</u>	<u>31.4</u>	<u>21.5</u>	<u>265.2</u>	<u>181.0</u>	46.5 %
Liabilities:							
Long-term liabilities	1,930.2	1,790.7	198.2	173.6	2,128.4	1,964.3	
Other liabilities	319.5	307.0	41.2	33.4	360.7	340.4	
Total liabilities	<u>2,249.7</u>	<u>2,097.7</u>	<u>239.4</u>	<u>207.0</u>	<u>2,489.1</u>	<u>2,304.7</u>	8.0 %
Deferred inflows of resources	<u>145.6</u>	<u>156.0</u>	<u>63.3</u>	<u>73.4</u>	<u>208.9</u>	<u>229.4</u>	(8.9)%
Net position:							
Net investment in capital assets	3,108.3	3,043.9	723.7	672.8	3,831.9	3,716.7	
Restricted	473.6	487.8	115.0	131.0	588.5	618.8	
Unrestricted	(686.5)	(682.9)	(2.5)	(9.7)	(689.0)	(692.6)	
Total net position	<u>\$ 2,895.4</u>	<u>\$ 2,848.8</u>	<u>\$ 836.2</u>	<u>\$ 794.1</u>	<u>\$ 3,731.5</u>	<u>\$ 3,642.9</u>	2.4 %

The City's assets exceeded liabilities by \$3.7 billion at the close of the year. The City's net position reflects a net investment in capital assets (i.e. land, buildings, infrastructure, and equipment less any related outstanding debt used to acquire these assets) of \$3.8 billion. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

Although the City's investment in its capital assets is reported net of related debt, resources needed to pay this debt must come from other sources since capital assets cannot be liquidated for these liabilities. Restricted net position in the amount of \$588.5 million represents resources that are subject to external restrictions on how they may be used. Unrestricted net position was affected by the implementation of GASB 68 and GASB 75, which required state and local governments to report the liabilities associated with pensions and OPEB. It could result in available balances creating negative unrestricted net position.

The City's net position increased by \$88.6 million during the current fiscal year. The increase in net position is explained in the governmental and business-type activities discussion.

Governmental Revenue by Source

*Zero Data, Grants, Investments, Other

Governmental Expenditures by Function

Governmental activities – Governmental activities increased the City's net position by \$46.6 million. Governmental activities revenue increased by \$24.0 million or 2.0% from \$1,215.0 million in fiscal year 2023 to \$1,239.0 million in fiscal year 2024. Key elements in the change of the City's governmental activities revenues and expenditures are as follows:

- Gross receipts tax (GRT) revenue and state shared taxes and fees, which together account for approximately 53.1% of the City's governmental activities revenue, increased by \$16.3 million, from \$641.3 million to \$657.6 million, or by 2.5% from prior year.

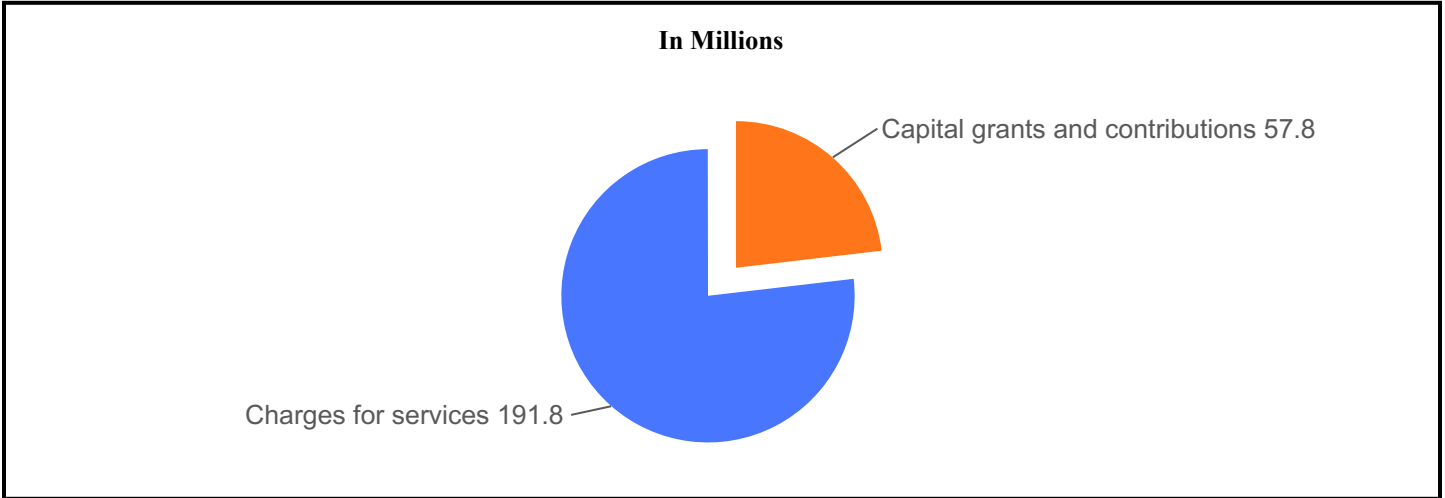

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2024

- Property taxes, which account for approximately 15.1% of the City's governmental activities revenues, increased by \$10.1 million from \$176.6 million in fiscal year 2023 to \$186.7 million.
- Program revenues, totaling \$276.0 million, decreased by \$21.7 million compared to fiscal year 2023. Charges for services increased by \$5.1 million primarily due to the recovery from the COVID19 pandemic. Operating and capital grants and contributions increased by \$61.9 million due to increased efforts to secure grants for the City.
- Grants, investments, and other revenues increased to \$19.3 million mainly due to the favorable economic conditions in 2024 and the resulting investment income.
- Other taxes such as franchise, hospitality, lodgers', and payments in lieu of taxes (PILOT) remained steady at \$55.2 million in fiscal year 2023 to fiscal year 2024. More detail comparison of other taxes can be found on Schedule 3 in the Statistical Section of this report.
- Governmental activities expenditures increased by \$49.9 million from \$1,091.7 million in fiscal year 2023 to \$1,141.6 million in fiscal year 2024. Expense generally increased across all purposes due to an increase in grant funding and the current economic conditions (e.g. inflation).

Business-type Activities Expenses

CITY OF ALBUQUERQUE, NEW MEXICO MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2024

Business-type activities – Business-type activities decreased the City's net position by \$9.0 million in fiscal year 2024 before transfers of \$51.0 million. Business-type activities revenues increased \$38.0 million from \$224.2 million in fiscal year 2023 to \$262.2 million in fiscal year 2024, or by 16.9%. Charges for services increased by \$6.6 million, capital grants and contributions increased by \$25.0 million to \$57.8 million and grants, investment income and other increased by \$6.4 million to \$12.6 million. Key factors for the changes in the business-type activities net position and revenues are explained below:

- The Airport Fund had an increase in net position of \$22.0 million in fiscal year 2024. The charges for services increased from \$62.8 million in fiscal year 2023 to \$71.0 million in fiscal year 2024 due to changes in rental contracts. Passenger facilities charges (PFCs) increased from \$9.4 million in fiscal year 2023 to \$10.1 million in fiscal year 2024. Operating expenses increased from \$62.9 million in fiscal year 2023 to \$83.3 million in fiscal year 2024, and capital contributions decreased from \$29.9 million in fiscal year 2023 to \$15.9 million in fiscal year 2024. The expenditure increase was primarily due to an increase in salaries and contractual services of the airport.
- The Refuse Disposal Fund had a decrease in net position of \$6.9 million in fiscal year 2024. Charges for services increased by \$0.1 million. Total operating expenses increased by \$23.9 million caused primarily by an increase in salaries and benefits expense.
- The Transit Fund had an increase in net position of \$26.7 million in fiscal year 2024. Charges for services decreased slightly from \$8.7 million in fiscal year 2023 to \$8.2 million in fiscal year 2024. This was due to an increase in revenue from another governmental agency. Operating expenses decreased by \$14.8 million from \$61.6 million in 2023 to \$76.4 million in 2024. the primary cause for the increase to net position is an increase of transfers in from other funds.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

Governmental funds – The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of resources that are available for spending. Such information is useful in assessing the City's financing requirements. In particular, assigned and unassigned fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. At the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$954.1 million, an increase of \$22.9 million in comparison with the prior year. Of the total balance at year-end, \$773 million is restricted fund balance which primarily consists of funds reserved for capital projects and improvements and \$19.9 million is nonspendable, which relates to permanent fund cash and cash equivalents.

Revenues of governmental funds overall totaled approximately \$1,227.9 million in the fiscal year ended June 30, 2024, which represents an increase of \$84.0 million from the previous year total of \$1,144.0 million. The primary reasons are as follows: GRT revenue increased by \$9.0 million, state shared tax revenue increased by \$7.3 million and grants, investment income and other increased by \$19.3 million. Total expenditures for the year increased as well driven primarily by inflation and increased hiring in a effort to reach pre-pandemic employment levels.

General Fund – This fund is the City's chief operating fund. At the end of the current fiscal year, the total unassigned fund balance was \$26.7 million. The net change in fund balance for the current fiscal year was a decrease of \$71.7 million. The total revenues of \$787.6 million for the current fiscal year was an increase of \$21.7 million from the previous fiscal year. The overall increase in revenue is attributed primarily to an increase in GRT and state shared taxes of \$12.2 million. Total expenditures of \$781.3 million represents an increase of \$82.6 million from the previous year. Increases in expenditures were attributed to an increase in public safety of \$65.0 million, an increase in culture and recreation of \$2.9 million and an increase in human services of \$7.7 million. Increases in expenditures are driven primarily by inflation and increased hiring in an effort to expand public safety positions and reach pre-pandemic employment levels. Please refer to the General Fund budgetary highlights for an analysis with respect to budgets.

General Obligation Bond Debt Service Fund – This fund is used to accumulate resources for the repayment of the City's GO bonds. GO bonds are backed by the full faith and credit of the City and may be used to finance any capital improvement approved by the voters. GO bonds may be redeemed by any regular City funding but, by policy, are generally redeemed by property taxes paid to the City. Fund balance in the City's General Obligation Bond Debt Service Fund increased by \$2.1 million in fiscal year 2024 driven primarily by an increase in property tax revenue, which grew as a result of an average increase of approximately 6% in the taxable property values, driven by increased local real estate market values in line with overall economic conditions in the US.

LG Abatement Fund - The determining factor in the LG Abatement Fund qualifying as a major fund in fiscal year 2024 was assets. The funds assets at June 30, 2024 totaled \$76.4 million and consist of the following; cash and investments \$27.8 million and accounts receivable \$48.6 million. The large accounts receivable balance is attributed to multiple settlement agreements with various entities (i.e. Wal-Mart, Walgreens, etc) for opioid abatement, which restrict the use of the funds to certain purposes.

**CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS**

JUNE 30, 2024

Operating Grants Fund - The ending balances at June 30, 2024 were the following; assets \$47.7 million, liabilities \$39.8 million, revenues \$53.5 million and expenditures \$61.0 million. The determining factor as a major fund was revenues, which included \$25.3 million in federal grants and \$26.1 million in state and other grants. With the winding down of CARES Act and ARPA funding the fund potentially may no longer qualify as a major fund in the future.

Capital Acquisition Fund – This fund is used to accumulate resources for the acquisition of capital. Capital is defined as tangible property with a life beyond a one year budget cycle. Land, infrastructure, equipment, buildings as well as the services required to build or install these assets may be classified as capital. The Capital Acquisition Fund is primarily funded by bond proceeds, but recurring and non-recurring revenue may be used. Major capital improvements for the City are funded primarily with general obligation and enterprise fund revenue bonds. In many cases, these bond funds are matched with federal and/or state contributions and private assessments. During fiscal year 2024, the Capital Acquisition Fund balance increased by \$52.4 million from \$421.0 million in fiscal year 2023 to \$473.3 million in fiscal year 2024. The increase in fund balance is attributed primarily to the \$126.9 million issuance of bonds.

Infrastructure Tax Fund - The ending balances at June 30, 2024 were the following: assets \$123.4 million, liabilities \$9.0 million, revenues \$62.5 million and expenditures \$28.8 million. Fund balance increased by \$6.9 million for 2024 primarily due to an increase in GRT revenue.

Enterprise Funds – The City's enterprise funds provide the same type of information presented in the government-wide financial statements business-type activities, but in more detail. Unrestricted net position was previously affected by the implementation of the pension and OPEB standards. At the end of fiscal year 2024, the unrestricted net position (in millions) is as follows:

Airport Fund	\$	48.3
Refuse Disposal Fund		(38.6)
Transit Fund		(15.0)
Nonmajor enterprise funds		2.8
Total	\$	(2.5)

Internal Service Funds – Internal service funds are used to account for certain governmental activities and had an unrestricted net position (deficit) of \$(3.7) million in fiscal year 2024 as compared to \$(18.8) million in fiscal year 2023. Unrestricted net position in internal service funds increased due to the the increase in charges for services and investment income.

Fiduciary Funds – There are two types of fiduciary funds the City uses to account for resources held for the benefit of others. The City's Custodial fund is used by the City to account for funds held for third parties. The Albuquerque Pooled OPEB Trust Fund is used by the City and the ABCWUA to account for funds held in an irrevocable trust for the other postemployment benefits relating to life insurance benefits for retirees. The Albuquerque Pooled OPEB Trust Plan issues a separate report that can be obtained from the DFAS Accounting Division at: PO Box 1293, Room 8010, 8th floor, Albuquerque NM 87103.

Budgetary Highlights – The fiscal year 2024 approved operating budget was \$1,371.2 million after interfund eliminations. The General Fund portion was \$826.7 million. The fiscal year 2024 budget was (4.1%) or \$58.4 million below the fiscal year 2023 estimated actual. GRT, as measured by the state shared distribution, is expected to grow by 2.1%, which reflects continued economic recovery, local increments on internet sales and the lingering impacts of persistent inflation. Total fiscal year 2025 GRT is expected to grow 1.8%, largely due to loss of hold harmless payments.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2024

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets – The City's capital assets of governmental and business-type activities as of June 30, 2024, total \$4.48 billion, net of accumulated depreciation. The increase in capital assets in the current fiscal year was \$124.9 million or 2.9%. Additional information pertaining to capital assets can be found in the notes to the financial statements in note C.

Capital assets are summarized as follows (in millions):

	Governmental Activities		Business-type Activities		Total	
	2024	2023	2024	2023	2024	2023
Land	\$ 358.0	\$ 351.6	\$ 63.3	\$ 63.3	\$ 421.3	\$ 414.9

Infrastructure	1,179.0	1,207.9	109.6	113.4	1,288.6	1,321.3
Construction in progress	234.0	126.7	105.6	56.6	339.6	183.3
Total	<u>\$ 3,702.7</u>	<u>\$ 3,621.0</u>	<u>\$ 774.1</u>	<u>\$ 730.9</u>	<u>\$ 4,476.8</u>	<u>\$ 4,351.9</u>

Governmental activities - In fiscal year 2024, capital assets increased by \$81.7 million after the recording of depreciation. The increase primarily comes from land, buildings, and construction in progress.

Business-type activities – In fiscal year 2024, business-type activities increased capital assets by \$43.2 million after the recording of depreciation. The increase primarily comes from equipment and construction in progress.

Lessee

The City is a lessee for noncancellable leases of equipment, buildings and SBITA. The City recognizes a lease liability and an intangible right-to-use lease asset in the applicable governmental or business-type activities in the government-wide and in the proprietary fund financial statements. The City recognizes lease liabilities with an initial, individual value that meets or exceeds the current capitalization policy.

Lessor

The City is a lessor for noncancellable leases of buildings and land. The City recognizes a lease receivable and a deferred inflow of resources in the applicable governmental activities or business-type activities in the government-wide and in the governmental and proprietary fund financial statements.

Debt Administration – At the end of the current fiscal year, the City's governmental activities had a total of \$1.9 billion in long-term obligations. Total bonded debt is \$791.9 million. Net pension liability increased by \$147.4 million in 2024 to \$904.9 million. The net OPEB obligation decreased by \$46.8 million. The remaining debt is for loans, accrued vacation and sick leave pay, and claims payable. For more detail on debt administration refer to footnote G. Long-Term Obligations.

**CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS**

JUNE 30, 2024

The ratings on the City's uninsured General Obligation Bonds and Gross Receipts Tax Bonds for fiscal year 2024 are as follows:

Credit	Bond Ratings	
	S & P	Fitch
General Obligation Bonds	AAA	AA
Gross Receipts Tax Revenue Bonds	AAA	AA
Airport Revenue Bonds	A+	Not rated
Refuse Removal & Disposal Revenue Bonds	AA	Not rated

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The City's gross receipts tax (GRT) is greatly impacted by the underlying growth in the local and national economy.

In fiscal year 2024, GRT represented 71.2% of the total General Fund revenues.

Albuquerque GRT revenues increased in 2024 by \$12.4 million over fiscal year 2023, reflecting continued strong employment and consumer demand despite higher interest rates and inflationary pressures.

Expected GRT growth (based on the State Shared 1.225%) for fiscal year 2025 is 2.1%, with total GRT growing at 1.8%, slightly lower than expectations.

Total General Fund revenue for fiscal year 2025 is expected to grow 5.3% over fiscal year 2024, or about \$41.7 million. However, final fiscal year 2024 revenues will impact expectations for fiscal year 2025, which will be revised at the Five-Year Forecast.

CITY OF ALBUQUERQUE, NEW MEXICO
RECONCILIATION OF THE BALANCE SHEET - GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
JUNE 30, 2024

Total fund balances of governmental funds	\$	954,065,602
Capital assets in governmental activities are not current financial resources and therefore are not reported in the funds (excluding internal service assets).		3,702,340,231
Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds (Note II.A).		(1,909,903,709)
Internal service funds are used by the City to charge the cost of these funds to their primary users - governmental and enterprise funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.		(4,574,248)
Deferred outflows of resources are not current financial resources and therefore are not reported in the funds. Deferred outflows are related to gain/loss on refunding, pensions and OPEB (NOTE II.A).		233,859,177
Deferred inflows related to taxes receivable, special assessments, opioid settlements and developer loans are reported in the funds but not in governmental activities in the statement of net position. Deferred inflows related to pensions and OPEB are not available to pay for current period expenditures and therefore are not reported in the funds (Note II.A).		(80,407,372)
		(80,407,372)
Net position of governmental activities	\$	2,895,379,681

CITY OF ALBUQUERQUE, NEW MEXICO
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES -
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2024

Net change in fund balances - total governmental funds	\$	22,949,353
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of capital assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation expense in the current period (Note II.B).		82,760,797
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on the statement of activities. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items (Note II.B).		(33,100,615)
Internal service funds are used by the City to charge their cost to individual funds. The net revenue (expense) of internal service funds is reported within governmental activities.		14,790,351
Taxes earned during the fiscal year but received more than sixty days after the end of the fiscal year as well as developer loans, opioid settlements, leases and special assessments are reported as deferred inflows in the funds but in the statement of activities they are reported		(19,212,547)
The change in liability for compensated absences that is reported as an expense in the statement of activities does not require the use of current financial resources and therefore is not reported as expenditures in governmental funds.		(4,510,943)
The changes in the City OPEB and pension liabilities, which are reported as expenses in the statement of activities, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds (Note II.B).		<u>(17,068,936)</u>
Change in net position of governmental activities	<u>\$</u>	<u><u>46,607,460</u></u>

The financial statements of the City of Albuquerque, New Mexico (City) and its component unit have been prepared in conformity with generally accepted accounting principles as applied to governmental entities.

A. Reporting entity

The City of Albuquerque was founded in 1706, chartered as a town in 1885, and organized under territorial law as a city in 1891. The City became a charter city in 1917 and the voters approved a home rule amendment to the charter in 1971. In 1974, the electorate voted to establish a mayor-council form of government; the City Council consists of nine council members elected from districts. As a governmental entity, the City is not subject to federal or state income taxes.

The accompanying financial statements present the City's primary government (funds, programs, and departments). A primary government may be financially accountable for legally separate organizations if its elected officials appoint a voting majority of an organization's governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

The Albuquerque Housing Authority (AHA) is a separate public body authorized by Section 3-45-5 NMSA 1978. The AHA is discretely presented in the component unit column of the government-wide financial statements. The City's Mayor has the power to appoint the members of AHA's governing board and to rescind AHA's power to operate as a public housing authority; therefore, the City has the potential to impose its will. The AHA, however, poses no financial benefit or burden to the City. AHA reports two blended component units made up of housing development partners. Information about the blended component units of the AHA can be found in Note IV.Q. Audited financial statements for AHA may be requested by contacting AHA at the following address: 1840 University Blvd SE, Albuquerque NM 87106.

The Albuquerque Foundation (TAF) is a separate public body and is presented as a blended component unit in the fund financial statements. The City's Mayor has the power to appoint the members of TAF's governing board; therefore, the City has the potential to impose its will. Additionally, the services provided by TAF exclusively, or nearly exclusively, benefit the City of Albuquerque.

B. Government-wide and fund financial statements

The government-wide financial statements which include the statement of net position and statement of activities, report information on all non-fiduciary activities of the City and its component unit. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities which rely on fees and charges to external parties.

The statement of net position reports all of the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference being presented as net position.

The statement of activities demonstrates the degree to which the direct expenses of a given function or business-type activity is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given program; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds (even though fiduciary funds are excluded from government-wide financial statements). Major governmental funds and major enterprise funds are reported as separate columns in the fund financial statements. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2024

I. Summary of Significant Accounting Policies

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. The Custodial Fund is reported on the accrual basis of accounting and is also reported using the economic resources measurement focus. Under accrual accounting, revenues are recorded when earned and expenses are recorded when liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions in which the City gives or receives value without directly receiving or giving equal value in exchange include taxes, grants, entitlements, and donations. On the accrual basis, tax revenue is recognized in the fiscal year for which the taxes are earned or levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers revenues to be available if they are collected in the current period or within thirty days following the year end. Beginning July 1, 2019, the City changed its revenue recognition policy and consider tax revenues earned in the reported fiscal year as available when they are received within sixty days after year end, replacing the current policy of thirty day availability. Governmental funds report expenditures when the related fund liability is incurred, however, expenditures for compensated absences and claims and judgments are recognized only when payment is due. Capital asset acquisitions are reported as capital outlay expenditures in governmental funds and proceeds of long-term debt are reported as other financing sources.

Property taxes, gross receipts taxes, motor vehicle taxes, franchise taxes, licenses, and interest earned in the current fiscal period are all considered to be susceptible to accrual. Gross receipts tax revenue is earned when the underlying exchange transaction takes place. A small portion of the gross receipts tax revenue is derived from an estimate of delinquent taxes not yet collected and available. Only the portion of special assessments receivable due in the current fiscal period is considered to be susceptible to accrual. Grant revenue is considered available if it is expected to be collected within one year and all eligibility requirements have been met. Other revenue items are considered to be measurable and available only when cash is received by the City.

The allocation of indirect expenses on the statement of activities is based on the relative usage by the function or program of services rendered by the general government such as finance and accounting, information services, treasury, budget, and legal.

The City reports the following major governmental funds:

General Fund – This fund is the City’s primary operating fund and is used to account for the financial resources of the City, except those accounted for in another fund.

General Obligation Bond (GO) Debt Service Fund – This fund accounts for the money set aside for the payment of principal and interest of general obligation bonds. The principal source of revenue is property taxes.

LG Abatement Fund – This fund accounts for various settlements with pharmaceutical companies (i.e. pharmacies and manufacturers) for opioid abatement. The use of resources in this fund is restricted to specified purposes by the settlement agreements.

Operating Grants Fund – This fund accounts for various grants from federal and state agencies and other sources which are restricted by the granting agency to expenditures for specified purposes.

Capital Acquisition Projects Fund – This fund accounts for the financing of capital projects from the sale of general obligation and revenue bonds, miscellaneous revenues and various grants.

Infrastructure Tax Fund – This fund accounts for the financing of capital projects financed by the municipal infrastructure gross receipts tax, grants, and other miscellaneous revenue.

The City reports the following major enterprise funds:

Airport Fund – This fund accounts for the activities of the Albuquerque International Sunport commercial airport.

Refuse Disposal Fund – This fund accounts for the general operations of providing trash collection, recycling and graffiti removal.

Transit Fund – This fund accounts for the operations of the City’s ABQ Ride bus and Sun Van paratransit system.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024

I. Summary of Significant Accounting Policies

C. Measurement focus, basis of accounting, and financial statement presentation

Additionally, the City reports the following fund types:

Special Revenue Funds – To account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

Debt Service Funds – To account for the accumulation of resources for, and the payment of, general and special assessment long-term principal, interest, and related costs.

Capital Projects Funds – To account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by proprietary funds.

Enterprise Funds – To account for resources, generally through services, for which the City charges. These funds report on the full accrual basis of accounting.

Permanent Funds – To account for resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support specific programs.

Internal Service Funds – These funds account for inventory warehousing and issues, vehicle maintenance and motor pool services; workers' compensation, tort and other claims; and communication services to City departments. In addition, these funds provide health insurance coverage to City employees.

Fiduciary Funds – The City accounts for two types of fiduciary funds. The Custodial Fund is used to report resources held for other parties outside the City. The Albuquerque Pooled Other Postemployment Benefits Fiduciary Trust (Albuquerque Pooled Trust) has been established for the payment of non-pension postemployment benefits to retirees.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions are charges for risk management and various other functions. Elimination of these charges would distort the direct costs and revenues reported for the various functions.

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services, or privileges provided; 2) operating grants and contributions; and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating revenues and expenses. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operations. Principal operating revenues, such as charges for services, result from exchange transactions in which each party receives and gives up essentially equal values. Operating expenses include the cost of services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues or expenses, these include operating subsidies, investment earnings, interest expense, and transactions that result from non-exchange transactions or ancillary activities.

D. Assets, deferred outflows, liabilities, deferred inflows, and net position/fund balance

1. Deposits and investments

A significant portion of the cash and investments of City funds is pooled for investment purposes under the provisions of City ordinance and investment policy. The policy states that the City shall invest cash balances over the anticipated amount needed to meet operating requirements. Investments are recorded at fair value. The balance reported for each participating fund as "Cash and investments" represents the equity of that fund in the pooled cash, investments, and accrued interest. Interest income from pooled investments is allocated to the participating funds based on average daily balances.

The investment policy states that the City will not commit any funds invested in the pool to maturities longer than seven years from the date of purchase. Where applicable based on the investment type, funds are invested on the basis of a minimum of three bids and/or offers. Certificates of deposit are based on competitive rates for specified maturities. All investments are valued at quoted market.

The following categories of investments are specifically authorized by State Statute and the City's policy:

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024

I. Summary of Significant Accounting Policies

D. Assets, deferred outflows, liabilities, deferred inflows, and net position/fund balance

1. Deposits and investments

Bank deposits – collateralized at 50% or greater of value by U.S. Treasury and Agency securities

Repurchase agreements – secured by collateral, which is delivered to a third-party safekeeping institution, with a market value at least 102% of the value of the agreement

U.S. Treasury obligations – bills, notes, and bonds and obligations of certain federal agencies

Municipal bonds – bonds issued by various municipalities

Fixed-income mutual funds or exchange-traded funds (ETFs) – through a diversified investment company registered pursuant to the federal Investment Company Act of 1940, provided the investment company or manager has total assets under management of at least \$100 million and provided the instrument passively tracks the performance of major fixed income index

Investment pools offered by the State Investment Council (SIC) – investment pools that are available for investment by the City

2. Receivables

Lending and borrowing arrangements between funds that are expected to be paid back within a year are referred to as “due to/from other funds.” Lending/borrowing arrangements not expected to be paid back within a year are referred to as “advances to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the governmental-wide financial statements as “internal balances.” Advances between funds, as reported in the fund financial statements, are offset by a fund balance nonspendable account in applicable governmental funds to indicate that they are not available for appropriation and are nonspendable available financial resources.

Proprietary fund receivables are recorded as revenue when earned, including services rendered but not billed. Proprietary fund receivables include residential and commercial customers refuse services billing, consignments of bus tokens for transit services, rental fees from commercial customers at the airport and baseball stadium, and tenant rental fees for City Housing services. The allowance for doubtful accounts is based on management’s assessment of the collectibility of specific customer accounts, the aging of the accounts receivables, and historical experience. All property tax receivables are shown net of an allowance for uncollectibles.

3. Inventories and prepaid items

Generally, proprietary funds value inventory at cost or average cost and expense supply inventory as it is consumed. This is referred to as the consumption method of inventory accounting. The inventories in the general fund consist of fuel, vehicle parts, and fluids. The governmental fund types use the purchase method to account for supply inventories valued at average cost, which are not material. This method records items as expenditures when they are acquired. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

4. Land held for resale

Land held for resale consists primarily of approximately 3,000 acres located throughout the State of New Mexico obtained by trade with the federal government in July 1982, as part of the open space trust permanent fund. Upon resale of these properties, a portion of any gain, as defined in an agreement, is payable to a third party. Other land was obtained through foreclosure proceedings required by special assessment bond ordinances. The land held for resale is valued at the lower of cost or market value, based on appraisals or determined using the county assessor values recorded annually.

For the government-wide financial statements, the City recognizes income on real estate sales by recording the entire gross profit on sales that meet the requirements for the accrual method. Transactions that do not meet the requirements for the accrual method are recorded using the deposit method or installment method until the requirements for the accrual method are met. Under the deposit method, cash received is recorded as a deposit. Under the installment method, the City records the entire contract price and the related costs at the time the transaction is recognized as a sale, but the gross profit is deferred and recognized as payments are received on the related contract receivable. In the financial statements for the governmental funds, the City recognizes income from the sale of real estate when the principal on mortgage contracts are collected. At the time of the sale, the principal on the real estate contracts are recorded as unearned revenue.

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2024

I. Summary of Significant Accounting Policies

D. Assets, deferred outflows, liabilities, deferred inflows, and net position/fund balance

5. Capital assets

Capital assets, which include land, land improvements, buildings, improvements, machinery and equipment, construction in progress, rights of way, and infrastructure assets are reported in the applicable governmental or business-type activity columns of the government-wide financial statements. The City defines capital assets as assets with an estimated useful life in excess of one year and an initial, individual cost of more than \$5,000 for movable chattels and equipment (Section 12-6-10 NMSA 1978). Software assets are recorded in compliance with the provisions of GASB 51. See the table below for the capitalization thresholds of assets by category. Right-to-use assets follow the capitalization threshold for the applicable asset category, i.e. right-to-use buildings capitalization threshold follows that of buildings and right-to-use subscription based information technology arrangements (SBITA) follows that of software. Capital assets, with the exception of those arising as a result of a lease or SBITA, are recorded at historical cost or estimated historical cost. SBITA assets are initially measured as the sum of present value of payments expected to be made during the subscription term, payments associated with the SBITA contract made to the vendor at the subscription commencement, when applicable, and capitalizable implementation costs; less any vendor incentives received at the commencement of the SBITA term. The SBITA asset is amortized on a straight-line basis over the shorter of subscription term or the underlying asset's useful life. For more detail on right-to-use assets arising from lease agreements, see note 6 on leases. Lastly, software is capitalized when acquired; library books are not capitalized because the aggregated cost of books is immaterial. The cost of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized. Donated capital assets and assets received in a service concession agreement are recorded at acquisition value as of the date of donation.

In accordance with the provisions of GASB 34, works of art and historical treasures are not capitalized because those are: 1) held for public exhibition rather than for financial gain; 2) protected, kept unencumbered, cared for, and preserved; and 3) all proceeds from the sale of collection items are required to be used to acquire other items for collections.

Capital outlay is recorded as expenditures of the General Fund, special revenue and capital projects funds and as assets in the government-wide financial statements to the extent that the City's capitalization threshold is met.

Infrastructure assets consist of the street and storm networks. The street network includes: landscaped medians, roadways, right of ways, bridges, signals, beacons, trails, and trail bridges. The storm network includes: easements, drainage pipes, lift stations, bridges, dams, detention basins right of ways, and arroyo easements right of ways. Streetlights managed by the local electric utility, sidewalks, traffic signs, dirt and milling roads are not considered infrastructure.

Buildings, improvements, infrastructure, and machinery and equipment are depreciated using the straight-line method over the following estimated useful lives:

	<u>Estimated life</u>	<u>Capitalization threshold</u>
Buildings	40 years	\$ 100,000
Building improvements	40 years	\$ 100,000
Runways	25 years	\$ 50,000
Infrastructure - storm	50 years	\$ 100,000
Infrastructure - streets	35 years	\$ 100,000
Land improvements	25 years	\$ 50,000
Machinery and equipment	3-15 years	\$ 5,000
Software	5 years	\$ 10,000

6. Leases

Lessee

The City is a lessee for noncancellable leases of equipment and buildings. The City recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the applicable governmental activities or business-type activities in the government-wide and in the proprietary fund financial statements. The City recognizes lease liabilities with an initial, individual value that meets or exceeds the current capitalization policy.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024

I. Summary of Significant Accounting Policies

D. Assets, deferred outflows, liabilities, deferred inflows, and net position/fund balance

At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the City determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease.
- Lease payments included in the measurement of the lease liability are composed of fixed payments and the purchase option price that the City is reasonably certain to exercise.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

Lessor

The City is a lessor for noncancellable leases of buildings and land. The City recognizes a lease receivable and a deferred inflow of resources in the applicable governmental activities or business-type activities in the government-wide and in the governmental and proprietary fund financial statements.

At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the City determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The City uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease.
- Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

7. *Deferred outflows of resources and deferred inflows of resources*

A deferred outflow of resources represents a consumption of net assets by the City that applies to a future reporting period and a deferred inflow of resources represents an acquisition of net assets by the City that is applicable to a future reporting period. Both deferred outflows and inflows are reported in the statement of net position, but are not recognized in the fund financial statements as expenses or revenues until the period(s) to which they relate. Under the modified accrual basis of accounting, revenue and other financial resources are recognized in the period in which they become both measurable and available. Assets recorded in the fund financial statements for which the revenues are not available are reported as a deferred inflow of resources. For governmental funds, deferred inflows of resources are comprised of taxes receivable, special assessments, and developer loans. These deferred inflows of resources have been recognized as revenue in the government-wide statements. For proprietary funds and the governmental activities, deferred outflows and inflows are primarily the result of pension and OPEB activity. Deferred outflows of resources also consists of

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024

I. Summary of Significant Accounting Policies

D. Assets, deferred outflows, liabilities, deferred inflows, and net position/fund balance

deferred gains or losses on refunded debt. These costs are amortized over the remaining maturity period of the related bond issues under the effective interest method.

8. Risk management

Risk management activities are reported in the City's Risk Management Fund, an internal service fund. Liabilities for workers' compensation, tort and other claims as of June 30, 2024, are accrued using managements' estimates of probable outcome of claims filed against the City, as well as an estimate of claims incurred, but not reported. Revenues consist primarily of charges to other funds, the amounts of which approximate the cost of claims and other risk management costs arising from the activities of those funds.

The City has also established a Group Self Insurance Fund, an internal service fund to record the liabilities associated with administering the health insurance and prescription benefits plans. As of June 30, 2024 the fund reports actual claims as well as an estimate for claims deemed to be incurred but not reported by a qualified actuary. Revenues in the fund consist primarily of charges to other funds for premium costs as well as billed premium amounts to outside entities participating in the City's benefits programs. Premium amounts are established to approximate the cost of claims costs that arise from the administration of the health and prescription benefit plans.

9. Compensated absences

Subject to specific limits, employees accumulate vacation pay that is payable upon termination or retirement. For governmental funds, expenditures are recognized during the period in which vacation costs become payable from available expendable resources. A liability for amounts earned but not payable from available expendable resources is reported in the government-wide financial statements. For proprietary funds, vacation costs are recognized as a liability when incurred.

City employees also accumulate specified amounts of sick leave that are payable to the employee upon termination or retirement. For governmental funds, expenditures are recognized during the period in which sick leave costs become payable from available, expendable resources. A liability for vested amounts, due to employees meeting the termination or retirement requirements, but not payable from available, expendable resources is reported in the government-wide financial statements. For proprietary funds, accumulated sick leave pay is recognized when vested or taken whichever occurs first.

10. Unearned revenue

Unearned revenues reflect amounts that have been received before the City has a legal claim to the funds. In subsequent periods, when revenue recognition criteria are met, or when the City has a legal claim to the resources, the unearned revenue is removed from the statement of net position/balance sheet and revenue is recognized.

11. Special assessments

Special assessment receivables are recorded upon approval of the assessment roll by the City Council, and the related revenues, interest, and penalties are recognized when due. City participation revenues are recorded at the time of receipt.

12. Long-term obligations

Long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statements of net position. Long-term obligations used to finance proprietary fund capital acquisitions and payable from revenue of proprietary funds are recorded in the applicable proprietary fund. Long-term obligations of governmental funds payable from general revenues of the City and special assessment levies are reported in the government-wide financial statements.

Bond premiums and discounts are deferred and amortized over the life of the bonds, using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs, whether or not withheld from the actual debt proceeds received, are recognized as debt service expenditures when incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2024

I. Summary of Significant Accounting Policies

D. Assets, deferred outflows, liabilities, deferred inflows, and net position/fund balance

13. Net position

The government-wide and proprietary fund net position is categorized as follows:

Net investment in capital assets – This category reflects the portion of net position that is associated with capital assets less outstanding capital asset related debt.

Restricted net position – Restricted net position results from constraints placed on the use of net position when externally imposed by creditors, grantors, laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. Net position is restricted for debt service, construction, housing and economic development, federal and state funded programs, and open space and urban enhancement. The non-expendable portion relates to the principal of the permanent funds that are to be retained intact. The expendable portion includes fund balances related to the investment earnings available to carry out the goals of the permanent funds. The government-wide statement of net position reports \$588,526,499 of restricted net position.

Unrestricted net position – This category reflects the net position of the City not restricted for any project or other purpose.

14. Fund balance

Fund balances are reported in classifications comprising a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The accompanying financial statements report the following categories of fund balance: nonspendable, restricted, committed, assigned, and unassigned.

Nonspendable fund balance – includes amounts that cannot be spent because they are not in spendable form or funds contractually required to be retained intact, advances between funds, prepaid expenses, long-term receivables, land held for resale, and the principal portion of permanent funds because these items are not yet spendable.

Restricted fund balance – is constrained externally by creditors, grantors, contributors, laws or regulations of other governments, or imposed by law through enabling legislation. Restricted fund balances are associated with various purposes, including public safety, culture and recreation, human services, and debt service. The majority of the restricted funds are restricted for street development and improvement, infrastructure upgrades, and storm drains and channels. Culture and recreation is restricted for parks, library development and improvements, and senior and community center developments. Public safety includes funds restricted for fire apparatus replacement and police vehicle replacements.

Committed fund balance – includes amounts that can be used for specific purposes pursuant to constraints imposed by City Council, the highest level of decision making authority in the City. City Council's formal action to establish committed funds and to rescind committed funds, is through the passage of an ordinance. The City reports committed resources that have been constrained through ordinances of City Council and have been contractually obligated. Public safety amounts held in the General Fund totaling \$68,988,000 represent the 1/12th cash reserve requirement established by the New Mexico Department of Finance and Administration Local Government Division.

Assigned fund balance – includes amounts that are constrained by the Office of Management and Budget to be used for specific purposes, but are neither restricted nor committed. The Office of Management and Budget has the authority to assign funds based on their goals. These include miscellaneous capital projects, debt service, and general government.

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2024

I. Summary of Significant Accounting Policies

D. Assets, deferred outflows, liabilities, deferred inflows, and net position/fund balance

14. Fund balance

Unassigned fund balance – is the residual classification only for the General Fund. A negative unassigned fund balance occurs when expenditures exceed amounts that are nonspendable, restricted, committed, or assigned.

Sometimes the City funds capital outlay from the total of committed, assigned, and unassigned fund balance. In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the City’s policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of the unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance, with unassigned fund balance is applied last.

The constraints on fund balance are detailed in the table below:

Fund Balance Category	General Fund	GO Bond Debt Service Fund	LG Abatement Fund	Operating Grants Fund	Capital Acquisition Fund	Infrastructure Tax Fund	Nonmajor Governmental Funds	Total
Nonspendable:								
General government	\$ 115,932	\$ —	\$ —	\$ —	\$ 1,871,845	\$ —	\$ 353,230	\$ 2,341,007

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2024

I. Summary of Significant Accounting Policies

D. Assets, deferred outflows, liabilities, deferred inflows, and net position/fund balance

15. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the New Mexico Public Employees Retirement System (PERA), and additions to or deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA. For this purpose, benefit payments, including refunds of employee contributions, are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

16. Other postemployment benefits (OPEB)

OPEB RHCA - For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB and OPEB expense, information about the fiduciary net position of the New Mexico Retiree Health Care Authority (NMRHCA), and additions to and deductions from NMRHCA's fiduciary net position have been determined on the same basis as they are reported by NMRHCA. For this purpose, NMRHCA recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

OPEB life insurance - For purposes of measuring the net OPEB liability, deferred outflows of resources, and deferred inflows of resources related to OPEB and OPEB expense, information about the fiduciary net position of the Albuquerque Pooled Trust and additions to and deductions from the fiduciary net position have been determined on the same basis as they are reported by the Trust. For this purpose, the Albuquerque Pooled Trust recognizes benefit payments in the form of direct payments for premiums and taxes (explicit subsidy) and/or indirect payments to retirees in the form of higher premiums for active employees (implicit subsidy). Investments are reported at fair value.

17. Statement of cash flows

The statement of cash flows reports pooled cash and investments which also include investments with a maturity in excess of three months when purchased, because they have the characteristics of demand deposits for each individual fund. Non-pooled investments with original maturities of three months or more are deducted from cash and investments and changes therein are reported as cash flows from investing activities.

18. Estimated amounts reported in financial statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting year. Actual results could differ from those estimates.

19. Interfund transactions

Transactions that would be recorded as revenues, expenditures, or expenses when they involve organizations external to the City, are similarly treated when involving other funds of the City. These transactions include: charges for administrative services, building rentals, risk management services, vehicle maintenance and motor pool services, inventory and office services, retirees' health care, and payments in lieu of taxes (PILOT). Other authorized transfers between funds are recorded as transfers and are included in the determination of the results of operations in the governmental, proprietary, and fiduciary funds.

20. New accounting pronouncements

The Governmental Accounting Standards Board (GASB) has issued the following pronouncements, which were not effective in fiscal year 2024:

- Statement No. 101, Compensated Absences
- Statement No. 102, Certain Risk Disclosures
- Statement No. 103, Financial Reporting Model Improvements

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024

I. Summary of Significant Accounting Policies

D. Assets, deferred outflows, liabilities, deferred inflows, and net position/fund balance

20. *New accounting pronouncements*

The City implemented the following GASB pronouncements in fiscal year 2024:

- Statement No. 100, Accounting Changes and Error Corrections

The City will implement the new GASB pronouncements in the fiscal year no later than the required effective date. The City has not yet determined the financial impact from future implementation of these standards.

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2024

II. Reconciliation of government-wide and fund financial statements

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The balance sheet-governmental funds includes a reconciliation between fund balance-total governmental funds and net position-governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that “long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds.” The details of this difference are as follows:

General obligation bonds	\$	(485,323,631)
Gross receipts tax revenue bonds		(319,835,928)
Special assessments bonds		(5,151,203)
Fire Fund loan		(2,830,478)
Unamortized bond premiums/discounts		(44,307,673)
Arbitrage payable		(402,417)
Accrued vacation and sick leave		(54,185,482)
Net pension liability		(892,547,478)
Net OPEB liability		(97,343,473)
Lease obligation		(7,975,946)
Net adjustment	<u>\$</u>	<u>(1,909,903,709)</u>

Another element of the reconciliation involves deferred inflows of resources for taxes, developer loans, opioid settlements and special assessments in the governmental funds which are not reported in governmental activities in the statement of net position. This element also includes deferred inflows of resources related to OPEB and pensions which are not reported in the funds, but are reported in the governmental activities of the statement of net position. The details of this difference are as follows:

Property taxes	\$	5,582,390
Special assessments		1,825,719
Developer loans		2,855,404
Opioid settlements		47,457,964
Deferred inflows related to pensions		(11,091,244)
Deferred inflows related to OPEB		(127,037,605)
Net adjustment	<u>\$</u>	<u>(80,407,372)</u>

Deferred outflows of resources are not current financial resources and, therefore, are not reported in the funds. The details of this difference are as follows:

Deferred gain/loss on refunding	\$	299,345
Deferred outflows related to pensions		201,250,229
Deferred outflows related to OPEB		32,309,603
Net adjustment	<u>\$</u>	<u>233,859,177</u>

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2024

II. Reconciliation of government-wide and fund financial statements

B. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The statement of revenues, expenditures, and changes in fund balances-governmental funds includes a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that “governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” The details of this difference, which excludes internal service funds, are as follows:

Additions from capital outlay	\$	178,604,313
Contributed infrastructure and buildings		27,726,956
Depreciation expense		(123,187,434)
Net gain (loss) on disposition of capital assets		(383,038)
Net adjustment	<u>\$</u>	<u>82,760,797</u>

Another element of that reconciliation states that “the issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on the statement of activities.” The details of this difference are as follows:

Debt issued or incurred:		
General obligation bonds	\$	(111,862,000)
Bond premiums		(7,321,139)
Leases/SBITA		(1,753,289)
Arbitrage costs		492,358
Amortization:		
Bond premiums		9,897,165
Bond discounts		(286,711)
Principal repayments:		
General obligation bonds		57,435,000
Gross receipts tax revenue bonds		15,090,484
Fire fund loan		195,761
Special assessment district bonds		1,717,068
Leases		3,294,688
Net adjustment	<u>\$</u>	<u>(33,100,615)</u>

Taxes earned during the fiscal year but received more than sixty days after the end of the fiscal year as well as developer loans, leases, opioid settlements and special assessments are recorded as deferred inflows of resources in the funds because they are not considered revenue under modified accrual. In the statement of activities, which is presented on accrual basis, these amounts are reported as revenue. The details of the difference are as follows:

Property taxes	\$	232,537
Developer loans		(619,527)
Opioid settlements		(18,162,006)
Special assessments		(663,551)
Net adjustment	<u>\$</u>	<u>(19,212,547)</u>

The changes in the City OPEB and pension liabilities, which are reported as expense in the statement of activities, do not require the use of current financial resources and, therefore, are not reported as expenditure in governmental funds. The details of this difference are as follows:

Change in net pension liability	\$	(57,009,838)
Change in net OPEB liability		39,940,902
Net adjustment	<u>\$</u>	<u>(17,068,936)</u>

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2024

III. Stewardship, compliance and accountability

A. Budgetary information

Budgets are adopted consistent with the basis of accounting described in Note I.C. As required by the home rule City charter, the annual budget is formulated by the Mayor and submitted to the City Council by April 1 for the fiscal year commencing July 1. When there is a proposal for a change in rates or fees, City ordinances provide that the Mayor shall submit the operating budget to the City Council no later than March 1. Public hearings are conducted to obtain citizen comments on the proposed budget. By June 1, the budget is adopted through passage of an appropriation resolution by the City Council.

The Mayor has the authority to change individual program appropriations by the lesser of 5.0% of the original appropriation or \$100,000, provided that the total amount of appropriations for the fund, as approved by the City Council, does not change. Approved appropriations lapse at the end of the fiscal year except for life-to-date funds and for certain non-recurring items that may be re-appropriated without further approval by the Council, subject to sufficient reversions in the respective program.

B. Deficit fund equity

As of June 30, 2024, the following funds had fund balance/net position deficits:

<u>Internal Service Funds</u>	
Communications	(1,829,674)
Employee Insurance	(584,040)
Risk Management	(5,059,765)

The deficit for employee insurance is due to a budgeted decrease in the insurance administration fee for the current year. The deficits in the communications fund and a portion of the risk management fund is a result of the recording of the pension and OPEB costs associated to those funds. Additional information can be found in Notes K and L.

The Component Unit amounts presented above are taken directly from the financial statements of the Albuquerque Housing Authority (AHA), specifically Note 3 from AHA's report. While the basic financial statements for AHA present two columns - business-type activities and discrete component units - the City reports the combined total of these balances on the Statement of Net Position and Statement of Activities. The footnotes presented in AHA's report only present information about the business-type activities and excludes the information about its discrete component units due to the fact that AHA does not consider footnote information related to the component units to be major and has therefore elected to exclude this information, per GASBS 61. Additional requests for information about the composition of cash and investments related to AHA's discrete component units may be obtained by contacting Barbara D'Onofrio, Finance Director of the Albuquerque Housing Authority, at 1840 University Blvd. SE, Albuquerque, NM 87106.

Fair Value Measurements -

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs to measure the fair value of the assets. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs, and Level 3 inputs are significant unobservable inputs.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024

IV. Detailed notes on all funds

A. Cash and investments

The following is a summary of the fair value hierarchy of investments of the City as of June 30, 2024:

	Fair Value Measurement Using (In thousands)			
	Total	Level 1	Level 2	Level 3
Treasury securities	\$ 149,425	\$ 149,425	\$ —	\$ —
Money market funds	137,993	137,993	—	—
Equity mutual funds	27,705	—	27,705	—
Fixed income mutual funds	185,013	—	185,013	—
Fixed income ETFs	282,279	—	282,279	—
Agency securities	328,069	—	328,069	—
Repurchase Agreements	125,057	—	125,057	—
Supranational Securities	154,794	—	154,794	—
SIC Funds	600	—	—	600
Total	\$ 1,390,935	\$ 287,418	\$ 1,102,917	\$ 600

Investments classified in Level 1 of the fair value hierarchy, valued at \$287,418,046, include bonds, funds, stocks, and other assets that have a regular “mark-to-market” mechanism for setting a fair market value. These assets are considered to have readily observable prices and, therefore, a reliable fair market value.

Investments classified in Level 2 of the fair value hierarchy, valued at \$1,102,915,624, include bonds, funds, stocks, and other assets. These have inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Mutual funds are valued based on the Net Asset Value computed by the fund sponsor. Fixed income ETFs are valued using observable prices on the exchange where they are traded. Agency securities and Supranational securities are valued using over-the-counter bid/ask spreads offered to the City by various broker/dealers trading these securities. Repurchase agreements are valued based on daily yields provided by the City’s agent which are sourced from various counterparties with which the City maintains master repo agreements.

Investments classified in Level 3 of the fair value hierarchy, valued at \$599,550, include bank deposits, SIC, and other cash held in custody accounts. Since the City does not have direct visibility into the specific underlying market data or detailed performance of the securities held within SIC’s Core Bonds Pool, these inputs are not considered observable but provided by either the custodian or SIC.

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2024

IV. Detailed notes on all funds

A. Cash and investments

Custodial credit risk—deposits – is the risk that in the event of a bank failure, the City’s funds may not be returned to it. The City is required to obtain from each bank that is a depository for public funds, pledged collateral in an aggregate amount equal to one-half of the public money in each account (Section 6-10-17 NMSA 1978). Although only 50% of the deposited amount requires collateralization the City’s Investment Oversight Committee (IOC) retains the authority to require a collateral level higher than the 50% threshold at its discretion. Currently the City requires 100% collateralization of its deposits as an added layer of risk protection. The City’s depositories hold U.S. Treasury and Agency collateral as security; however, incidental custodial credit risk exists with respect to valuation in the remote prospect of collateral liquidation due to bank failure. No security is required for the deposit of public money that is insured by the Federal Deposit Insurance Corporation (FDIC). As of June 30, 2024, none of the City’s bank balances were exposed to a custodial credit risk.

Custodial credit risk—investments – is the risk that in the event of the failure of a counterparty or custodian, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City’s investment policy requires that all security transactions, including collateral for repurchase agreements entered into by the City shall be conducted on a delivery versus payment (DVP) basis. The investment policy further requires that all securities be held by a third party custodian, designated by the City Treasurer. All securities are held in the City’s name and evidenced by a safekeeping receipt or Federal Reserve book-entry reporting. As of June 30, 2024, Wells Fargo Institutional Retirement & Trust (Principal Financial Group) served as custodian of City securities positions, held in segregated custodial accounts in the name of the City of Albuquerque. An additional investment of \$500,000 (measured at cost) is placed in investment with the New Mexico State Investment Council (SIC).

Credit risk – is the risk that in the event an issuer, or other counterparty to an investment, does not fulfill its obligations the City will not be able to recover the value of its principal. As a home rule city, the City’s general investment approach is to apply the tenants of the Uniform Prudent Investor Act (UPIA). This act raises the level of care to which the City is to be held accountable from that of “a businessman of ordinary prudence” (Prudent Man Rule). A standard incorporated into a New Mexico statute in 2005, the UPIA recognizes Modern Portfolio Theory (MPT) and analyzes individual investments as components of a diversified portfolio, thereby providing the ability to reduce overall portfolio risk while enhancing portfolio returns. The City’s Investment Committee annually reviews its asset allocation strategies and guidelines for the percentage of its total portfolio that may be invested in various asset classes and investment types. As part of the City’s allocation evaluation, these guidelines are reviewed periodically as part of its strategic asset allocation approach. The City’s investment policy describes permitted investments as those allowed for municipalities with a population in excess of 65,000 (NMSA Section 10-10-10). Among permitted investments, the investment policy requires: 1) repurchase agreements have a collateralized value of 102% of the par value of the agreement, and 2) deposits with local banks be fully insured by the FDIC and by collateral for amounts greater than the FDIC limit. Investments in direct obligations of the U.S. Treasury are permitted, as are securities issued by certain U.S. Government Sponsored Entities (GSEs) per NMSA -Section 6-10-10F(2), and certain Supranational issuers. Commercial paper rated A1/P1 is also permitted. Finally, fixed income mutual funds and exchange-traded funds (ETFs) are permitted so long as they passively track to a broad, nationally recognized index. As of June 30, 2024, the City’s internal investment pool held investments in U.S. Treasury obligations, U.S. Government agency notes, Supranational notes, commercial paper, and short-term U.S. Treasury, corporate and municipal index mutual funds and ETFs.

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2024

IV. Detailed notes on all funds

A. Cash and investments

Concentration of credit risk – is the risk of loss attributed to the magnitude of the City’s investment in a single issuer. The City’s investment policy states that the City will develop diversification strategies to avoid incurring concentration risk. Both the City’s Liquidity and Core segments have diversification requirements, including asset class limits, issuer limits, and duration ceilings. As of June 30, 2024, the City’s core segment is invested in debt securities issued by four government-sponsored enterprises (GSEs): the Federal Home Loan Banks, the Federal National Mortgage Association, the Federal Farm Credit Banks Funding Corporation, and the Federal Home Loan Mortgage Corporation. Also, the core segment is invested in a B-AAA rated 1-5 year maturity corporate bond mutual fund, a AA-AAA rated 1-5 year maturity municipal bond ETF, a 1-5 year Treasury Inflation Protected Securities (TIPS) ETF, a 1-5 year high-yield corporate bond ETF, United States Treasury securities, and Supranational obligations. These investments comprise 25% (GSEs collectively), 5%, 5%, 10%, 20%, 15% and 20% respectively, of the core segment. Although mutual funds and ETFs do not have credit ratings, the average credit quality both of the City’s mutual fund and its ETF holdings is A rated. Portfolio maturities shall be staggered to avoid undue concentration of assets in a specific maturity range. At June 30, 2024, total City investments’ fixed income average maturities are allocated as follows: 0 -12 months – 36%; 1-2 years – 12%; 2-5 years – 39%; greater than 5 years –13%.

Summarized information concerning the City’s portfolio investments is as follows:

<u>City Portfolio Investments</u>	<u>Amount (In thousands)</u>	<u>Weighted Average Days to Maturity</u>	<u>Weighted Average Days to Call</u>	<u>Standard & Poor’s Rating</u>	<u>Moody’s Rating</u>
Fed. Home Loan Banks	\$ 100,115	755	N/A	AA+	Aaa

Total	<u>\$ 1,390,935</u>				

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2024

IV. Detailed notes on all funds

A. Cash and investments

Interest rate risk – is the risk that changes in interest rates will adversely affect the fair value of the City’s investments. The City’s investment policy limits the City’s exposure to interest rate risk by requiring that overall Core segment modified duration shall not exceed 3.5 years at any time, nor be less than 75% or greater than 125% of the benchmark’s duration. The effective duration of the investments in the internal investment pool’s core segment at June 30, 2024 is 2.56 years.

Pledged collateral by bank – The City is required to obtain from each bank that is a depository for public funds pledged collateral in an aggregate amount equal to one-half of the public money in each account (Section 6-10-17 NMSA 1978). No pledged security is required for the deposit of public money that is insured by the FDIC. The FDIC provides insurance of \$250,000 per depositor, per FDIC-insured bank, per ownership category. The pledged collateral by bank (in thousands) at June 30, 2024 is as follows:

Pledged collateral by bank	Bank of Albuquerque	Wells Fargo	HTLF Bank	US Bank	Enterprise Bank & Trust
Total amount on deposit	\$ 26	\$ 598	\$ 1,536	\$ 481	\$ 124
Less FDIC coverage	(250)	(250)	(250)	(250)	(250)
Total uninsured public	—	348	1,286	231	—
50% collateral requirement	—	174	643	116	—
Pledged securities, fair value	—	23,186	983	1,172	—
Pledged in excess of requirement	\$ —	\$ 23,012	\$ 340	\$ 1,056	\$ —

B. Receivables

Taxes receivable at June 30, 2024 are from the following sources:

Gross receipts tax	\$ 108,314,510
Property tax	9,839,864
Lodgers' and hospitality taxes	2,156,333
Other taxes	7,593,367
	<u>\$ 127,904,074</u>

The property taxes above include a receivable of \$5,520,226 in the general fund and \$4,319,638 in the general obligation debt service fund.

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied each year on July 1 on the taxable valuation of property located in the City as of the preceding January 1. Property in the City for the fiscal year 2024 tax levy had a taxable value of \$16,589,325,562. The state constitution limits the tax rate for operating purposes for all taxing jurisdictions to 20 mills (\$20 per \$1,000 assessed valuation), of which the City’s portion, by state regulation, is limited to 7.650 mills for operations and 12.0 mills for each debt service obligation. The general obligation bond debt service levy for tax year 2023 (fiscal year 2024) is 4.976 mills and the operational levy is 6.284 mills on residential property and 6.544 mills on non-residential property. Taxes are payable in two equal installments on November 10 and April 10 and become delinquent after 30 days.

Due from other governments – totaled \$83,617,296 and consists primarily of grant receivables from federal, state, and county agencies.

Leases - A summary of the City's lease terms and interest rates is as follows:

Governmental Activities:

Building and office space leases. Annual installments totaling \$7,428,085 plus interest rates ranging from .304% to 1.59%, and due dates ranging from 2024 through 2032.

Business-Type Activities:

Building and office space leases. Annual installments totaling \$46,778,222 plus interest rates ranging from .304% to 1.59% and due dates ranging from 2024 through 2063.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024

IV. Detailed notes on all funds

B. Receivables

Certain leases provide for increases in future minimum annual rental payments based on defined increases in the Consumer Price Index, subject to certain minimum increases.

Lease revenue and interest received for the year totals \$1,552,885 and \$134,998, respectively, for governmental activities and \$4,498,697 and \$730,256, respectively, for business-type activities

Accounts receivable and allowance for uncollectible accounts – Included in the statement of net position are balances of receivables which are reported net of allowances for uncollectible accounts. The amounts of these receivables and allowances as of June 30, 2024 are as follows:

Regulated leases - In accordance with GASB Statement No. 87, the City does not recognize a lease receivable and a deferred inflow of resources for regulated leases. Regulated leases are certain leases that are subject to external laws, regulations or legal rulings, e.g. the U.S. Department of Transportation and the Federal Aviation Administration, regulated aviation leases between airports and air carriers and other aeronautical users.

The City and certain airlines entered into agreements that grant rights, services and privileges, including the lease of preferentially-assigned gates. This agreements are for five year terms beginning on July 1, 2016 through June 30, 2021. Due to the COVID-19 pandemic, a blanket amendment extended the term of these agreements to June 30, 2025.

Due to the variable nature of the revenue generated from these agreements, expected future minimum payments are indeterminable.

In addition to airline agreements, the City enters into other regulated lease arrangements granting preferential use of hangars and other buildings and land. These agreements range in length from 5 years to 20 years with options to extend for 5 years to 25 years; expiration dates range from 2030 through 2049. The future minimum lease payments expected to be received from these agreements are as follows:

Year ending June 30,	
2025	\$ 452,883
2026	452,883
2027	452,883
2028	452,883

During late fiscal year 2023, the City acquired the SureStay Hotel located at 10330 Hotel Ave NE in Albuquerque for \$5,700,000 with the intention of renovating the building for use as an affordable housing apartment complex. As of June 30, 2024, the building is partially occupied and undergoing renovations, which are expected to be completed during the year ended June 30, 2025. The building costs have all been shared between the Operating Grants and Community Development special revenue funds, which are shown as governmental activities. Renovation costs have all been incurred in the Capital Acquisition capital outlay fund, also shown as a governmental activity. The building, and associated renovations, will be transferred to the Apartments Fund, a business-type activity, upon completion.

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2024

IV. Detailed notes on all funds

D. Interfund receivables, payables, and transfers

The transfers from the general fund to the other funds are for the purpose of: 1) providing a subsidy for the operations of the Transit and Stadium funds; 2) providing the City's local match for operating grants from federal and state agencies; 3) funding the purchase of police and fire vehicles, and various construction projects; and 4) transferring resources to debt service funds for the retirement of general obligation and sales tax refunding bonds.

The transfers to the general fund from the major and nonmajor enterprise funds are primarily for PILOT.

Other transfers relating to funds within the nonmajor governmental funds type are: 1) for debt retirement and various other purposes, and 2) from permanent funds to the related expenditures for governmental special revenue funds.

E. Restricted assets

Restricted assets arise principally from legal restrictions on expenditures of proceeds from general obligations bonds or sales tax revenue bonds in the governmental activities, or on expenditures of proceeds from revenue bonds of the enterprise funds. Restricted assets also include cash with fiscal agent held for debt service and the investments restricted for use held in the City's permanent funds.

The amount of restricted assets reported in the statement of net position at June 30, 2024 is \$398,948,028 as follows:

Governmental activities:	
Capital Acquisition Fund	\$ 288,785,486
Robert M. White Open Space Trust Fund	17,036,659
Other Nonmajor Governmental	8,598,088
	<u>\$ 314,420,233</u>
Business-type activities:	
Airport Fund	\$ 43,515,591
Refuse Disposal Fund	30,891,771
Transit Fund	14,045
Nonmajor Enterprise funds	10,106,388
	<u>\$ 84,527,795</u>

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024

IV. Detailed notes on all funds

F. Long-term obligations

Governmental activities

Short-term obligations - On June 28, 2024, the City issued \$1,000,000 of Short-Term Lodgers' Tax Revenue Bonds, Series 2024. These bonds bear interest at the daily rate on the date of issuance by the State Treasurer of New Mexico. The interest rate in effect was 5.46%. These bonds were recorded in the Capital Acquisition Fund and the bond proceeds were used to fund a portion of the City's capital improvement projects. The bonds matured on July 1, 2024.

The changes in short-term obligations of the governmental activities for the year ended June 30, 2024, are as follows:

	Balance July 1, 2023	Additions	Deductions	Balance June 30, 2024
Loans from direct placements:				
General obligation bonds	\$ 15,000,000	\$ —	\$ 15,000,000	\$ —
Gross receipts tax revenue bonds	—	1,000,000	—	1,000,000
Total	<u>\$ 15,000,000</u>	<u>\$ 1,000,000</u>	<u>\$ 15,000,000</u>	<u>\$ 1,000,000</u>

Long-term obligations – Bonded obligations of the City consist of various issues of general obligation, revenue, and special assessment bonds. Also included in long-term obligations are notes payable, leases, claims and judgments, net pension liability, deferred credits, other postemployment benefits, and accrued vacation and sick leave. The City has complied with all revenue bond ordinances and bond covenants requirements for maintaining specific reserves for future debt service as of June 30, 2024.

Total interest cost incurred for governmental activities for the year ended June 30, 2024 was \$27,737,044, all of which was charged to expense. The liabilities for pension and OPEB in the governmental activities are generally liquidated by the General Fund.

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2024

IV. Detailed notes on all funds

F. Long-term obligations

The City's outstanding loans from direct placements related to governmental activities of \$30,230,240 contain a provision that in an event of default, the lenders may collect the payments then due and all other amounts under the loan agreements when they become due. These consist of one short-term gross receipt tax revenue bonds for \$1,000,000, three gross receipts tax revenue bonds totaling \$19,331,516, two fire fund loans totaling \$3,030,453, and the special assessment debt for \$6,868,271. The City has an irrevocable standby letter of credit in the amount of \$7,500,000 issued for the account of Netflix, Inc.

General Obligation Bonds – are direct obligations of the City for which its full faith and credit are pledged and are payable from taxes levied on property located within the City. The accrued sick leave and vacation obligations are being liquidated primarily by the general fund. Limited amounts are being liquidated by other funds. The City's risk management fund (an internal service fund) liquidates all claims payable.

The Constitution of the State of New Mexico limits the amount of general obligation general purpose bonds that may be issued by a municipality to 4.00% of the taxable valuation of property located within the City. At June 30, 2024, based on the most recent assessed taxable valuation of \$19,366,454,280, the City may issue an additional \$360,010,171 of general purpose GO bonds. Included in the GO bonds outstanding at June 30, 2024, are storm sewer bonds in the amount of \$53,458,000 that are not subject to the legal debt limit.

On May 8, 2024, the City issued \$102,850,000 of General Obligation General Purpose Bonds, Series 2024A and \$9,000,000 General Obligation Storm Sewer Bonds, Series 2024B with an average coupon rate of 4.39% and 4.00%, respectively. The proceeds of these bonds were deposited into the capital acquisition fund to be used to finance certain City projects relating to: public safety; community centers, homelessness, metropolitan redevelopment and community enhancement; parks and recreation; energy and water conservation, public buildings, facilities and systems; streets and transportation; museums, cultural facilities and libraries; and storm sewers. The bonds require annual principal payments and semi-annual interest payments through July 1, 2039 for Series 2024A and July 1, 2040 for Series 2024B.

General obligation bonds outstanding at June 30, 2024, are as follows:

Issue	Face Value of Bonds	Amount Outstanding	Interest Rate	Final Maturity	Call Provisions
May 28, 2014 A General Purpose	\$ 57,060,000	\$ 13,830,000	2.25/5.00%	July 1, 2026	100% beg. July 1, 2022

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2024

IV. Detailed notes on all funds

F. Long-term obligations

Gross Receipts Tax Revenue Bonds – are secured by a pledge of up to 1.23% of state shared gross receipts tax revenues. Additionally, the City can pledge up to 50.00% of the lodgers’ and hospitality tax revenues for payment of these bonds and notes. Net revenue for state shared gross receipts tax revenues as of June 30, 2024 was \$279,539,362 and lodgers’ and hospitality tax revenues was \$23,009,457. Total debt service expenditures totaled \$28,227,391.

On December 30, 2022, the City entered into a loan/grant agreement with New Mexico Finance Authority (NMFA) for \$120,000 which consists of a 10% loan in the amount of \$12,000 and a 90% grant in the amount of \$108,000. The loan component of \$12,000 is a 20-year term at a net effective interest rate of 0.25% (0% interest rate with an administrative fee component of 0.25%) with no penalty for prepayment of the loan amount. The loan and grant are to be used by the City for the construction or re-lining of irrigation ponds at Ladera Golf Course in Albuquerque. The terms of the loan require annual principal and administrative fee payments beginning June 1, 2024 and maturing June 1, 2043.

Fire fund loan – On January 28, 2011, the City closed on a loan with the NMFA for \$1,441,625 with an average interest rate of 3.42%. The proceeds were used to design, construct, equip, and furnish Fire Station 7. The terms of the loan require annual principal payments and semi-annual interest payments beginning November 1, 2011 and maturing May 1, 2031. As part of the agreement, the City also entered into an intercept agreement with NMFA whereby the principal and interest payments required will be made from the annual distributions of State Fire Protection Funds in the amount of \$101,043 to the City’s fire fund made by the State Treasurer (Section 59A-53-7, NMSA 1978). The funds are remitted directly to NMFA and held by NMFA until the November and May due dates.

On November 1, 2019, the City closed on a Fire Equipment Loan with NMFA for \$2,740,000 with an average coupon rate of 2.43%. The proceeds were used to acquire, renovate, equip, and furnish a fleet maintenance facility for the benefit of the City's fire department. The terms of the loan require annual principal payments beginning July 1, 2021 and semi-annual interest payments beginning January 1, 2021, and maturing July 1, 2040. As part of the agreement, the City also entered into an intercept agreement with NMFA whereby the principal and interest payments required will be made from the annual distributions of State Fire Protection Funds in the amount of \$175,931 on July 1, 2021, and then \$176,910 thereafter, to the City’s fire fund made by the State Treasurer (Section 59A-53-7, NMSA 1978). The funds are remitted directly to NMFA and held by NMFA until the January and July due dates. The City’s obligation is limited only to the available pledged revenues whenever any event of default has occurred for both fire fund loans.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024

IV. Detailed notes on all funds

F. Long-term obligations

Fire fund loans outstanding at June 30, 2024, are as follows:

Issue	Face Value of Loans	Amount	Interest Rate	Final Maturity	Call Provisions
January 28, 2011 Fire Station Loan	\$ 1,441,625	\$ 608,367	0.58/4.02%	July 1, 2031	Non-callable

Total interest cost incurred for business-type activities for the year ended June 30, 2024 was \$2,111,677, all of which was charged to expense.

The City’s outstanding loans from direct placements related to business-type activities of \$6,730,000 contain a provision that in an event of default, the City will do and perform all proper acts on behalf and for the owners to protect and preserve the security created for the payment of the bonds and payment obligations and to insure the payment of the debt service requirements promptly as they become due. These consist of the airport revenue bonds for \$1,540,000 and the apartment revenue bonds for \$5,190,000.

Airport revenue bonds – are secured by pledges of net revenues of the airport. Revenue in fiscal year 2024 totaled \$70,958,583. On April 8, 2014, the City issued \$16,795,000 of Airport Refunding Revenue Note, Series 2014A with an average coupon rate of 2.60%. The proceeds were used to finance the cost of refunding a portion of Series 2004B Airport Improvement Revenue Bonds. The bonds require annual principal payments and semi-annual interest payments until the bonds mature on July 1, 2024. The balance outstanding at June 30, 2024, was \$1,540,000.

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2024

IV. Detailed notes on all funds

F. Long-term obligations

Apartments revenue bonds – are secured by pledges of net revenues of the City-owned apartments for low income person. Revenue in fiscal year 2024 totaled \$4,978,965. On April 21, 2016, the City issued \$8,430,000 Gross Receipts Tax Refunding Revenue Bonds (Beach, Bluewater and Manzano Vista Projects) Series 2016B to partially refund the Series 2008B Bonds. This debt constitutes a limited obligation of the City and is payable solely from the resources of the apartments. Respective revenues are pledged for the repayment of these bonds. The Gross Receipts Tax Refunding Revenue Bonds, Series 2016B mature on July 1, 2030 and bear a 2.30% coupon interest rate. The Series 2016B bonds are subject to optional redemption generally at par; unless long-term interest rates are in effect. The apartments debt in the amount of \$5,190,000 is outstanding at June 30, 2024.

Refuse revenue bonds – are secured by pledges of net revenues of the solid waste and refuse disposal system. Revenue in fiscal year 2024 totaled \$88,833,309. On June 30, 2020, the City issued \$40,570,000 of Refuse Removal and Disposal Improvement Revenue Bonds, Series 2020 with an average coupon rate of 4.78%. The proceeds were used to acquire, construct, enlarge, better, repair, equip or otherwise improve facilities for the solid waste and refusal disposal system. The bonds require annual principal payments and semi-annual interest payments until the bonds mature on July 1, 2046. The balance outstanding at June 30, 2024 was \$38,815,000.

Stadium revenue bonds – are secured by pledges of net revenues of the City-owned baseball stadium. Revenue in fiscal year 2024 totaled \$2,846,588. On July 2, 2020, the City issued \$4,755,000 of Gross Receipts Tax/Stadium Refunding Revenue Bonds, Series 2020D with an average coupon rate of 1.35% to partially refund the Series 2011 Stadium Bonds. The bonds require annual principal payments and semi-annual interest payments until the bonds mature on July 1, 2026. This bond is not subject to optional prior redemption prior to maturity. The stadium debt in the amount of \$2,835,000 is outstanding at June 30, 2024.

Arbitrage – Section 148 of the Internal Revenue Code generally provides that bonds issued by a municipality will be “arbitrage bonds,” if any portion of the bond proceeds are reasonably expected to be invested in obligations with a yield that is “materially higher” than the yield on the bonds. While municipalities are entitled to earn a certain amount of positive arbitrage during the period the bonds are outstanding, Section 148(f) generally requires that these earnings be paid to the Internal Revenue Service (IRS) at least every five years. As of June 30, 2024, the City has set aside \$1,296,066 in arbitrage interest due to the IRS in connection with future filings and payments to the IRS. This amount is included in other liabilities in the statement of net position. The current portion is in the amount of \$893,649 while the long-term portion is \$402,417. For fiscal year 2024, a payment in the amount of \$105,935 was made to the IRS related to the GO Series 2019AB bonds.

F. Long-term obligations

Leases/SBITA - A summary of the City's lease terms and interest rates is as follows:

Governmental Activities:

Leases without options to purchase equipment. Annual installments totaling \$6,925,815 plus interest rates ranging from .304% to 1.59%, and due dates ranging from 2024 through 2041.

Building and office space leases. Annual installments totaling \$6,925,815 plus interest rates ranging from .304% to 1.59%, and due dates ranging from 2024 through 2041.

Business-Type Activities:

Leases without options to purchase equipment. Annual installments totaling \$23,834 plus interest rates ranging from .304% to 1.59%, and due dates through 2025.

Building and office space leases. Annual installments totaling \$23,834 plus interest rates ranging from .304% to 1.59% and due dates through 2025.

Certain facility leases provide for increases in future minimum annual rental payments based on defined increases in the Consumer Price Index, subject to certain minimum increases.

Included in the table below are Subscription-Based IT Arrangements (SBITAs) with annual installments totaling \$1,058,785 plus interest rates ranging from .304% to 1.59% and due dates ranging from 2024 through 2027 for governmental activities. Annual installments for business-type activities total \$10,095 plus interest rates ranging from .304% to 1.59% and due dates through 2024.

Total future minimum lease payments under lease agreements are as follows:

Year ending June 30,	Governmental Activities		Business-type Activities	
	Principal	Interest	Principal	Interest

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024

IV. Detailed notes on all funds

F. Long-term obligations

The Component Unit amounts presented above are taken directly from the financial statements of the Albuquerque Housing Authority (AHA), specifically Note 7 from AHA’s report. While the basic financial statements for AHA present two columns - business-type activities and discrete component units - the City reports the combined total of these balances on the Statement of Net Position and Statement of Activities. The footnotes presented in AHA’s report only present information about the business-type activities and excludes the information about its discrete component units due to the fact that AHA does not consider footnote information related to the component units to be major and has therefore elected to exclude this information, per GASBS 61. Additional requests for information about the composition of long-term obligations related to AHA’s discrete component units may be obtained by contacting Barbara D’Onofrio, Finance Director of the Albuquerque Housing Authority, at 1840 University Blvd. SE, Albuquerque, NM 87106.

G. Refunded bonds

The City has refunded various bond issues by issuing refunding bonds, the proceeds of which have been placed in escrow and used to purchase securities of the United States Government and related agencies at various interest rates and maturities sufficient to meet all debt service requirements of the refunded debt. These assets are administered by trustees and are restricted to use for retirement of the refunded debt. The liability for the refunded bonds and the related securities and escrow accounts are not included in the accompanying general purpose financial statements as the City satisfied its obligation for payment of the refunded debt upon completion of the refunding transactions. Refunded debt outstanding at June 30, 2024, is as follows:

Gross Receipts Tax Revenue Bonds	\$ 73,865,000
----------------------------------	---------------

H. Conduit bonds

The City has acted from time to time as the issuer of conduit bonds, the proceeds of which have been immediately loaned to a private borrower. Such bonds are payable by the City only from amounts paid to the City by such conduit borrowers pursuant to a lease, loan or other agreement. The City has assigned its rights with respect to such bonds to various trustees that monitor amounts due by the borrowers and pay the principal and interest as due on such conduit bonds from the borrowers’ payments. The City has no obligation to repay all or any portion of such bonds in the event the private borrowers fail to make their payments when due.

Industrial Revenue Bonds – As of June 30, 2024, there were ten series of Industrial Revenue Bonds outstanding. The aggregate principal amount payable was \$739,702,675. There were no bonds pending close out.

I. Construction Commitments

In the fall of 2017, the City entered into a multi-year contract with Citelum US, Inc. for the purpose of evaluating and implementing energy efficient street lights throughout the City. This contract is scheduled to end in 2032 and carries a scheduled termination value payment clause in the contract that stipulates that if the City terminates the contract before completion then the City shall pay Citelum an agreed upon value corresponding to the month in which the contract is terminated. If the City terminates the contract during fiscal year 2025 the City shall be required to pay an amount between \$11,354,991 and \$10,322,220, depending on the month.

K. Defined benefit pension plan

General Information about the Pension Plan

Plan description – Substantially all of the City’s full-time employees participate in a public employee retirement system governed by the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). The Public Employees Retirement Association (PERA) is the administrator of the plan, which is a cost-sharing multiple-employer defined benefit retirement plan. PERA issues a separate ACFR. That report may be obtained by writing to: PERA, PO Box 2123, Santa Fe NM 87504-2123. The report is also available on PERA’s website.

Benefits provided – The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members and beneficiaries. Effective July 1, 2013, new legislation enabled two benefit tiers under each PERA coverage plan. The coverage plans include: Municipal General, Municipal Police, and Municipal Fire plans. Members are eligible to retire when they meet the age and service credit requirement for the plan they participate in. Plan members are required to contribute between 7.75%-18.15% of their gross salary, depending on the specific plan type. The City is required to contribute between 7.40%-21.65% of the gross covered salary, depending on the specific plan type.

Contributions – The following are the plans covered by the City and the contribution requirements (in thousands of dollars) for the year ended June 30, 2024:

Group Covered	Employee		Employer	
	Percent	Amount	Percent	Amount
General, management, and bus drivers	15.65 %	\$ 27,458	10.80 %	\$ 23,741
Temporary employees	9.50 %	93	8.65 %	75
J-Series 20-year	19.15 %	302	18.30 %	180
Police	18.80 %	16,702	20.15 %	10,095
Fire	20.20 %	13,160	22.90 %	8,132
		\$ 57,715		\$ 42,223

The contribution requirements of plan members and the City are established in New Mexico Statute Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the legislature. In accordance with Chapter 10, Article 11, Section 5 NMSA 1978, the City has elected to make a percentage of the employees’ contributions. The percentage of the employees’ contributions paid by the City varies according to the specific plan type. The City’s required contributions to PERA for the years ending June 30, 2024, 2023, and 2022 were \$42,223,870, \$39,317,786 and \$34,736,401, respectively. The City’s total contributions to PERA, including the employer required contributions, and the portion the City pays for the employees for the years ending June 30, 2024, 2023, and 2022 were \$99,938,286, \$91,606,867 and \$78,418,729, respectively.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024

IV. Detailed notes on all funds

K. Defined benefit pension plan

Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

As of June 30, 2024, the City reported a net pension liability of \$1,009,941,263 its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2023.

The City's proportion of the net pension liability was based on the City's share of contributions to the pension plan by type for fiscal year 2024. As of June 30, 2024, the City's proportional share was 20.60% of the Municipal General Division, 29.98% of the Municipal Police Division, and 31.61% of the Municipal Fire Division.

For the year ended June 30, 2024, the City recognized its proportional share of the pension contribution expense of \$135,510,168. The proportional share of the pension contribution expense by plan type is as follows:

	Pension Expense	
Municipal General	\$	61,191,473
Municipal Police	\$	41,589,507
Municipal Fire	\$	32,729,188

At June 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred outflows of resources	Deferred inflows of resources
City of Albuquerque - overall		
Differences between expected and actual experience	\$ 79,980,783	\$ (5,395,107)

K. Defined benefit pension plan

Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

	Deferred outflows of resources	Deferred inflows of resources
Municipal Fire		
Differences between expected and actual experience	\$ 22,482,076	\$ (72,619)
Change in assumptions	—	—
Net difference between projected and actual earnings on pension plan investments	12,096,786	—
Changes in proportion and differences between City contributions and proportionate share of contributions	940,248	(4,220,965)
City contributions subsequent to the measurement date	13,159,765	—
Total	<u>\$ 48,678,875</u>	<u>\$ (4,293,584)</u>

The amount of contributions related to fiscal year 2024 have been reported as deferred outflows of resources related to pensions and will be recognized as a reduction of the net pension liability in fiscal year 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Fiscal Year Ended June 30	City Overall	Municipal General	Municipal Police	Municipal Fire
2025	\$ 54,192,697	\$ 27,390,713	\$ 16,434,388	\$ 10,367,596
2026	\$ 20,424,788	\$ 9,507,436	\$ 4,711,009	\$ 6,206,343
2027	\$ 76,125,817	\$ 39,860,182	\$ 22,701,698	\$ 13,563,937
2028	\$ 7,013,712	\$ 3,733,774	\$ 2,192,288	\$ 1,087,650

Actuarial assumptions – The total pension liability as of the June 30, 2024 valuation date was determined using the following actuarial assumptions, applied to all periods including the measurement:

Actuarial Methods	
Actuarial valuation date	June 30, 2022
Actuarial cost method	Entry Age Normal
Amortization method	Level Percentage of Pay
Amortization period	25 years

Actuarial Assumptions	
Investment rate of return	7.25%
Payroll growth	3.00%
Projected salary increases	3.25% to 13.50% annual rate
Inflation assumption	2.50%
Mortality assumption	RPH-2014 Blue Collar Mortality Table

The long-term expected rate of return on pension plan investments was determined using statistical analysis in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024

IV. Detailed notes on all funds

K. Defined benefit pension plan

Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity	38.00 %	6.90 %
Risk Reduction and Mitigation	17.00 %	3.90 %
Credit Oriented Fixed Income	19.00 %	6.00 %
Real Assets	18.00 %	7.00 %
Multi-Risk Allocation	8.00 %	0.61 %
Total	100.00 %	

Discount Rate for PERA Funds – The discount rate used to measure the total pension liability is 7.25%. The projection of cash flows used to determine the discount rate assumed that future contributions will be made in accordance with statutory rates. On this basis, the pension plan's fiduciary net position together with the expected future contributions are sufficient to provide all projected future benefit payments of current plan members as determined in accordance with GASB Statement No. 67. Therefore, the 7.25% assumed long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's proportionate share of the net pension liability to changes in the discount rate – The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.25%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate with a 1.00% decrease or 1.00% increase from the current rate:

Plan Type	1% Decrease 6.25%	Current Discount Rate 7.25%	1% Increase 8.25%
City of Albuquerque, Overall	\$ 1,416,613,560	\$ 1,009,941,263	\$ 674,349,589
Municipal General	\$ 632,309,269	\$ 436,120,304	\$ 273,004,787
Municipal Police	\$ 416,347,353	\$ 289,113,491	\$ 184,965,907
Municipal Fire	\$ 367,956,938	\$ 284,707,468	\$ 216,378,895

Pension plan fiduciary net position – Detailed information about the pension plan's fiduciary net position is available in the separately issued PERA's ACFR. As of June 30, 2024, there was a \$5,380,433 PERA contributions payable.

L. Postemployment benefits

The city has two categories of other postemployment benefits (OPEB), life insurance and retiree healthcare (RCHCA). The City provides certain health care and life insurance benefits for retired employees. Substantially all of the City's employees may become eligible for those benefits if they reach the normal retirement eligibility conditions while working for the City.

Postemployment Life Insurance Benefits

Plan description – The City's Life Insurance Benefit Plan (Plan) is a cost sharing multiple-employer plan administered as a formal trust by the City. The Plan includes coverage for all City employees. The Plan also includes coverage for the employees of the Albuquerque Bernalillo County Water Authority (a separate legal entity, formerly a component unit of the City). The Albuquerque Pooled OPEB Trust Plan issues a separate report that can be obtained from the Accounting Division at: PO Box 1293, Room 8010, 8th Floor, Albuquerque NM 87103. The Water Utility Authority and the City have different benefit rules. Insurance benefits are authorized by the City's Merit System Ordinance and Personnel Rules and Regulations. Upon retirement with the City, an employee will continue to be covered by the City's plan at no cost to the employee. Coverage will be one-half of the coverage reflected on the most recent annual life insurance adjustment report immediately prior to retirement up to a maximum of \$25,000. Effective July 1, 2008 the minimum amount of coverage per retiree is \$12,500.

L. Postemployment benefits

Funding policy – The City contributes 100.00% or more of the actuarially determined contributions each year.

Retiree Health Care Act (RHCA) Contributions

Plan description – The City contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Section 10-7C- 1 NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Benefits provided – eligible retirees, their spouses, dependents and surviving spouses and dependents with health insurance and prescription drug benefits consisting of a plan, or optional plans of benefits, that can be contributions to RHCA and by co-payments or out-of-pocket payments of eligible retirees.

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which case the period required for contributions becomes the period between the employer's effective date and the date of retirement; 2) retirees defined by the Retiree Health Care Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years. The City does not have data pertaining to retired and active employees as of June 30, 2024.

Funding policy – The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100.0% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website.

Contributions – The employer and employee retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers are January 1, 1998, are required to make contributions to the RHCA fund in the amount determined to be appropriate by the board. The City's total contributions for the year ending June 30, 2024 were \$7,545,593.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. For employees who are members of an enhanced retirement plan: state police and adult correctional officer coverage plan 1; municipal police member coverage plans 3, 4 and 5; municipal fire member coverage plan 3, 4 and 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act (10-12B-1 NMSA 1978), during the fiscal year ended June 30, 2015, the statute required each participating employer to contribute 2.50% of each participating employee's annual salary, and each participating employee was required to contribute 1.25% of their salary. For employees that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2015, the statute required each participating employer to contribute 2.00% of each participating employee's annual salary; each participating employee was required to contribute 1.00% of their salary. In addition, pursuant to Section 10-7C-15(G) NMSA 1978, at the first session of the Legislature following July 1, 2013, the legislature shall review and adjust the distributions pursuant to Section 7-1-6.1 NMSA 1978 and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024

IV. Detailed notes on all funds

L. Postemployment benefits

Contributions are expected to match or exceed the actuarial annual determined contribution (ADC). Monthly invoices for retiree life insurance premiums are paid out of the trust. When expected benefit claims exceed retiree premiums, the City is allowed to treat the implicit subsidy as a contribution. The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. Information related to the number of plan members can be found in the publicly available report. That report and further information can be obtained by writing to the Retiree Health Care Authority at: 4308 Carlisle NE, Suite 104, Albuquerque NM 87107.

OPEB Insurance-Related liabilities, deferred outflows of resources and deferred inflows of resources – The City reported a net OPEB liability of \$21,341,330 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2024, and the total OPEB liability used to calculate the OPEB liability was determined by an actuarial valuation as of January 1, 2024 rolled forward to June 30, 2024.

For year ended June 30, 2024, the City recognized OPEB expense of \$3,319,101.

OPEB RHCA liabilities, deferred outflows of resources and deferred inflows of resources – As of June 30, 2024, the City reported a net OPEB Liability for Retiree Health Care of \$112,182,505 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2023.

For year ended June 30, 2024, the City recognized its proportionate share of OPEB expense in the amount of \$35,403,404.

As of June 30, 2024, the City reported deferred inflow of resources, deferred outflow of resources and net liability insurance and RHCA below:

	<u>OPEB Insurance</u>	<u>OPEB RHCA</u>	<u>Total</u>
Differences between expected and actual experience	\$ 219,039	\$ 20,310,692	\$ 20,529,731
Change in assumptions	70,278	105,825,689	105,895,967
Net difference between projected and actual earnings on OPEB plan investments	2,745,438	—	2,745,438
Changes in proportion and differences between City contributions and proportionate share of contributions	—	13,148,859	13,148,859
Total Deferred Inflows	<u>3,034,755</u>	<u>139,285,240</u>	<u>142,319,995</u>
Differences between expected and actual experience	1,196,688	1,896,453	3,093,141
Change in assumptions	—	21,589,135	21,589,135
Net difference between projected and actual earnings on OPEB plan investments	—	2,398,625	2,398,625
Changes in proportion and differences between City contributions and proportionate share of contributions	—	1,438,022	1,438,022
City contributions subsequent to the measurement date	—	7,703,530	7,703,530
Total Deferred Outflows	<u>1,196,688</u>	<u>35,025,765</u>	<u>36,222,453</u>
Net OPEB Liability	<u>\$ 21,341,330</u>	<u>\$ 112,182,505</u>	<u>\$ 133,523,835</u>

The amount of contributions related to fiscal year 2024 have been recorded as a reduction of the OPEB insurance liability. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as OPEB expense as follows:

<u>Fiscal Year</u>	<u>Amount</u>
<u>Ended June 30</u>	
2025	\$ (925,891)
2026	\$ 391,026
2027	\$ (877,813)
2028	\$ (474,836)
2029	\$ 49,447

L. Postemployment benefits

Sensitivity of the City’s proportionate share of the net OPEB insurance liability to changes in the discount rate – The following presents the City’s proportionate share of the net OPEB liability calculated using the discount rate of 5.00%, as well as what the City’s proportionate share of the net OPEB liability would be if it were calculated using a discount rate with a 1.00% decrease or 1.00% increase from the current rate. The healthcare trend is not an assumption used in the actuarial analysis.

	1% Decrease 4.00%	Current Discount 5.00%	1% Increase 6.00%
City’s proportionate share of the net OPEB liability	\$ 32,089,353	\$ 21,341,330	\$ 12,812,803

OPEB plan fiduciary net position – Detailed information about the trust plan’s fiduciary net position is available in separate OPEB financial statements.

Actuarial assumptions – The total OPEB insurance related liability in the June 30, 2024 valuation was determined using the following actuarial assumptions applied to all periods including the measurement:

Actuarial Methods	
Actuarial valuation date	January 1, 2024
Actuarial cost method	Entry Age Normal
Amortization method	Level % of pay
Amortization period	30 years closed, 14 years remain
Asset valuation method	Market Value
Actuarial Assumptions	
Long-term return on assets	5.00%
Discount rate	5.00% as of June 30, 2021 and June 30, 2022
Inflation	2.50% per year
Salary increase	3.25% per year
Retirement age	50 to 80
Mortality	PERA of New Mexico; projected with MW Scale 2022

Discount rate – The expected long-term rate of return on trust assets was used. Based on the level of funding to date and the expected future contributions established in the funding policy, trust assets are expected to be sufficient in all future years to provide the expected benefit payments.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024

IV. Detailed notes on all funds

L. Postemployment benefits

The amount of contributions related to fiscal year 2024 have been recorded as a deferred outflow of resources related to the RHCA OPEB liability. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as OPEB expense as follows:

Fiscal Year Ended June 30:	Amount
2024	\$ (32,161,480)
2025	\$ (23,328,321)
2026	\$ (28,794,619)
2027	\$ (20,431,647)
2028	\$ (7,246,935)

Actuarial assumptions – The total OPEB liability in the June 30, 2024 valuation was determined using the following actuarial assumptions applied to all periods including the measurement:

Actuarial Methods	
Actuarial valuation date	June 30, 2023
Actuarial cost method	Entry age normal, level percent of pay, calculated on individual employee basis
Amortization method	Market value of assets
Actuarial Assumptions	
Inflation	2.50% for PERA members
Investment rate of return	7.00% net of OPEB plan investment expense and margin for adverse deviation including inflation
Discount rate	6.22%
Projected salary increases	3.00% to 13.0%, based on years of service, including inflation
Mortality rate	RP-2014 Blue Collar Annuitant Mortality
Healthcare cost trend rate	8.00% graded down to 4.50% over 14 years for non-Medicare medical plan costs 8.50% graded down to 4.50% over 16 years for Medicare medical plan costs

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2024

IV. Detailed notes on all funds

L. Postemployment benefits

The long-term expected rate of return on OPEB plan investments was determined using a building block method in which the expected future real rates of return (net of investment fees and inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation and subtracting expected investment expenses as a risk margin. The target allocation and projected arithmetic real rates of return for each major asset class, after deducting inflation, but before investments expenses, used in the derivation of the long-term expected investment rate of return assumptions.

	Target Allocation	Long-Term Expected Real Rate of Return
U.S. core fixed income	20.00 %	1.60 %
U.S. equity - large cap	20.00 %	6.90 %
Non U.S. - emerging markets	15.00 %	8.70 %
Non U.S. - developed equities	12.00 %	7.20 %
Private equity	10.00 %	10.00 %
Credit and structured finance	10.00 %	3.70 %
Real estate	5.00 %	3.60 %
Absolute return	5.00 %	3.20 %
U.S. equity - small cap	3.00 %	6.90 %
	100.00 %	

Discount rate – The discount rate used to measure the total OPEB liability is 6.22% as of June 30, 2023. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at rates proportional to the actuary determined contribution rates. For this purpose, employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included. Based on those assumptions, the fund’s fiduciary net position was projected to be available to make all projected future benefit payments for current plan members through the fiscal year ending June 30, 2052. Thus, the 7.00% discount rate, which includes the assumed inflation rate of 2.5%, was used to calculate the net OPEB liability through 2052. Beyond 2052, the index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (2.16%) was applied. Thus 3.62% is the blended discount rate.

Sensitivity of the City’s proportionate share of the net OPEB liability to changes in the discount rate – The following represents the City’s proportionate share of the net OPEB liability calculated using the discount rate of 6.22%, as well as what the City’s proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is a 1.00% decrease or 1.00% increase from the current rate:

	1% Decrease 5.22%	Current Discount 6.22%	1% Increase 7.22%
City’s proportionate share of the net OPEB liability	\$ 141,434,465	\$ 112,182,507	\$ 88,471,050

The following represents the proportionate share of the net OPEB liability for the City as of June 30, 2023, if it were calculated using a health cost trend rate that is a 1.00% decrease and 1.00% increase than the health cost trend rates used:

	1% Decrease	Current Trend Rates	1% Increase
City’s proportionate share of the net OPEB liability using the health cost trend	\$ 92,875,719	\$ 112,182,507	\$ 134,355,810

L. Postemployment benefits

OPEB plan fiduciary net position – Detailed information about RHCA’s fiduciary net position is available in their separately issued OPEB Financial Report.

M. Landfill closure and postclosure care costs

Federal laws and regulations require the City to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the City reports a portion of these closure and postclosure care costs in the refuse disposal fund, as an operating expense in each period, based on landfill capacity used as of each balance sheet date. The \$4,744,957 reported as accrued landfill closure costs at June 30, 2024, represents the cumulative amount reported to date based on the use of 31% of the estimated capacity of the Cerro Colorado Landfill.

The City will recognize the remaining estimated cost of closure and postclosure care of \$10,541,189 as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and postclosure care in 2024. The City expects to close the landfill in the year 2097. Actual cost may be higher due to inflation, change in technology, or change in regulations. The City has set aside \$4,744,957 for future postclosure costs. This amount is reported as a restricted asset on the balance sheet. The City expects that future inflation costs will be paid from interest earnings on these annual contributions. However, if interest earnings are inadequate, or additional postclosure care requirements are determined (due to change in technology or applicable laws or regulations, for example); these costs may need to be covered by charges to future landfill users or future tax revenue.

Annually the City files a financial assurance report for closure and postclosure costs with the New Mexico Department of Environmental Quality as required by Section 20.9.5.16 NMAC. Pursuant to Subsection D of 20.9.10.19 NMAC, the City reports combined closure and postclosure costs of \$15,286,146 for the Cerro Colorado Landfill, Montessa Park Convenience Center, Don Reservoir Convenience Center, Eagle Rock Convenience Center, and the Intermediate Processing Facility. Parkhill, an engineering and consulting firm, provides the solid waste department with an Airspace Depletion Analysis report and the analytical data from the report is used to determine the estimated landfill closure and postclosure care costs.

N. Risk management

The City is exposed to various risks of loss related to torts and civil rights claims including: law enforcement and employment related exposures; theft, damage and destruction of its real and personal assets; workers’ compensation losses; errors and omissions of City officers and officials; and natural disasters. The City uses the Risk Management Fund to account for and finance its uninsured risks of loss. Under this program, the fund provides coverage for up to a maximum of \$2.0 million for public safety employees, and \$1.5 million for all other employees for each workers’ compensation incident, \$1.05 million for each tort liability claim, and \$50,000 for each City real and contents damage claim. Losses in other categories and catastrophic losses in the mentioned categories are the subject of insurance and/or actuarially reviewed retention. Whenever a risk exposure is insured, the City continues to benefit from case coverage on claims that were incurred during the insured claim year.

In the risk management fund, claims are tracked on a program by program basis and assessed charges to each program based on historical claims experience and the need to establish a reserve for unanticipated catastrophic losses. The claims liabilities reported in the risk management fund are based on the requirements of GASB 10, which requires that a liability for claims be reported, if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements, and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The result of the process to estimate the claims liability is an exact amount as it depends on many complex factors such as: inflation, changes in legal doctrines, and damage awards. Accordingly, claims are reevaluated periodically to consider the effects of inflation, recent claim settlement trends including frequency and amount of payouts, and other economic factors. The estimate of the claims liability also includes amounts for incremental claim adjustments expenses related to specific claims and other claim adjustment expenses regardless of whether allocated to specific claims. Estimated recoveries, for example, from salvage or subrogation, are another component of the claims liability estimate. The amounts and change in the fund’s claims liability in fiscal year 2024 and 2023 were:

IV. Detailed notes on all funds

N. Risk management

	2024	2023
Claims liability, beginning balance	\$ 135,000,000	\$ 128,100,000
Current year claims and change in estimates	29,436,826	45,014,952
Claims liquidated	(22,836,826)	(38,114,952)
Claims liability, ending balance	141,600,000	135,000,000
The components of the claims liability at year-end were:		
Current portion	32,400,000	20,300,000
Noncurrent portion	109,200,000	114,700,000
Total claims liability	\$ 141,600,000	\$ 135,000,000

Included in the amounts above are \$7,539,486 in claims recorded in the Group Self Insurance fund of which the full amount is included in the current portion.

O. Albuquerque Housing Authority - Component Units

The Authority reports the following blended component units:

AHA Rio Vista Developer LLC – Created on October 31, 2016, AHA Rio Developer LLC was organized as a single member limited liability company for the purpose of development and improvement of real estate for affordable housing.

AHA Housing Development Corporation – Created on March 5, 2018, AHA Housing Development Corporation was organized as a Nonprofit Corporation to act exclusively in the furtherance and support of the public mission of the Albuquerque Housing Authority and its existing or future instrumentalities and affiliates.

The Authority reports the following discrete component units:

The Commons at Martineztown, LLLP – Created on April 16, 2020, The Commons at Martineztown, LLLP was organized as a New Mexico limited liability limited partnership to acquire, develop, finance, rehabilitate, own, maintain, operate and sell or otherwise dispose of a 96-unit multi-family affordable housing complex.

Broadway McKnight, LLLP – Created on November 10, 2020, Broadway McKnight, LLLP was organized as a New Mexico limited liability limited partnership to acquire, develop, finance, rehabilitate, own, maintain, operate and sell or otherwise dispose of a 30-unit multi-family affordable housing complex.

6100 Harper, LLLP – Created on November 10, 2020, 6100 Harper, LLLP was organized as a New Mexico limited liability limited partnership to acquire, develop, finance, rehabilitate, own, maintain, operate and sell or otherwise dispose of a 59-unit multi-family affordable housing complex.

P. Commitments and contingencies

Encumbrances for purchase orders, contracts, and other commitments for expenditures are recorded in memorandum accounts of the City’s governmental funds. Encumbrances lapse for budgetary purposes at the end of each fiscal year and the subsequent year’s appropriations provide authority to complete these transactions. For the General Fund and other operating funds, large nonrecurring encumbrances are reappropriated to the following fiscal year so that the commitment does not cause expenses to exceed appropriations. Outstanding encumbrances as of June 30, 2024 are reported in the table below.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024

IV. Detailed notes on all funds

P. Commitments and contingencies

Governmental activities:	
Major funds:	
General Fund	\$ 5,149,443
Operating Grants Fund	18,571,636
Capital Acquisition Fund	202,909,850
Infrastructure Tax Fund	22,852,756
Nonmajor governmental funds	21,792,899
Total governmental activities	<u>\$ 271,276,584</u>

In addition, the business-type funds have uncompleted construction and other commitments for construction, improvements and replacements or from operating revenues:

Business-type activities:	
Major funds:	
Airport Fund	\$ 42,344,571
Refuse Disposal Fund	13,842,621
Transit Fund	20,091,379
Nonmajor business-type funds	229,169
Total business-type activities	<u>\$ 76,507,740</u>

In the normal course of business, the City is subject to certain contingent liabilities and unasserted claims. These contingencies are evaluated in light of their probability of being asserted and the estimability of the claims. Those claims that are probable and estimable have been accrued in the accompanying financial statements. Claims that are possible and/or not estimable are disclosed herein. Remote claims are monitored until such time as they are resolved, disclosed, or accrued. Except as discussed in the following paragraphs, it is the opinion of City management that the ultimate resolution of other litigation will not have a material effect on the financial position of the City.

The City is a defendant in a legal proceeding that does not fall under the New Mexico Tort Claims Act; this legal proceeding alleges that certain time incurred by some of the City’s fire and transit departments and other employees are subject to overtime compensation. The ultimate outcome of these legal proceedings cannot presently be determined; the case is currently awaiting the courts consideration on how the calculations are to be determined. Accordingly, no provision for any additional liability that may result upon the ultimate outcome has been recognized in the accompanying financial statements and schedules.

The City has received a number of federal and state grants for specific purposes. These grants are subject to audit and may result in requests for reimbursements to granting agencies for expenditures disallowed under the terms of the grants. Based on prior experience, City management believes that such discrepancies, if any, will not be material.

Q. Budget violations

As of June 30, 2024, the following funds were overspent on the budgetary comparison statements:

Governmental funds:	
GO Bond Debt Service	\$ (433,613)
City Housing	(88,873)
Senior Services Provider	(122,310)
City/County Facilities	(562,085)
Enterprise funds:

Parking Facilities	(48,519)
Stadium	(892,519)
Internal Service funds:	
Group Self Insurance	\$ (3,632,080)
Fleet Management	(268,242)

CITY OF ALBUQUERQUE, NEW MEXICO

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2024

IV. Detailed notes on all funds

R. Service concession arrangements

In fiscal year 2017, the City entered into a development agreement with One Central Operating Associates LLC (Developer), under which the City manages, collects, and retains revenue for a parking facility for a term of three hundred (300) months. The City paid the Developer a lump sum of \$17.5 million and is required to operate and maintain the parking facility in accordance with the executed contract. The agreement includes an irrevocable option to purchase the parking facility from the Developer commencing with the 120th month after the signing of the Certificate of Occupancy. The City entered into this agreement to enhance the development of the downtown area and increase parking revenue. The City recognizes an intangible asset in the amount of \$17.5 million pursuant to the development agreement.

S. Tax abatements

There are currently fourteen tax abatement agreements enacted by the City. The City has chosen to disclose information about its tax abatement agreements individually, based on an established quantitative threshold of 5.0% of the total dollar amount of taxes abated during the year; all others are aggregated. Each agreement was negotiated under Article 32 NMSA 1978 and City ordinance 3-2-15 allowing the City to abate property taxes and other state taxes such as, compensating and investment tax credit, for a variety of economic development purposes. It was determined in all cases that the firms were not in direct competition with other firms, and they generated gross receipts taxes through the hiring employees that offset the estimated loss in property tax revenue and other City expenses.

The abatement for real property is based on the total value of the property tax which is determined and reported by the county assessor. Taxable value is one-third of this amount, and the tax rate for the City and other governmental agencies is reported. Personal property tax abatement (equipment purchased with industrial revenue bonds) is reported by the recipient. Payment in lieu of taxes is reported only for the firms that do not have fully depreciated equipment. Information relevant to the disclosure of the abatements for the fiscal year ended June 30, 2024 is:

Tax Abatement Program - Industrial Revenue Bonds	Property Taxes Abated	Payment in Lieu of Taxes
Kairos	\$ 140,224	\$ 21,034
Olympus NorthPoint & Highlands	113,445	34,656

Franz	14,820	5,766
Hotel Blue	13,021	3,906
Hotel Parq	12,632	505
Hotel Andaluz	9,171	955
International School	6,927	—
Netflix Studios	4,744	692
705 Copper	2,640	6,421
	<u>\$ 583,444</u>	<u>\$ 359,043</u>

The City is subject to tax abatements entered in by other governmental entities. Each agreement was negotiated under the authority of Section 7-37-6 NMSA 1978 and Section 7-38 NMSA 1978. The types of abated taxes reported to the City by other entities includes real property tax, personal property tax, and gross receipts and compensating tax. Two entities reported abatements to the City. The City has chosen to summarize the abatements reported by reporting entity and by type of tax abated. Information relevant to the disclosure of the abatements entered by other governmental entities for fiscal year ended June 30, 2024 is:

Abating Agency	Real & Personal Property Taxes Abated	Gross Receipts Taxes Abated

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2024

IV. Detailed notes on all funds

T. Restatement

The beginning net position for the City was restated by an increase of \$65,619,970, representing the balance shown as deferred inflows related to the multi-year opioid settlements on the fiscal year 2023 statement of net position. This balance should not have been reported in governmental activities on the statement of net position and should instead have been shown as revenue on the statement of activities, similar to other adjustments shown in Note II.

The beginning net position for the Albuquerque Housing Authority was restated by an increase of \$87,146, which consisted of a \$(82,481) decrease to reflect the removal of a rolling accounts payable audit adjustment balance from a prior fiscal year; and a \$169,627 increase to reflect the addition of several vehicles that had erroneously not been capitalized.

	Primary Government			Component Unit
	Governmental Activities	Business-Type Activities	Total	Albuquerque Housing Authority

CITY OF ALBUQUERQUE, NEW MEXICO
NOTE TO REQUIRED SUPPLEMENTARY INFORMATION RELATED TO PENSION AND OPEB
FOR THE YEAR ENDED JUNE 30, 2024

PERA

Change of benefit terms: PERA and COLA and retirement eligibility benefit changes in recent years are described in Note 1 of the PERA fiscal year 2019 audit available on the website for the New Mexico Office of the State Auditor via the Audit Report Search.

Change of Assumptions: The Public Employees Retirement Association (PERA) of the New Mexico Annual Actuarial Valuation as of June 30, 2018 is available on PERA's website.

OPEB

OPEB Life Insurance

Change of benefit terms: There were no major changes to the benefit terms which impact the measurements provided in the Albuquerque Pooled OPEB Trust Plan.

Change in assumptions: No benefit changes occurred. The results as of June 30, 2019 were developed by a one-year roll forward of the results from July 1, 2017 valuation. The actuarial assumptions are contained in the Albuquerque Pooled OPEB Trust GASB 75 report supporting documentation section.

RHCA Insurance

Change of benefit terms: There were no major changes to the benefit terms which impact the measurements provided in the Retiree Health Care Fund: The actuarial assumptions are contained in section 3 of the RHCA GASB 74 Actuarial Report.

CITY OF ALBUQUERQUE, NEW MEXICO
DESCRIPTION OF NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

MARIJUANA EQUITY AND COMMUNITY REINVESTMENT FUND – To account for the proceeds of the Cannabis Tax for legal marijuana sales to reinvest in communities that have been disproportionately impacted by the criminalization of marijuana. (Enactment No. O-2023-027)

COMMUNITY DEVELOPMENT FUND – A project fund reported on a life-to-date basis to account for the sources and uses of Development Block Grants. (9-14-4 NMSA 1978)

FIRE FUND – To account for the proceeds of the City's share of taxes on fire insurance premiums collected by the state, which are required to be used for equipment, maintenance of equipment, or training. (59A-53-8 NMSA 1978)

LODGERS' TAX FUND – To account for the proceeds of the Lodgers' Tax which are required to be used for promotional activities and the acquisition or construction of certain facilities. (3-38-21 NMSA 1978)

HOSPITALITY TAX FUND – To account for the proceeds of the Hospitality Tax of which fifty percent are required to be used for the purpose of purchasing advertising to publicize and promote tourist-related attractions, facilities, and events. The other fifty percent are required to be used to equip and furnish the City of Albuquerque Convention Center. (3-38A NMSA 1978)

CULTURE AND RECREATION PROJECTS FUND – A project fund reported on a life-to-date basis to account for contributions and donations earmarked for specific projects of Culture and Recreation Department. (Enactment No. 51-1997, R-97-189-12th Council)

ALBUQUERQUE BIOLOGICAL PARK PROJECTS FUND - A project fund reported on a life-to-date basis to account for contributions and donations earmarked for specific projects of the Biological Park. (Enactment No. 51-1997, R-97-182-12th Council)

CITY HOUSING FUND – A project fund reported on a life-to-date basis to account for the revenues and expenditures incurred for the repair and replacement of the City operated subsidized housing. (Enactment No. 110-1984, R-84-112-6th Council)

AIR QUALITY FUND – To account for the operation of the City's Air Pollution Control Program. (9-5-1-13 RO 1994)

SENIOR SERVICES PROVIDER FUND – To account for costs related to the Area Agency on Aging program operations. (Enactment No. R-2014-024)

METROPOLITAN REDEVELOPMENT FUND – A project fund reported on a life-to-date basis to account for the revenues and expenditures incurred in connection with the rehabilitation of historical buildings. Financing is provided by certain property taxes in accordance with the State of New Mexico Metropolitan Redevelopment Code. (3-60A-6 NMSA 1978)

HOUSING AND ECONOMIC DEVELOPMENT FUND – A project fund reported on a lift-to-date basis to account for the use of proceeds from repayment of Urban Development Action Grant loans. The proceeds will be used for housing and economic development in poverty regions within the City. (4-2-2 RO 1994)

LAW ENFORCEMENT PROTECTION FUND – A project fund reported on a life-to-date basis to account for certain state taxes and fees required to be used for law enforcement services. (29-13-6 NMSA 1978)

GAS TAX ROAD FUND – To account for the proceeds of the City's share of the state shared Gas Tax revenues required to be used for street maintenance. (7-1-6.9 NMSA 1978)

AUTOMATED SPEED ENFORCEMENT FUND - To monitor the speed of travel and enforce the speed limit through speed enforcement systems. (Enactment No. R-2022-031)

CITY/COUNTY FACILITIES FUND – To account for rental income and costs of operating City/County facilities. (1984 Joint Powers Agreement)

URBAN ENHANCEMENT EXPENDITURES FUND – A project fund reported on a life-to-date basis to account for the investment earnings of the Urban Enhancement Trust Fund that is transferred to this fund and the related expenditures. (Enactment No. 79-1983, O-83-170-5th Council)

THE ALBUQUERQUE FOUNDATION – A non-profit corporation, reported as a blended component unit of the City, which is a supporting organization of the government that receives and manages private gifts and donations for the benefit of the public.

CITY OF ALBUQUERQUE, NEW MEXICO
DESCRIPTION OF NONMAJOR GOVERNMENTAL FUNDS

CAPITAL PROJECTS FUNDS

SPECIAL ASSESSMENTS CAPITAL FUNDS – To account for capital projects financed by sale of special assessment bonds.

BIOPARK TAX FUND – To account for capital projects for which financing is provided by the BioPark gross receipts tax, grants, and other miscellaneous revenues. (Enactment No. R-2016-071)

IMPACT FEES FUND – To account for the fees received from builders of new commercial and residential building restricted for funding of critical major infrastructure.

VEHICLE AND EQUIPMENT REPLACEMENT FUND – To segregate funds for planned purchases of vehicles and equipment for City departments.

DEBT SERVICE FUNDS

SALES TAX REFUNDING DEBT SERVICE FUND – To accumulate monies for payment of principal and interest of revenue bonds secured by pledges of Gross Receipts Tax (sales tax) and certain Lodgers' Tax revenues.

FIRE DEBT SERVICE FUND – To accumulate monies for payment of principal and interest of debt secured by pledges of revenues from State Fire Protection Fund distributions.

SPECIAL ASSESSMENTS DEBT SERVICE FUND – To accumulate money for payment of principal and interest of debt secured by pledges of revenues from assessments levied against benefited properties.

PERMANENT FUNDS

ROBERT M. WHITE OPEN SPACE TRUST FUND – To account for proceeds from the sale of certain properties. The principal of this fund is to be retained intact. The investment earnings are to be used for the acquisition and management of open space land. (Enactment No. 41-1982, R-82-67-5th Council)

URBAN ENHANCEMENT TRUST FUND – To account for the principal of the trust fund which is to be maintained intact. The investment earnings to are to be used to finance the design, implementation, and construction of urban enhancement improvement projects which will enhance the beauty of common usage areas of the city and enrich the City's cultural life. (O-154, Enactment No. 65-1983th)

Urban Enhancement Trust Fund	Urban Enhancement Expenditures Fund	203,110
Refuse Disposal Fund	General Fund	3,350,597
Transit Fund	General Fund	683,729
Transit Fund	Refuse Disposal Fund	150,000
Parking Facilities Fund	General Fund	148,336
Risk Management Fund	General Fund	250,000
Total transfers		<u>\$ 128,680,645</u>

	Transfers in	Transfers out
Statement of revenues, expenditures, and changes in fund balances - Governmental funds	\$ 73,391,074	\$ (124,097,983)
Statement of revenues, expenses, and changes in net position - Proprietary funds		
Enterprise funds	55,289,571	(4,332,662)
Internal service funds	—	(250,000)
Total transfers	<u>\$ 128,680,645</u>	<u>\$ (128,680,645)</u>

Included in the above transfers are payments in lieu of taxes (PILOT) to the General Fund from the following funds:

Refuse Disposal Fund	1,510,062
Transit Fund	683,729
Parking Facilities Fund	148,336
Total PILOT	<u>\$ 2,342,127</u>

STATISTICAL INFORMATION

STATISTICAL SECTION CONTENTS

The Statistical Section presents detailed information as a context for understanding what the financial statements, note disclosures, and required supplementary information say about the City's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the factors effecting the City's ability to generate its gross tax.

Debt Capacity

These schedules present information to help the reader assess the City's current levels of outstanding debt and City's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and to help make comparisons over time with other governments.

Operating Information

These schedules contain information about the City's operations and resources to help the reader understand how the City's financial report relates to services and activities provided by the City.

Source: Bernalillo County Tax Calculation Certification, by tax year

Note: Bernalillo County assesses property at 33.3% of assessed valuation in accordance with Sections 7-37-7 and 7-37-7.1 NMSA 1978.

Estimated actual value is calculated by dividing assessed value by those percentages. Tax rates are per \$1,000 of assessed value.

⁽¹⁾ Weighted average of residential rate and non-residential (commercial) rate based on percentage of each type to total assessed value.

⁽²⁾ Residential exemptions are Head of Household (\$2,000) and Veteran (\$4,000) and low income/age (65 years old with less than \$18,500 in income).

⁽³⁾ Non-residential exemptions are granted for agriculture property and for Industrial and Municipal Revenue Bonds.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEAR ENDED JUNE 30, 2024

NOTE A BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the “Schedule”) includes the federal grant activity of the City of Albuquerque (“City”) under program of the federal government for the year ended June 30, 2024. The information in this schedule is presented in accordance with the requirements of the Title 2-U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule only presents a selected portion of the operations of the City, it is not intended to and does not present the financial position or changes in net position of the City.

NOTE B SIGNIFICANT ACCOUNTING POLICY

The accompanying schedule of federal awards is prepared on the modified accrual basis of accounting.

The schedule of federal awards includes expenditures of the City of Albuquerque.

Such expenditures are recognized following the cost principles contained in OMB Circular A-87, Cost Principles for State, Local and Indian Tribal Governments, and Title 2, U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), where certain types of expenditures are not allowable or are limited as the reimbursement. The City has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEAR ENDED JUNE 30, 2024

NOTE D NON-CASH ASSISTANCE, LOANS, AND LOAN GUARANTEES

In accordance with Title 2, U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, the City discloses loans, and loan guarantees. The City considers the non-cash assistance amount to be immaterial and will fully disclose amounts in subsequent years. The reported amount includes new loans made during the year, plus prior year loans for which the federal government imposes continuing compliance requirements. Accordingly, the total expenditures per the Schedule of Expenditures of Federal Awards is adjusted as follows:

Total expenditures per Schedule of Expenditures of Federal Awards		\$	103,170,901
Loans and loan guarantees:			
HOME program	14.239		3,039,926
Adjusted total expenditures per Schedule of Expenditures of Federal Awards		\$	106,210,827

The outstanding balance of the loans and loan guarantees as of June 30, 2024, is \$3,039,926.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Honorable Mayor, Members of the City Council and
Mr. Joseph M. Maestas, P.E., CFE, New Mexico State Auditor
City of Albuquerque
Albuquerque, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, the aggregate remaining fund information, and the budgetary comparison for the general fund of the of the City of Albuquerque, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the City of Albuquerque's basic financial statements, and have issued our report thereon dated December 13, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Albuquerque's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Albuquerque's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Albuquerque's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

Honorable Mayor, Members of the City Council and
Mr. Joseph M. Maestas, P.E., CFE, New Mexico State Auditor
City of Albuquerque

We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2024-001 and 2024-002, to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2024-003, 2024-004, 2024-005, 2024-006, 2024-007, and 2024-008 to be significant deficiencies.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Albuquerque's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items 2024-014, 2024-015, 2024-016, 2024-017, 2024-018 and 2024-019.

The City of Albuquerque's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the City of Albuquerque's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The City of Albuquerque's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE**

Honorable Mayor, Members of the City Council and
Mr. Joseph M. Maestas, P.E., CFE, New Mexico State Auditor
City of Albuquerque
Albuquerque, New Mexico

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the City of Albuquerque's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the City of Albuquerque's major federal programs for the year ended June 30, 2024. The City of Albuquerque's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City of Albuquerque complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City of Albuquerque and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City of Albuquerque's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the City of Albuquerque's federal programs.

Honorable Mayor, Members of the City Council and
Mr. Joseph M. Maestas, P.E., CFE, New Mexico State Auditor
City of Albuquerque

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City of Albuquerque's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City of Albuquerque's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City of Albuquerque's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City of Albuquerque's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City of Albuquerque's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2024-009, 2024-011, 2024-012, and 2024-013. Our opinion on each major federal program is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on the City of Albuquerque's response to the noncompliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The City of Albuquerque's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Honorable Mayor, Members of the City Council and
Mr. Joseph M. Maestas, P.E., CFE, New Mexico State Auditor
City of Albuquerque

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2024-009, 2024-010, 2024-011, 2024-012, and 2024-013, to be significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the City of Albuquerque's response to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The City of Albuquerque's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section II – Financial Statement Findings

2024 – 001 Federal Expenditures and SEFA Preparation (Material Weakness)

Condition: During our testwork and procedures over major programs and the Schedule of Expenditures of Federal Awards (SEFA), we noted the following:

- A formula error on the SEFA resulted in a \$1,558,737 overstatement of expenditures. The error identified during our procedures impacted the selection of major programs for testing.
- As part of our procedures over completeness of the SEFA, we identified one program in which the amount reported on the SEFA did not agree to the underlying general ledger detail, with a total variance of \$110,604.
- A material adjustment was necessary to properly report payroll related expenditures in the correct reporting unit. This resulted in an adjustment between funds of approximately \$2,262,014.

Adjustments were subsequently made to the SEFA to correct inaccuracies identified, where required.

Criteria or specific requirement: As described in 2 CFR section 200.510 (b) Schedule of Expenditures of Federal Awards, the auditee must prepare a schedule of expenditures of federal awards for the period covered by the auditee's financial statements, which must include the total Federal awards expended as determined in accordance with 2 CFR section 200.502. Does CLA need criteria for federal expenditures?

Effect: Noncompliance with OMB requirements. The SEFA provided for audit contained inaccuracies that impacted the selection of major programs and may have led to potential misstatements or inadequate disclosures in the financial statements. Opinion units required a material adjustment to more fairly represent activity.

Cause: Lack of thorough management review of SEFA preparation and lack of effective communication between grants management and financial statement teams.

Recommendation: We recommend the City implement a review process to ensure the presentation of the SEFA is in compliance with OMB requirements.

Management Response: The City concurs with the finding. The DFAS Accounting team will develop and incorporate additional verifications into the draft SEFA preparation process and will enhance the SEFA review process to include a methodology for identifying and communicating significant adjustments.

Timeline and Responsible Position: June 2025 – Grant Administrator

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section II – Financial Statement Findings (Continued)

2024 – 002 (2023-003) Accounts Payable (Material Weakness)

Condition: During our testwork over accounts payable, we identified 5 invoices, totaling \$2,308,800, that were improperly included in accounts payable at year-end.

Management’s Progress for Repeat Findings: This is a repeated and modified finding. While the City has improved its efforts, there are still opportunities for improvement to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements as well as compliance with City policy.

Criteria or specific requirement: Per Administrative Instruction 3.7, Payments to Vendors, the accounts payable section of DFAS must ensure appropriate training is provided to departments on the use of the automated systems and on procedures to be followed.

Effect: Potential misstatement of accounts payable.

Cause: Management oversight of procedures. Per discussion with DFAS, a crucial element in the control over accounts payable is the voucher review process. This is a process whereby vouchers entered by the AP staff are routed to department fiscal staff to review and approve for accuracy prior to payment. In addition, during the year-end process department fiscal staff is responsible to review accruals entered to their department and submit any additional accruals or accrual deletions/reversals.

Recommendation: We recommend ensuring relevant training has taken place at the department-level to ensure invoices are properly evaluated for cutoff.

Management Response: The City concurs with the finding. The DFAS Accounting team provides annual accrual training that covers the topic of appropriate cutoff and provides processes for accrual additions and reductions. In this situation, the DFAS Accounting team will identify individual departments that do not appear to be following the processes and require them to attend additional training.

Timeline and Responsible Position: June 2025 – City Controller

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section II – Financial Statement Findings (Continued)

2024 – 003 Multi-Year Settlement Restatement (Significant Deficiency)

Condition: Opening net position for governmental activities was understated by approximately \$65M because the balance related to long-term multi-year settlement revenue was not reclassified on the FY23 Statement of Activities. Rather, the balance was incorrectly reported on the Statement of Net Position as a deferred inflow of resources.

Criteria or specific requirement: The accounting for the opioid settlement for those governments that are party to the agreement should follow GASBTB 2004-1 — Tobacco Settlement Recognition and Financial Reporting Entity Issues. That guidance characterizes the transaction as an exchange transaction, "... based on the notion that the payments are made to the settling states in exchange for their agreement to release the tobacco companies from present and future litigation."

Effect: Restatement of prior year balances.

Cause: The newness of accounting for the multi-year settlement revenue, combined with the volume of the activity to review in a compressed time frame did not allow this reclassification entry to take place.

Recommendation: We recommend City collaborate with legal counsel throughout the year to maintain an updated schedule of multi-year settlement agreements to reduce the year-end compression and allow time for review of all necessary conversion entries from modified accrual to full accrual basis of accounting.

Management Response: The City concurs with the finding. The DFAS Accounting team will collaborate with legal counsel bi-annually, at a minimum, to track settlement agreements. A process to ensure the conversion entries occur properly each year was implemented in November 2024.

Timeline and Responsible Position: November 2024 – City Controller

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section II – Financial Statement Findings (Continued)

2024 – 004 Cash Reserve (Significant Deficiency)

Condition: During our testwork over cash, we identified a variance of \$500,000 related to a journal entry that was posted to record cash reserves in fund 501– Special Assessments Debt Service Fund. Rather than posting a reclassifying entry between the City’s general ledger cash accounts, a journal entry was created to increase both cash and revenue. An adjustment was recorded to properly state cash and revenue.

Criteria or specific requirement: Per DFAS Accounting Division Policies and Procedures, Cash Management, Reconciliation, Receipts, Disbursements, “All reconciling items between the bank and general ledger will be resolved in a timely manner”.

Effect: Overstatement of revenue and cash.

Cause: Management oversight of procedures

Recommendation: We recommend management follow procedures outlined to ensure that adjustments are made timely and the appropriate financial statement impact is achieved.

Management Response: The City concurs with the finding. The DFAS Accounting team will ensure proper established procedures are followed and will verify the desired financial statement impact is achieved.

Timeline and Responsible Position: November 2024 – City Controller

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section II – Financial Statement Findings (Continued)

2024 – 005 (2022-002) Capital Assets (Significant Deficiency)

Condition: During our review of capital assets, we noted the following:

- For 1 of 131 samples tested, \$79,319 was included in construction in progress (CIP) for the Transit Department when it should have been expensed, resulting in an overstatement of CIP. This was identified and subsequently corrected by management.
- For 1 out of 131 samples, a large project with several funding sources had a \$15,411,072 CIP balance as of June 30, 2024. Based on the City’s website and various local news sources, a large portion of this project, comprising the majority of the CIP balance, was opened for public use during fiscal year 2023; however, the full balance remained in CIP through fiscal year 2024.
- For 1 out of 131 samples tested, a large project with several funding sources had a \$4,970,862 CIP balance as of June 30, 2024. Based on discussions with City staff, subsequent communication with the Project Manager confirmed that this project was completed as of June 30, 2024 and therefore should have been moved to a depreciable asset during fiscal year 2024, resulting in an overstatement of CIP.
- For 1 out of 131 samples tested, a large project with several funding sources had a \$9,134,477 CIP balance as of June 30, 2024, with \$3,165,205 carried forward from prior fiscal years. Per discussion with City staff, this project is still ongoing which is why the full balance has remained in CIP. However, per review of the City’s website and local news sources, the first phase of this project was opened to the public during fiscal year 2022 and approved for expansion during fiscal year 2023. Due to the expansion approval, the full project cost was kept in CIP when the CIP costs associated with the first portion of the project should have been moved to a depreciable asset when it was initially opened in a previous fiscal year.
- For 1 out of 131 samples tested, a large project with several funding sources in the amount of \$8,863,930 was moved from CIP to an infrastructure asset. Per discussion with City staff, this was moved to an infrastructure asset during fiscal year 2024 due to a change order that was processed early during the fiscal year. However, per review of the City’s website, the infrastructure asset was in use by the public during fiscal year 2023 and therefore should have been moved to an infrastructure asset during fiscal year 2023.
- 6 out of 131 samples tested related to the same project. This project had a CIP balance of \$4,947,456 as of June 30, 2024, however, per the City’s website, this asset was open to the public during fiscal year 2024 and therefore should have been moved from CIP to a depreciable asset.
- During the fiscal year, a building was donated to the City by another governmental entity. To determine the value of the building, the City utilized the project funding detail from the donating entity rather than performing an appraisal to determine the estimated fair value at the time of donation.

Management’s Progress for Repeat Findings: This is a repeated and modified finding. While the City has improved its efforts, there are still opportunities for improvement to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements as well as compliance with City policy.

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section II – Financial Statement Findings (Continued)

2024 – 005 (2022-002) Capital Assets (Significant Deficiency) (Continued)

Criteria or specific requirement: The DFAS Accounting Division Policies and Procedures, Asset Management Section states, that capital assets are reported as construction in progress in the government-wide financial statements during construction and then properly classified in the financial statements once construction is complete.

City Ordinance 2-12-6 states that a status report of each capital improvement program should be prepared annually and a status report on capital projects shall be published on a quarterly basis on the city’s website. This report shall be user-friendly, accessible to the general public and contain graphic representation of capital projects in progress.

Administrative Ordinance AI No. 6-4 Capital Assets states that donated capital assets should be reported at their estimated fair value at the time of donation to the City plus ancillary charges, if any.

Effect: Potential misstatement of capital assets and noncompliance with city ordinance.

Cause: Lack of effective procedures over capital assets.

Recommendation: We recommend the implementation of a City-wide procedure that defines a completed project, so all departments within the City evaluate on the same basis. Additionally, a checklist, or standard operating procedure could be developed to help finance personnel meet with respective project managers to document project status at regular intervals during the year, but especially at year end, to help evaluate projects that are completed and to be moved to depreciable capital assets. We also recommend that the City comply with City Ordinance 2-12-6 and prepare annually and quarterly reports, and publish on the City’s website. Lastly, we recommend the City comply with City ordinance when receiving and recording donated capital assets.

Management Response: The City concurs with the finding. DMD has launched a new project management program (Procure), which will aid in documenting when a capital asset is complete and has been placed in service. For large projects with various phases, upon confirmed completion, project phases will be capitalized independently.

DMD will ensure that an appraisal will be obtained prior to accepting future donations of capital assets.

Timeline and Responsible Position: June 2025 – Department of Municipal Development Director

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section II – Financial Statement Findings (Continued)

2024 – 006 (2022-003) Internal Controls over Payroll (Significant Deficiency)

Condition: During our testwork over payroll, we identified the following:

- For 8 out of 27 payroll samples tested, we were not provided with evidence of employee approval of their timesheets.
- For 1 out of 27 payroll samples tested, we were not provided with evidence of manager/supervisor approval of timesheets.
- For 1 out of 27 payroll samples tested, we were not provided with evidence of employee or manager/supervisor approval of timesheets.
- For 1 out of 27 payroll samples tested, an APD employee received \$50.00 worth of Ambassador Pay; however, the MOU approving the Ambassador Pay expired on June 30, 2020, and a new MOU was not put into effect.

Management’s Progress for Repeat Findings: This is a repeated and modified finding. While the City has improved its efforts, there are still opportunities for improvement to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements as well as compliance with City policy.

Criteria or specific requirement: Per Administrative Instruction 2-28: Time Reporting and Approval Policy, Section 6, it is the responsibility of each employee to ensure that their electronic timecard is complete and accurate. Employees are responsible for approving their own electronic timecard, and by doing so, the employee is attesting that, to the best of his/her knowledge, the information submitted is complete and accurate. Managers/Supervisors are responsible for approving work time submitted by their employees at the end of each pay period by the date and time designated by the Payroll Office.

Effect: Noncompliance with City policy.

Cause: Management oversight.

Recommendation: We recommend management and employees follow City policy to ensure timesheets are approved prior to the payroll processing. For departments that are considered to be exempt from City policy, ensure there is a policy exemption that is documented, reviewed and approved.

Management Response: The City concurs with the finding. The City will implement a process to determine which timesheets are not being approved and will review them to determine if additional exemptions need to be granted or if other action is necessary to ensure that timesheets are approved prior to payroll processing.

Timeline and Responsible Position: June 2025 – City Controller

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section II – Financial Statement Findings (Continued)

2024 – 007 Internal Controls over Temporary Upgrades (Significant Deficiency)

Condition: During our testwork over payroll, we identified that 1 out of 27 employees sampled received temporary upgrade pay without proper approval. Per inquiry with City staff, it was determined the employee incorrectly received the temporary upgrade from pay period end (PPE) 3/10/2023 through PPE 12/29/2023. The City identified this in January 2024 and began making payroll deductions starting on PPE 1/26/2024. In total, the City determined that approximately \$13,882 in overpayments were required to be deducted from this employee's future paychecks. As of fiscal year-end June 30, 2024, approximately \$7,444 had been deducted from the employee's paychecks as a result of the overpayments and deductions are ongoing in fiscal year 2025.

Criteria or specific requirement: Per City Personnel Rules and Regulations 702, requests for temporary upgrades must be submitted in writing to Human Resources identifying the circumstances and why the request is being submitted. Requests for temporary upgrades are reviewed and approved by the Human Resources Director. Employees temporarily upgraded shall be compensated for actual hours worked.

Effect: Noncompliance with City policy.

Cause: Management oversight.

Recommendation: We recommend management and employees follow City Personnel Rules and Regulations related to temporary upgrades.

Management Response: The City concurs with the finding. The process to approve temporary upgrades prior to January 2024 was for the manager to enter and approve the upgrade in Peoplesoft. The condition noted in this finding is for an employee that reports to the Accountability Government Oversight Committee (AGOC), and therefore does not have a manager with access to Peoplesoft.

DFAS Accounting, Payroll Section changed the process for temporary upgrades in January 2024 to include a form in PeopleSoft to go through workflow to complete approval by each department and HR. The new form allowed DFAS Accounting to query monthly all temporary upgrades and sample the population to request supporting documentation from HR.

The AGOC was made aware of a pay discrepancy associated with the Interim City Auditor. Upon request by the AGOC, Human Resources conducted a review of payroll disbursements and determined that the Interim City Auditor had erroneously been provided with a duplication of the temporary upgrade pay that she was due. The salary adjustments for the Interim role were entered twice into the payroll system.

The duplicated pay was a result of a standard payroll entry for an individual fulfilling the role in an acting capacity, as well as through her base wage, which is a process when individuals are fulfilling a role in the interim capacity.

HR's review further determined the overpayments were an inadvertent error in the salary adjustment process. Collection efforts were initiated, and are ongoing, to recover the overpayments made to Interim City Auditor. The AGOC will continue to rely on the City's established processes and internal controls to ensure accurate and appropriate payroll disbursements are made to the Office of Internal Auditor and Office of Inspector General staff.

Timeline and Responsible Position: June 2025 – City Controller

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section II – Financial Statement Findings (Continued)

2024 – 008 Internal Controls over Leases (Significant Deficiency)

Condition: During our testwork over lease receivables, we identified a variance between the lease administration module in PeopleSoft and the trial balance. Per discussion with management, the City began utilizing the lease administration module during fiscal year 2023 and the variance was a result of a control within PeopleSoft that was not properly activated, which allowed a City department to enter adjustments or amendments to leases that were unknown to the Accounting Department. This was identified by management in April 2024 and controls were properly activated; however, when GASB 87 procedures were performed at year-end, a lease adjustment that occurred before controls were activated caused a variance between trial balance amounts and future amortization amounts. As a result, an adjustment of \$2,057,303 to lease receivable and an adjustment of \$2,109,702 to deferred inflows was required to materially state balances.

Criteria or specific requirement: In accordance with GASB No. 87, Leases, a lessor should measure the lease receivable at the present value of lease payments expected to be received during the lease term, reduced by any provision for estimated uncollectible amounts. Due to the absence of appropriate controls, lease receivable did not properly reflect the present value of future lease payments, in accordance with GASB No. 87.

Effect: Potential misstatement of lease receivable.

Cause: Lack of internal controls.

Recommendation: We recommend a review of internal controls and implementation of reconciliation process to identify variances between the lease administration module and trial balance.

Management Response: The City concurs with the finding. During the year, the DFAS Accounting team identified some internal control deficiencies and implemented mitigating controls. Unfortunately, the controls were not implemented until late in the year and did not prevent some inaccuracies that were subsequently identified from occurring. DFAS Accounting will work with the Department of Technology and Innovation to add some additional messaging within the system that will further aid in preventing this situation.

Timeline and Responsible Position: November 2024 – City Controller

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section III – Findings and Questioned Costs – Major Federal Programs

2024 – 009 (2022-008) Reporting – Capital Expenditures

Federal Agency: U.S. Department of Treasury

Federal Program Name: Coronavirus State and Local Fiscal Recovery Funds (SLFRF)

Assistance Listing Number: 21.027

Federal Award Identification Number and Year: Pub. L. No. 117-2-2021

Award Period: 5/10/2021 - 12/31/2026

Type of Finding:

- Significant Deficiency in Internal Control over Compliance
- Other Matters

Management’s Progress for Repeat Findings: This is a repeated and modified finding. While the City has improved its efforts, there are still opportunities for improvement to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements as well as compliance with City policy.

Criteria or specific requirement: According to §200.303 Internal controls of 2 CFR Part 200, the recipient and subrecipient must establish, document, and maintain effective internal control over the federal award that provides reasonable assurance that the recipient or subrecipient is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award.

According to the 2022 Final Rule, for projects with total expected capital expenditures of \$1 million or greater, recipients must complete and meet the substantive requirements of a written justification for their capital expenditure. Such written justification must include the following elements:

- (i) Describe the harm or need to be addressed;
- (ii) Explain why a capital expenditure is appropriate; and
- (iii) Compare the proposed capital expenditure to at least two alternative capital expenditures and demonstrate why the proposed capital expenditure is superior.

Condition: During our testing, we noted two of the two written justifications did not include all the elements outlined in the 2022 Final Rule.

Questioned costs: None

Context: During our testing, it was noted that the written justifications for the WECH Kitchen and Gibson Medical Respite projects did not compare the proposed capital expenditure to at least two alternative capital expenditures and demonstrate why the proposed capital expenditure is superior. Total federal expenditures for WECH Kitchen and Gibson Medical Respite as of June 30, 2024 are \$1,484,411 and \$6,236,193, respectively.

Cause: Management oversight. The City did not follow the requirements of a written justification for capital expenditures as outlined in the 2022 Final Rule.

Effect: The auditor noted instances of noncompliance. Noncompliance results in inaccurate reporting.

Recommendation: We recommend the City update the written justifications to include all the elements outlined in the 2022 Final Rule.

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2024 – 009 (2022-008) Reporting – Capital Expenditures (Continued)

Management Response: The City concurs with the finding. The City’s Grant Administrator will work with the Department of Health, Housing and Homeless and the Department of Municipal Development to adequately document the comparison of capital expenditure options and demonstrate the superiority of the chosen capital project in the final written justifications.

Timeline and Responsible Position: March 2025 – Grant Administrator

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2024 – 010 (2022-005) Allowable Activities and Costs/Cost Principles – Payroll

Federal Agency: U.S. Department of Transportation

Federal Program Name: Federal Transit Cluster - Federal Transit - Formula Grants

Assistance Listing Number: 20.507

Federal Award Identification Number and Year: NM-2023-022-00 - 2023

NM-2023-036-00 - 2023

Award Period: 5/31/2023 - 9/30/2024

12/18/2023 - 6/30/2025

Type of Finding:

- Significant Deficiency in Internal Control over Compliance

Criteria or specific requirement: According to §200.303 Internal controls of 2 CFR Part 200, the recipient and subrecipient must establish, document, and maintain effective internal control over the federal award that provides reasonable assurance that the recipient or subrecipient is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award.

According to §200.511 Audit findings follow-up of 2 CFR Part 200, the auditee is responsible for follow-up and corrective action on all audit findings. At the completion of the audit, the auditee must prepare a corrective action plan to address each audit finding included in the auditor's report for the current year.

According to the City's Corrective Action Plan for the year ended June 30, 2023, the Transit department has established a timeline for the completion and approval of the timecard policy, and it is expected that the policy will take effect in April 2024.

Condition: During our testing, we noted the City did not have adequate internal controls designed to ensure proper timecard approval.

Management's Progress for Repeat Findings: This is a repeated and modified finding. While the City has improved its efforts, there are still opportunities for improvement to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements as well as compliance with City policy.

Questioned costs: None

Context: During our testing, it was noted that thirteen out of sixteen payroll disbursements did not have approval of the employees' timecards.

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2024 – 010 (2022-005) Allowable Activities and Costs/Cost Principles – Payroll (Continued)

Cause: The City has not implemented corrective action from the audit for the year ended June 30, 2023. The Transit department is working on the policy and in the final stages of getting the policy updated.

Effect: The auditor noted no instances of noncompliance with the provisions of allowable activities and costs/cost principles; however, the lack of internal controls over these compliance requirements provides an opportunity for noncompliance.

Recommendation: We recommend the City work to implement full corrective action.

Management Response: The City concurs with the finding. Transit Department staff is in the process of developing a policy establishing internal controls over timekeeping and is near finalizing the policy. Once finalized, the policy will be reviewed with appropriate parties. Further, the Transit Department is exploring the purchase and implementation of additional software to assist with enacting these controls.

Timeline and Responsible Position: April 2025 – Transit Department Director

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2024 – 011 Allowable Activities and Costs/Cost Principles – Payroll

Federal Agency: U.S. Department of Justice

Federal Program Name: Public Safety Partnership and Community Policing Grants

Assistance Listing Number: 16.710

Federal Award Identification Number and Year: 2020ULWX0001 - 2020

Award Period: 7/1/2020 - 6/30/2024

Type of Finding:

- Significant Deficiency in Internal Control over Compliance
- Other Matters

Criteria or specific requirement: According to §200.303 Internal controls of 2 CFR Part 200, the recipient and subrecipient must establish, document, and maintain effective internal control over the federal award that provides reasonable assurance that the recipient or subrecipient is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award.

According to §200.403 Factors affecting allowability of costs of 2 CFR Part 200, costs must conform to any limitations or exclusions set forth in these principles or in the federal award as to types or amount of cost items.

The FY 2020 COPS Hiring Program (CHP) award provides funding to law enforcement agencies to hire and/or rehire career law enforcement officers. Specific to the City, CHP funding is for forty new hires. According to the award, the City may only be reimbursed for the approved cost categories that are documented within the Financial Clearance Memorandum (FCM).

Condition: During our testing, we noted the City paid incentive pay with CHP funding. Also, we noted the City paid salaries and fringe benefits for four officers not listed in the Date of Hire - COPS Officer List with CHP funding.

Questioned costs: \$16,882.17

Context: During our testing, it was noted that the City paid incentive pay of \$3,000.00 for the pay period end 12/01/2023. The FCM does not have a cost category for incentive pay. Also, it was noted that the City paid salaries and fringe benefits of \$13,882.17 for four officers not listed in the Date of Hire - COPS Officer List provided to the federal agency.

Cause: The City charged the incentive pay to the grant by mistake. The City transferred the four officers to the grant during its initial years. The City moved the original forty officers to the grant and transferred any officers off the grant back to their positions funded by the general fund. These officers should have been moved out.

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2024 – 011 Allowable Activities and Costs/Cost Principles – Payroll (Continued)

Effect: The auditor noted instances of noncompliance. Noncompliance results in potential pay back of federal funds.

Recommendation: We recommend the City review costs charged to the grant to ensure the FCM has a cost category for the costs. We recommend the City review the officers charged to the grant to ensure they are listed in the he Date of Hire - COPS Officer List provided to the federal agency. For any questioned costs, we recommend the City work with the federal agency for resolution.

Management Response: The City concurs with the finding. Albuquerque Police Department (APD) Grant Administrator will meet with the City Grant Administrator to review and prepare the necessary payroll corrections, ensuring that all payroll charges allocated to the grant are accurate. The APD Grant Administrator will be responsible for submitting correcting payroll reclassifications to the City's Grants Management Section for review, entry and approval no later than January 31, 2025.

APD will work directly with the City's Grants Management Section to establish new reconciliation, reclassification and validation processes to ensure that only eligible officers and pay types are charged to the grant.

Timeline and Responsible Position: January 2025 – APD Grant Administrator

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2024 – 012 Reporting

Federal Agency: U.S. Department of Justice

Federal Program Name: Public Safety Partnership and Community Policing Grants

Assistance Listing Number: 16.710

Federal Award Identification Number and Year: 15JCOPS-23-GG-01715-TECP - 2023

Award Period: 12/29/2022 - 12/31/2024

Type of Finding:

- Significant Deficiency in Internal Control over Compliance
- Other Matters

Criteria or specific requirement: According to §200.303 Internal controls of 2 CFR Part 200, the recipient and subrecipient must establish, document, and maintain effective internal control over the federal award that provides reasonable assurance that the recipient or subrecipient is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award.

According to Part 3 of the Compliance Supplement 2024, compliance testing of performance and special reports is only required for data, identified by agencies in parts 4 and 5 as key line items, that are quantifiable and are capable of evaluation against objective criteria stated in the statutes, regulations, contract or grant agreements pertaining to the program. Performance and special reports in parts 4 and 5 are assumed to meet the above criteria. However, if an agency does not identify key line items for a performance or special report, auditors are only required to test that the report was submitted in a timely manner and no other procedures are required.

According to the terms and conditions of the award, the City is responsible for submitting semi-annual programmatic performance reports that describe project activities during the reporting period. Performance reports are due August 30 and March 1.

Condition: During our testing, we noted one of the three performance reports was not submitted timely.

Questioned costs: None

Context: During our testing, it was noted that one of the three performance reports was not submitted timely. The performance report for the reporting period end date January 31, 2024 and due March 1, 2024 was submitted on March 11, 2024.

Cause: Management oversight. The City did not submit the performance report by the due date.

Effect: The auditor noted an instance of noncompliance. Noncompliance results in untimely submission of information to the federal agency.

Recommendation: We recommend the City establish a reporting calendar. We recommend the City periodically reviews the completeness and accuracy of and adherence to the reporting calendar.

Management Response: The City concurs with the finding. The APD Grant Administrator will establish a process to ensure that all programmatic reports are submitted on time by creating a spreadsheet to track the due dates for each programmatic report. Once the reports are submitted, it will be the responsibility of the Grant Coordinator to record the submission date. If a report is submitted late, the Grant Coordinator must contact the grantor by the end of the day to explain the reason for the delay.

Timeline and Responsible Position: December 2024 – APD Grant Administrator

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2024 – 013 Reporting – Special FFATA

Federal Agency: U.S. Department of Housing and Urban Development

Federal Program Name: Community Development Block Grant Program for Entitlement Communities

Assistance Listing Number: 14.218

Federal Award Identification Number and Year: B-23-MC-35-0001 - 2023

Award Period: 7/1/2023 - 9/1/2030

Type of Finding:

- Significant Deficiency in Internal Control over Compliance
- Other Matters

Criteria or specific requirement: 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Award requires compliance with the provisions of reporting. The City should have internal controls designed to ensure compliance with those provisions. Under the requirements of the Federal Funding Accountability and Transparency Act (Pub. L. No. 109-282), as amended by Section 6202 of Pub. L. No. 110-252, hereafter referred as the “Transparency Act” that are codified in 2 CFR Part 170, recipients (i.e., direct recipients) of grants or cooperative agreements are required to report first-tier subawards of \$30,000 or more to the Federal Funding Accountability and Transparency Act Subaward Reporting System (FSRS). The key data elements are to be accurately reported and supported by the source documentation. The action is to be reported in FSRS no later than the last day of the month following the month in which the subaward/subaward amendment obligation was made or the subcontract award/subcontract modification was made.

Condition: During our testing, we noted the City did not have adequate internal controls designed to ensure the accuracy of the subaward project description for two of the four subawards. Also, the report was not timely for three of the four subawards. Lastly, the subaward amount was incorrect for one of the four subawards.

Questioned costs: None

Context: During our testing of special reporting under the requirements of the Federal Funding Accountability and Transparency Act (FFATA), we noted the following instances of noncompliance:

Transactions Tested	Subaward not reported	Report not timely	Subaward amount incorrect	Subaward missing key elements
4	0	3	1	2
Dollar Amount of Tested Transactions	Subaward not reported	Report not timely	Subaward amount incorrect	Subaward missing key elements
\$2,444,598.00	\$0	\$1,444,598.00	\$1,179,000.00	\$2,179,000.00

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section IV – Other Matters

2024 – 014 Internal Controls over Travel Cards (Other Matters)

Condition: During our testwork over travel cards, we noted the following:

- 7 out of 11 samples had an expense report submitted after 10 calendar days of return from travel, as required by the City's Travel Regulations.
- 3 out of 11 samples did not have an approved travel authorization prior to travel occurring, as required by the City's Travel Regulations.
- For 1 out of 11 samples, the City was not reimbursed \$155 by a hotel for a trip that was canceled. The City made efforts to obtain the refund, but the Travel Liaison made the determination to expense the hotel charge rather than continue to wait on a potential resolution or credit.

Criteria or specific requirement: Per the City's Travel Regulation 6.III.C, the traveler must submit their final paperwork documenting the actual costs of the trip within 10 calendar days of their return. Additionally, per the City's Travel Regulation 3.II.H, if a qualified travel advance is approved, the travel authorization must reach the Travel Coordinator and Accounts Payable Office within 10 workdays prior to the departure date to ensure sufficient processing time.

Effect: Noncompliance with City policy.

Cause: Management oversight.

Recommendation: We recommend management and employees follow City travel regulations. Implementation of a formal exception process is encouraged; for individual instances of travel that are considered to be excepted from City policy, ensure there is a policy exception that is documented, reviewed and approved.

Management Response: The City concurs with the finding. The DFAS Accounting team requires and provides training to departments before they are permitted to handle their own travel. The DFAS Accounting team will provide refresher training for departments that are identified as consistently not following policy. The DFAS Accounting team will also update travel policies to include a formal process that will provide for the documentation, review and approval of individual exceptions to City policy.

Timeline and Responsible Position: June 2025 – City Controller

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

2024 – 013 Reporting – Special FFATA (Continued)

Cause: Management oversight. Specific to report not timely, the delay was due to staff turnover. Specific to subaward amount incorrect, the difference was due to the amount used from the investment summary which included the Program Income.

Effect: The auditor noted instances of noncompliance with special reporting under the requirements of the FFATA.

Recommendation: We recommend the City establish a reporting calendar. We recommend the City periodically reviews the completeness and accuracy of and adherence to the reporting calendar. Also, we recommend the City implement a formal review process of the reporting of first-tier subawards of \$30,000 or more to the FSRS.

Management Response: The City concurs with the finding. The CDBG contract check list has been updated to include the FFATA reporting requirement. The Fiscal CDBG Policies and procedures have been modified to include a section on FFATA reporting to be completed with the timeframe set forth in the FFATA requirements.

Timeline and Responsible Position: December 2024 – Department of Health, Housing and Homelessness Fiscal Manager

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section IV – 12-6-5 NMSA 1978 Findings

2024 – 014 Internal Controls over Travel Cards (Other Matters)

Condition: During our testwork over travel cards, we noted the following:

- 7 out of 11 samples had an expense report submitted after 10 calendar days of return from travel, as required by the City's Travel Regulations.
- 3 out of 11 samples did not have an approved travel authorization prior to travel occurring, as required by the City's Travel Regulations.
- For 1 out of 11 samples, the City was not reimbursed \$155 by a hotel for a trip that was canceled. The City made efforts to obtain the refund, but the Travel Liaison made the determination to expense the hotel charge rather than continue to wait on a potential resolution or credit.

Criteria or specific requirement: Per the City's Travel Regulation 6.III.C, the traveler must submit their final paperwork documenting the actual costs of the trip within 10 calendar days of their return. Additionally, per the City's Travel Regulation 3.II.H, if a qualified travel advance is approved, the travel authorization must reach the Travel Coordinator and Accounts Payable Office within 10 workdays prior to the departure date to ensure sufficient processing time.

Effect: Noncompliance with City policy.

Cause: Management oversight.

Recommendation: We recommend management and employees follow City travel regulations. Implementation of a formal exception process is encouraged; for individual instances of travel that are considered to be excepted from City policy, ensure there is a policy exception that is documented, reviewed and approved

Management Response: The City concurs with the finding. The DFAS Accounting team requires and provides training to departments before they are permitted to handle their own travel. The DFAS Accounting team will provide refresher training for departments that are identified as consistently not following policy. The DFAS Accounting team will also update travel policies to include a formal process that will provide for the documentation, review and approval of individual exceptions to City policy.

Timeline and Responsible Position: June 2025 – City Controller

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section IV – 12-6-5 NMSA 1978 Findings (Continued)

2024 – 015 (2023-014) Final Inventory Listing (Other Matters)

Condition: During the inventory observations that took place on June 28, 2024, we identified nine instances where CLA’s physical count of parts & supplies inventory items did not agree to the inventory listing. These discrepancies were communicated to City staff, but not subsequently corrected on the final inventory listing. The City departments involved include Aviation, Solid Waste and Transit.

Management’s Progress for Repeat Findings: This is a repeated and modified finding. While the City has improved its efforts, there are still opportunities for improvement to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements as well as compliance with City policy.

Criteria or specific requirement: Per the DFAS Policies and Procedures: Inventory Control, City Departments are to implement inventory count procedures specific to their departments. GL Journal entries are made by the Department or the Accounting Division at year-end to adjust inventory to actual.

Effect: Final inventory listing did not accurately reflect correct quantities of nine inventory items.

Cause: Lack of effective implementation of procedures over final inventory adjustments.

Recommendation: We recommend the City follow policies and procedures to ensure final inventory listings reflect the results of the physical count.

Management Response: The City concurs with the finding. The Aviation, Solid Waste and Transit Departments will review and revise inventory instructions to ensure clarity on the process for handling and recording variances. The departments will also ensure that those performing inventory are trained on the procedures.

Timeline and Responsible Position: June 2025 – Directors; Aviation, Solid Waste and Transit Departments

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section IV – 12-6-5 NMSA 1978 Findings (Continued)

2024 – 016 Internal Controls over Cash (Other Matters)

Condition: During a surprise cash count at one of the City’s cash sites we noted the following:

- The petty cash box, containing \$1,149 at the time of the walkthrough, was unlocked and stored under the cash register. Per discussion with concessionaire staff, the cash box is locked in the office of the General Manager every night, but it is kept unlocked under the cash register during the day for efficiency purposes.
- During walkthroughs of the cash receipt daily deposit process, the same individual verified and completed the deposit worksheet. As a result, one of the deposit packets reviewed contained a mathematical error, with the deposit being \$1.07 short after corrections were made.
- There were two instances where the deposit amount did not agree to the daily report ran from RecTrac, the City’s point of sale system. One deposit was \$1.07 short, and the other deposit was \$0.83 over.

Criteria or specific requirement: Per the City’s Administrative Code AI NO: 2-8 Cash Handling, Depositing and Recording of Public monies, each City department receiving monies at authorized cash sites on behalf of the City shall formally designate persons to receive, deposit and record these monies to the general ledger utilizing the PeopleSoft System Accounts Receivable Deposit module within twenty-four (24) hours of receiving monies pursuant to Section 6-10-2 through 6-10-3 NMSA 1978 and the City’s Cash Handling Policy & Procedures manual. The Custodian will be responsible for all monies issued to their cash site.

Effect: Noncompliance with City policy.

Cause: Management oversight.

Recommendation: We recommend the City provide additional training and guidance to contracted concessionaires to ensure that concessionaire employees comply with administrative code with respect to cash handling procedures at the various cash sites.

Management Response: The City concurs with the finding. The cash site in question is managed by concessionaire contract staff who are, nevertheless, required to follow all City Cash Handling policies and procedures. This cash site no longer possesses a petty cash box. Furthermore, the Parks and Recreation Fiscal team will perform surprise audits over cash sites throughout the year to ensure all City Cash Handling policies and procedures are being followed.

Timeline and Responsible Position: June 2025 – Parks and Recreation Department Director

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section IV – 12-6-5 NMSA 1978 Findings (Continued)

2024 – 017 Retention of PERA Applications (Other Matters)

Condition: During our review of PERA applications for employees that were hired during fiscal years 2023 and 2024, we noted that 12 out of 25 PERA applications noted “unavailable for signature” on the signature line and were dated September 2024. Per discussion with Human Resources staff, these employees have been properly contributing to the appropriate retirement plans since their hire date and initial applications were submitted to PERA timely; however, the initial applications had not been properly retained by the City due to a system conversion. Subsequently, we received copies of the completed initial forms directly from New Mexico PERA and confirmed that all employees in our sample were properly contributing to the appropriate retirement plans.

Criteria or specific requirement: Per the City’s Administrative Code AI No. 1-5, Records Management, except as otherwise required by federal or state law, regulation, or contract, the retention periods for general records common to and maintained by all City departments, agencies, and offices shall be in accordance with the functional records retention and disposition schedules (FRRDS) in the New Mexico Administrative Code. Per NMAC 1.21.2.241 Contributions, the New Mexico governmental entity shall retain records related to employee contributions to retirement or pension funds.

Effect: Noncompliance with New Mexico Administrative Code and City policy.

Cause: Management oversight.

Recommendation: We recommend the City retain completed PERA applications in accordance with the City and New Mexico State record retention requirements.

Management Response: The City concurs with the finding. City Human Resources Department has identified an issue in system transition that caused the forms to be unavailable and has implemented corrective measures. Going forward we will ensure forms are kept in compliance with retention requirements.

Timeline and Responsible Position: December 2024 – Human Resources Department Insurance and Benefits Coordinator

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section IV – 12-6-5 NMSA 1978 Findings (Continued)

2024 – 018 (2022-013) IT Procedures – Documentation for Periodic Review, Vendor Management, and Disaster Recovery Plan Test (Other Matters)

Condition: During our review of Information Technology (IT) general controls over the significant financial related applications, we noted the following:

- Documentation for Periodic Review of User Access on Datacenter and Active Directory – City of Albuquerque datacenter houses critical computer equipment and electronic data. User access requirements can change as a result of several factors including transfers, terminations, promotions, reorganization, and department growth. An analysis between active network users and terminations during the audit period revealed 41 terminated employees still listed as active.
- Vendor Management – The City has outsourced processes to vendors outside of the City. At the end of the fiscal period, there was no documented review of vendor’s System and Organization Control (SOC) reports or security questionnaires and evaluations of the internal controls at the vendors.
- Disaster Recovery Plan – The Department has a disaster recovery plan; however, the plan has not regularly been reviewed and tested.

Management’s Progress for Repeat Findings: This is a repeated and modified finding. While the City has improved its efforts, there are still opportunities for improvement to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements as well as compliance with City policy.

Criteria or specific requirement:

- In accordance with ISACA’s Control Objectives for Information and related Technology (COBIT) 5 framework (DSS04), provides the need to maintain the level of information security acceptable to the organization in accordance with the security policy. This process includes establishing and maintaining security measures and related management procedures to protect sensitive equipment and information. In accordance with ISACA’s Control Objectives for Information and related Technology (COBIT) 5 framework (DSS05) ensure system security, provides that the need to maintain the integrity of information and protect IT assets.
- Vendor Management – In accordance with ISACA’s Control Objectives for Information and related Technology (COBIT) 5.0 framework (DSS05 Manage Security Services) provides the need to maintain the level of information security acceptable to the organization in accordance with the security policy. This policy includes establishing and maintaining vendor relationship and vendor management.
- Disaster Recovery Plan – In accordance with ISACA’s Control Objectives for Information and related Technology (COBIT) 5 framework (DSS04), to ensure continuous service, a Disaster Recovery and Business Continuity Plan needs to be developed and tested to reduce the impact of a major disruption of key business functions and processes.

Effect:

- Documentation for Periodic Review of User Access on Datacenter and Active Directory – City of Albuquerque is at risk of unauthorized access to datacenter corrupting valuable equipment and/or data. Not performing a regular, standardized user account audit increases the risk that the organization may not identify all old and unused user accounts, users with improper access to the system, and/or unauthorized system users.
- Vendor Management – The City is exposed to loss of revenue, reputation damage, disclosure of non-public data, loss of technology assets as a result of the following:
 - Unauthorized access or inappropriate activity
 - Known or unknown vendor relationships are not properly managed
 - City does not adequately assess risk associated with outsourcing services or management of services
 - City establishes a relationship with a vendor that does not support the City’s strategic objectives, provide services that are a core competency, illustrate financial stability, have appropriate personnel, adequate controls or assurance controls are effective.
- Disaster Recovery Plan – The Department is at risk of losing valuable data and may experience delays in its ability to recover technical infrastructure within an acceptable time period.

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section IV – 12-6-5 NMSA 1978 Findings (Continued)

2024 – 018 (2022-013) IT Procedures – Documentation for Periodic Review, Vendor Management, and Disaster Recovery Plan Test (Other Matters) (Continued)

Cause:

- Documentation for Periodic Review of User Access on Datacenter and Active Directory – City of Albuquerque houses critical computer equipment and electronic data at the datacenter and protection of these equipment and data relies on strict physical security controls. The volume of users and the numerous systems make the reviews challenging.
- Vendor Management – The City has not completed the review of the SOC reports for the fiscal year due to lack of knowledge.
- Disaster Recovery Plan – The Department uses the data center maintained by the Department of Information Technology and relies on them for disaster recovery services.

Recommendation:

- Documentation for Periodic Review of User Access on Datacenter and Active Directory – CLA recommends that the City of Albuquerque conduct a formal review of all network/AD user accounts and their access level (including this with datacenter access) on at least an annual basis. The review process should be documented, and sign-off should be obtained from IT personnel completing the review. The review should ensure that all user accounts are assigned to current employees by comparing a system account listing to a current employee list from Human Resources. In addition, a review of access levels should be performed by comparing the user’s current access rights listed on the system to those listed on their access form, and by confirming the user’s access rights with their departmental manager.
- Vendor Management – The City should perform the review of SOC reports or security questionnaires of the vendors and evaluate the vendor’s internal controls and the impact on the Department own internal controls.
- Disaster Recovery Plan – The Department should create a test plan to test the effectiveness of the disaster through a combination of tabletop exercise and technical testing. The test results will also provide the Department with additional knowledge to revise the recovery plan to have a more successful recovery in the event of a disaster.

Management Response: The City concurs with the finding. Department of Technology and Innovation (DTI) staff perform a quarterly review of user access to the data center and active directory has already been implemented. Going forward, DTI will add a signature block. City DTI staff do receive vendor SOC reports and, in August 2024, began documenting the review of those reports. Lastly, the City runs regular tabletop exercises to determine the effectiveness of responses to various incidents including, but not limited to, disaster recovery. DTI incorporates these into process improvements. In August 2024, the department successfully passed a COOP assessment by the Office of Emergency Management (OEM), and is now collaborating with OEM to rewrite the departmental COOP procedures.

Timeline and Responsible Position: June 2025 – Department of Technology and Innovation Director

CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

Section IV – 12-6-5 NMSA 1978 Findings (Continued)

2024 – 019 Budgetary Compliance (Other Noncompliance)

Condition: During our review of the legally adopted FY24 budget, we noted nine funds that had expenditures greater than the established budget.

Criteria or specific requirement: Per NMAC 2.2.2.10.R(1)(a), if actual expenditures exceed budgeted expenditures at the legal level of budgetary control, that fact shall be reported in a finding and disclosed in the notes to the financial statements.

Effect: Noncompliance with state statutes.

Cause: Timing of submission of the annual clean-up legislation.

Recommendation: We recommend the City establish controls necessary to monitor the budget and submit any necessary budgetary adjustments on a timely basis to avoid overspent amounts.

Management Response: Management disagrees with the finding. Expenditures are not greater than established appropriations. Council approved appropriation adjustments to the related funds in the City’s annual clean-up bill on December 16, 2024 for fiscal year 2024. The City has well-established controls to prepare an annual clean-up Resolution to adjust fiscal year appropriations for certain funds and programs to provide for actual expenditures. The City will strive to approve budgetary adjustments prior to the submission of the City’s ACFR to the Office of the State Auditor.

Timeline and Responsible Position: June 2025 – Department of Finance & Administrative Services Director

Auditor’s Response: NMAC 2.2.2.10.R(1)(a) requires a budget finding when actual expenditures exceed budgeted expenditures at the legal level of budgetary control. For detail of overspent funds, refer to Note IV. Q Budget Violations. Resolution R-24-106 was passed as amended by City Council on December 16, 2024. On January 2, 2025, the Mayor Approved the Resolution with a veto on two line items. At the time of the regulatory due date for the City’s ACFR, there was no enactment number related to this ordinance.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

SECTION II – FINANCIAL STATEMENT FINDINGS

Current Year Findings:

None.

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Current Year Findings:

Finding 2024-001 (2023-004): MISSING REQUIRED DOCUMENTATION FROM PUBLIC HOUSING FILES (SIGNIFICANT DEFICIENCY)

CONDITION: During the review of the AHA Public Housing (PH) files we observed that multiple files were incomplete. The random sample selected for testing identified missing documentation as follows:

- 19 of 70 (27.1%) Current Enterprise Income Verifications (EIV) System
- 16 of 70 (22.9%) Home Occupancy Questionnaire Forms
- 14 of 70 (20.0%) Release of Information
- 3 of 28 (10.7%) Certification of Disability
- 6 of 70 (8.6%) Citizenship/Immigration Status
- 5 of 70 (7.1%) Annual or Move-in Inspection

Management's progress - Management conducted policy and compliance trainings for employees. Management has improved organization and consistency of tenant files, including use of compliance checklists.

Questioned Costs: None.

CRITERIA: 2 CFR section 14-850 Public and Indian Housing Eligibility requirements include:

- (1) As a condition of admission or continued occupancy, require the tenant and other family members to provide necessary information, documentation, and releases for the PHA to verify income eligibility (24 CFR sections 5.230, 5.609, and 960.259).
- (2) For both family income examinations and reexaminations, obtain and document in the family file third party verification of (a) reported family annual income, (b) the value of assets, (c) expenses related to deductions from annual income, and (d) other factors that affect the determination of adjusted income or income-based rent (24 CFR section 960.259).
- (5) Reexamine family income and composition at least once every 12 months and adjust the tenant rent and housing assistance payment as necessary using the documentation from third party verification (24 CFR sections 960.253, 960.257, and 960.259).

[24 CFR 5, Subpart E]

Housing assistance is available only to individuals who are U.S. citizens, U.S. nationals (herein referred to as citizens and nationals), or noncitizens that have eligible immigration status. At least one family member must be a citizen, national, or noncitizen with eligible immigration status in order for the family to qualify for any level of assistance.

The Albuquerque Housing AHA FY2023 Administrative Plan Manual requires:

Income and Income Validation Tool (IVT) Reports. For each new admission, the PHA is required to review the EIV Income and IVT Reports to confirm and validate family reported income within 120 days of the IMS/PIC submission date of the new admission. The PHA must print and maintain copies of the EIV Income and IVT reports in the tenant file and resolve any discrepancies with the family within 60 days of the EIV Income or IVT report dates.

U.S. Citizens and Nationals. In general, citizens and nationals are required to submit only a signed declaration that claims their status. However, HUD regulations permit AHA to request additional documentation of their status, such as a passport.

ALBUQUERQUE HOUSING AUTHORITY
A COMPONENT UNIT OF THE CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS - Continued

Finding 2024-001 (2023-004): MISSING REQUIRED DOCUMENTATION FROM PUBLIC HOUSING FILES (SIGNIFICANT DEFICIENCY) (CONTINUED)

Annual/Biennial Inspections. HUD requires the AHA to inspect each unit under lease at least annually or biennially, depending on AHA policy, to confirm that the unit still meets HQS. The inspection may be conducted in conjunction with the family's annual reexamination but also may be conducted separately.

CAUSE: The AHA has had high staff turnover creating an inconsistent environment for training and compliance monitoring.

EFFECT: The AHA is not in compliance with the documentation of HUD and the AHA's requirements. Ineligible individuals may be incorrectly approved for assistance and residences that do not meet requirements may be leased.

RECOMMENDATION: The AHA should provide training on documentation requirements and filing. Additionally, AHA should implement a monitoring process to ensure all files contain the required documents.

MANAGEMENT RESPONSE: Training and education was scheduled and held with staff.

1. On December 10, 2023, the Public Housing (PH) Program Manager and Asset Manager met with Public Housing staff to go over audit findings. Based on the audit findings, a half day training on tenant file compliance was scheduled and completed with Property Managers and office assistants on January 4, 2024.
2. AHA contracted with an external consultant to support ongoing training and process refinement and maintenance. The first round of training was completed April 1-4, it was a Property Manager certification course. All AHA Property Managers attended the course and all but one received their certification.
3. The Department held a Property Manager Maintenance training August 12-14, 2024.

Correction of the identified public housing files will be completed by January 30, 2025. This will include the completion of training for staff. Further on site training and mentoring activities are scheduled for spring of the calendar year 2025. AHA has budgeted for a new position for compliance in public housing. The cycle of training and implementation of the new position should be completed by end of spring 2025.

Position Responsible for implementing corrective action: Asset Manager.

ALBUQUERQUE HOUSING AUTHORITY
A COMPONENT UNIT OF THE CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

SECTION IV – SECTION 12-6-5 NMSA 1978 FINDINGS

Current Year Findings:

Finding 2024–002: PAYROLL WITHHOLDINGS (OTHER NON-COMPLIANCE)

CONDITION: Six out of a sample of twenty payroll disbursements selected for testing evidenced incorrect amounts withheld for New Mexico Retiree Healthcare Authority (NMRHCA). The resulting overage was due to applying the withholding and contribution rates to prohibited pay-types. The disbursement overages for the sample tested totaled \$108, with employer-share contributions being overpaid by \$216. NMRHCA contributions were incorrectly withheld for overtime wages, a lump sum vacation payout, and a spot award.

CRITERIA: Retiree Health Care Act 2.81.5.7 NMAC Definitions:

"Salary" shall not include overtime pay, unless the overtime payment is required for a regular scheduled tour of duty as set forth in Section 207 (k) of Title 29 of the United States code and is made on the regular payroll for the period represented by the payment. "Salary" for overtime pay required for a regular tour of duty does not include on-call or special events duty, or other duty performed by a member on a voluntary or ad hoc basis, which is temporary and does not become part of the member's base salary. "Salary" shall not include allowances for housing, clothing, equipment or travel, payments for unused sick leave, unless the unused sick leave payment is made through continuation of the member on the regular payroll for the period represented by that payment. "Salary" also shall not include lump sum payments which are not part of the member's fixed periodical compensation, such as lump sum annual and sick leave or occasional payments to elected officials for attending meetings, allowances for any purpose, employer contributions to a private retirement program, or other fringe benefits, even if they are paid to or for a member on a regular basis, and any other form of remuneration not specifically designated by law.

CAUSE: The Authority switched payroll services providers. The new provider incorrectly included certain pay items in calculating NMRHCA withholding.

EFFECT: NMRHCA contributions were over-withheld. Employer matching contributions were also overpaid.

RECOMMENDATION: The Authority should work with its payroll service provider to ensure that NMRHCA contributions withholding amounts are accurate.

MANAGEMENT RESPONSE: AHA recognized the overpayment to NM Retiree Health Insurance on behalf of the employees and the employer. AHA worked with the payroll company to ensure all pay codes were corrected in calculating the OPEB (NMRH) retiree health insurance benefit contributions. AHA worked with NMRHCA in obtaining a refund for the overpayment. The refunds made to employees and the employer were completed September 4, 2024 payroll.

Position Responsible for implementing corrective action: Director of Finance.

Finding 2024–003: PAYROLL DOCUMENTATION (OTHER NON-COMPLIANCE)

CONDITION: One out of sample of twenty payroll disbursements/employee files selected for testing did not evidence a fully completed federal Form I-9.

CRITERIA: Immigration Reform and Control Act of 1986:

Form I-9 is used for verifying the identity and employment authorization of individuals hired for employment in the United States. All U.S. employers must ensure proper completion of Form I-9 for each individual they hire for employment in the United States. This includes citizens and noncitizens. Both employees and employers (or authorized representatives of the employer) must complete the form. On the form, an employee must attest to his or her employment authorization. The employee must also present his or her employer with acceptable documents evidencing identity and employment authorization. The employer must examine the employment eligibility and identity document(s) an employee presents to determine whether the document(s) reasonably appear to be genuine and to relate to the employee and record the document information on the Form I-9. Employers must retain Form I-9 for a designated period and make it available for inspection by authorized government officers.

ALBUQUERQUE HOUSING AUTHORITY
A COMPONENT UNIT OF THE CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

SECTION IV – SECTION 12-6-5 NMSA 1978 FINDINGS - Continued

Finding 2024–003: PAYROLL DOCUMENTATION (OTHER NON-COMPLIANCE) - continued

CAUSE: The Authority did not ensure that all personnel files included I-9 forms which were fully completed.

EFFECT: Incomplete I-9 forms could subject the Authority to fines imposed by the U.S. Citizenship and Immigration Services.

RECOMMENDATION: The Authority should review all personnel files to ensure they all contain fully completed I-9 forms.

MANAGEMENT RESPONSE: A review has been completed to ensure that AHA has fully completed I-9 forms for all personnel. The one incomplete form was corrected immediately. Processes are in place for one person to complete and a second person to review the I-9 and documentation upon hire; monthly review of the I-9 folder; and annual audit of the I-9 folder. Corrected October 2024.

Position Responsible for implementing corrective action: HR Manager.

Finding 2024–004: NON-COMPLIANCE WITH THE AUDIT ACT DUE TO FAILING TO REPORT STOLEN VEHICLE (OTHER NON-COMPLIANCE)

CONDITION: During the audit of the Albuquerque Housing Authority (AHA) the auditors learned a 2014 Diesel Chevrolet Silverado truck was stolen on November 5, 2023. The insurance proceeds received for the vehicle, after the \$1,000 deductible, totaled \$19,950.06. AHA did not notify the office of the State Auditor (OSA) of this theft as required by the Audit Act.

CRITERIA: NMSA 1978 Section 12-6-6 states: “Immediately upon the discovery of any violation of a criminal statute in connection with financial affairs... an agency or independent auditor shall report the violation immediately to the state auditor.” These are commonly referred to as “12-6-6 Notifications”.

NMSA 1978 Section 12-6-10 describes requirements for the annual inventory and includes “...movable chattels and equipment costing more than \$5,000.” The stolen vehicle is an inventory item and criminal violations affecting inventory items are directly connected to financial affairs.

CAUSE: AHA has experienced staff turnover and newer staff are not familiar with the requirements associated with NMSA 1978 Section 12-6-6.

EFFECT: AHA did not comply with state laws regarding reporting criminal violations to the state auditor. Non-compliance with NMSA 1978 Section 12-6-6, Criminal Violations, diminishes the OSA’s ability to assess risks related to, and examine, crimes involving public funds and resources. Non-compliance with the reporting requirements diminishes public confidence in the fiscal operations of AHA.

RECOMMENDATION: The AHA should ensure all staff understand the statutory reporting requirements associated with 12-6-6 notifications. AHA should immediately upon the discovery of any violation of a criminal statute in connection with financial affairs report the violation to the State Auditor.

MANAGEMENT RESPONSE: AHA was unaware of the statute to report stolen property (purchased with public funds) be reported within 24 hours of the theft to NM Office of State Auditor. Per AHA policy on theft of property, an internal incident report is documented and reported to the local police department with a case number filed. This is also reported to our insurance firm within 24 hours of notification. If the property is not recovered, then AHA procedure is to submit to our Board of Disposition of Assets and once approved, is submitted to the State of NM Audit office. AHA did follow these procedures on this asset. AHA will modify its incident report to include notification of the theft to the NM Auditors Office. Anticipated completion date 11/20/24.

Position Responsible for implementing corrective action: Director of Finance.

ALBUQUERQUE HOUSING AUTHORITY
A COMPONENT UNIT OF THE CITY OF ALBUQUERQUE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2024

SECTION IV – SECTION 12-6-5 NMSA 1978 FINDINGS - Continued

Finding 2024-005: NON-COMPLIANCE WITH THE AUDIT ACT AND REQUIREMENTS FOR CONTRACTING AND CONDUCTING AUDITS OF AGENCIES (OTHER NON-COMPLIANCE)

CONDITION: The audit of the Albuquerque Housing Authority (AHA) is a group audit which involves many separate entities. All these separate entities are agencies as defined under the audit act. The AHA coordinates all the audits on behalf of component units. The three discreetly presented component unit audit engagements were not contracted through the Office of the State Auditor (OSA), the associated audit reports were not submitted to the OSA for review and these reports were not publicly released by the State Auditor.

CRITERIA: NMSA 1978 Section 12-6-14(A) states: “...Each contract for auditing entered into between an agency and an independent auditor shall be approved in writing by the state auditor. Payment of public funds may not be made to an independent auditor unless a contract is entered into and approved as provided in this section;”

NMSA 1978 Section 12-6-14(B) states: “The state auditor or personnel of the state auditor’s office designated by the state auditor shall examine all reports of audits of agencies made pursuant to contract...”

NMSA 1978 Section 12-6-5(A) states: “...the report shall become a public record...”

2.2.2 NMAC Requirements for Contracting and Conducting Audits of Agencies (the Audit Rule) contains detailed procedures for the audit contracting process, audit payments, and delivery, review and subsequent public release of the audit report.

CAUSE: AHA was unaware of the requirement for component units to comply with the above-stated criteria.

EFFECT: AHA did not comply with state laws as they pertain to the agency’s discreetly presented component units. Audit contracts were not submitted to the OSA for approval, audit reports were not submitted to the OSA for review, and no audits were publicly released. Lack of compliance with the Audit Act and Audit Rule diminishes the legitimacy of the associated reports. The lack of transparency associated with these audits diminishes public confidence in the fiscal operations of AHA.

RECOMMENDATION: AHA should ensure their component units comply with all Audit Act and Audit Rule requirements. Contracts for component units should be submitted in a timely manner, in accordance with procedures defined in the Audit Rule. Audit reports should be submitted for the statutorily required review and subsequent public release in accordance with procedures defined in the Audit Rule.

MANAGEMENT RESPONSE: The contracts for the audits for the three (3) component units for CY2023 were approved and signed. The contracts were submitted and posted in the NM State Auditors Office (OSA’s) Connect Portal. AHA has been made aware that the audited financial reports were not posted to the auditors submission page. AHA’s audited financial reports for the three discreetly presented component units were completed but not submitted to the State Audit Office portal. AHA is working with the audit firm Novogradac & Company LLP to ensure compliance with the State Auditor’s rule. Anticipated completion dates 12/31/24.

Position Responsible for implementing corrective action: Director of Finance.

ALBUQUERQUE HOUSING AUTHORITY
Empowering people in our community through affordable housing and self-sufficiency opportunities

SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS

JUNE 30, 2024

SECTION II – FINANCIAL STATEMENT FINDINGS

Prior Year Finding:

Finding 2023-001: GASBS 87 Leases, Material Weakness

Current Year Status: This Finding is resolved.

Finding 2023-002 (2018-001): Internal Control over Financial Reporting, Material Weakness

Current Year Status: This Finding is resolved.

Finding 2023-003: Capital Asset Disposals, Significant Deficiency

Current Year Status: This Finding is resolved.

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Prior Year Findings:

Finding 2023-004: Missing Required Documentation from Public Housing Files, Significant Deficiency

Current Year Status: This Finding is repeated and modified as Current Year Finding 2024-001.

SECTION IV – STATE OF NEW MEXICO AUDIT FINDINGS (SECTION 12-6-5 NMSA 1978)

Prior Year Findings:

None

CORRECTIVE ACTION PLAN

JUNE 30, 2024

Finding 2024-001: Missing Required Documentation from Public Housing Files

AHA has implemented a training program for staff and is hiring a new position Compliance technical review.

Responsible Party: Barbara D’Onofrio, Director of Finance

Anticipated Completion Date: February 2025

Finding 2024-002 – Payroll Withholdings

AHA worked with NMRHCA in obtaining a refund for the overpayment. The refunds made to employees and the employer were completed September 4, 2024 payroll.

Responsible Party: Barbara D’Onofrio, Director of Finance

Anticipated Completion Date: February 2025

Finding 2024-003 – Payroll Documentation

The one incomplete form was corrected immediately. Processes are in place for one person to complete the form and a second person to review. There will be an annual audit of the I-9 folder.

Responsible Party: Barbara D’Onofrio, Director of Finance

Anticipated Completion Date: November 2024

Finding 2024-004 – Non-compliance with the Audit Act due to failing to report stolen vehicle

AHA will modify its incident report to include notification of theft to the NM Auditors Office.

Responsible Party: Barbara D’Onofrio, Director of Finance

Anticipated Completion Date: November 2024

Finding 2024-005 – Non-compliance with the Audit Act due to failing to report and requirements for contracting and conducting audits of agencies

AHA has been in conversation with OSA over the past 8 months. OSA identified a technical issue on their website and the auditor is preparing to upload the audited financials to the OSA web portal.

Responsible Party: Barbara D’Onofrio, Director of Finance

Anticipated Completion Date: December 2024
