FRAMEWORK FOR ASSESSING RISK

WHAT'S NEXT FOR CITY FACILITIES AND SERVICES

With limited capacity, COVID-safe measures in place and no special events:

WEEK OF MAY 16th

- Office buildings (City Hall, Plaza del Sol) will begin to re-open to more employees and to the public on a limited basis
- Parks facilities
 - Shooting Range, Horsemen's Complex, racquet sports facilities, Maloof Air Park, Open Space Visitor Center
- Limited in-person services – Small Business Office, Film Office, Solid Waste, Transit, Construction Permitting
- Environment Health in-person inspections and responsive enforcement expand

FIRST WEEK OF JUNE

- Some of our outdoor cultural facilities with timed ticketing in June
 - Tingley Beach (free)
 - BioPark (zoo, aquarium, botanic gardens) outdoor spaces
- Libraries and indoor cultural facilities

PHASES TWO AND THREE

- Gradual expansion of capacity and openings, implementing lessons learned

UQU
ER
QUE

WHAT'S NEXT FOR CITY EMPLOYEES

- Sick leave policy and telecommuting policies continue, but Departments can begin to bring staff back to office buildings
- Providing more information for employees who will be slowly returning to work—based on successful APD protocol in place for several weeks.
- If an employee is found to be sick while at work:
 - All personnel will be evacuated from the work area
 - Personnel work remotely from home or alternate location
 - Personnel with direct exposure to the ill employee work remotely for 10 days
 - If test is negative they will be authorized to work at their original assigned location
 - Department will not be staffed until a Contractor has completely cleaned and sanitized the building or section of building
- Supporting our employees - any city employee needing to isolate and wishes to isolate or quarantine somewhere other than their home can contact the EOC.

WHAT'S NEXT FOR SUMMER PROGRAMS

- Planned Summer Programs to track with phased re-opening
- Prepared to enter Phase 1 with 5:1 ratios
- Modified programs at reduced capacity, intended for families who must work and have no other childcare options
- Family and Community Services, Cultural Services, Senior Affairs, and Parks will all offer summer programs to give working parents an option for childcare
- Measures we are already taking comply with the State Public Health Order include significantly reduced capacity, social distancing, hygiene and cleaning, PPE, screening, and sign-in/sign-out processes will facilitate a safe and engaging summer for thousands of Albuquerque

RE-OPENING TRANSIT & TRANSPORTATION

- ◊ Without COVID-Safe Practices
- ◆ With COVID Safe Practices

COVID-SAFE PRACTICES AT CABQ

- City is already serving the public in ways that observe social distancing, keep workers and the public safe, and deliver essential services.
- CABQ will limit overall capacity in buildings and facilities, and strictly follow CDC guidance and state public health orders on gathering sizes.
- Sign-in and reservation requirements enable contact traceable quarantine, and quarantine protocols are in place at each site.
- State Order requires staff and public required to wear masks unless eating, drinking, or exercising.
- Facilities will be regularly and extensively cleaned.
- Daily screening, including temperature testing, will be used at each site.

A DIFFERENT KIND OF SUMMER

- As we work to mitigate the impact of the coronavirus pandemic, businesses and local government services are preparing for re-opening in a careful, phased manner.
- That includes services and facilities like City buildings and cultural sites that provide critical services to the public.
 - At both facilities and in services provided, we are making important modifications so we can continue public service, even if it's slightly different than before.
- Even as services return and facilities re-open, social distancing, contact traceability, face coverings, and careful hygiene will remain in place.
- **The City is ready to step up and re-open, but in a different limited and phased-in fashion.**
