

Recommendation Submission/Response Form

Referenced CASA area (A,B,C,D,E): C

This response is in reference to recommendation #18-06 Substation Community Area/ Area Command Southeast

Responsible SME: Commander J. Burke

Date received: 10/11/18

Date returned: 3/20/19

RECOMMENDATION (Recommendation/Reasoning must be 500 words or less for submission):

Seriously consider reconfiguring all substations to include an area for servicing the community on issues relating to improving the neighborhood.

Reason: To serve as a means of bringing people in friendly contact with APD.

APD RESPONSE/REASONING:

This recommendation is a good concept. However, it is not feasible for APD to reconfigure each substation. APD has attempted to make each area command substation approachable for the public. Each area command provides bins for food donations for the needy, increasing public visibility and partnership. There are also reception areas within each substation for interaction with the public when needed. APD is also looking into creating a small children's area in lobbies to entertain children if parents are interacting with police.

Chief made aware of recommendation: Yes No

Recommendation Status: Approved Denied Needs more time
