

Recommendation Submission/Response Form

Referenced CASA area (A,B,C,D,E): C

This response is in reference to recommendation #19-13: CPC Meeting Availability for The Entire Community/ Area Command Northeast

Responsible SME: DCOS E. Armijo

Date received: 9/30/19

Date returned: 1/6/20

RECOMMENDATION (Recommendation/Reasoning must be 500 words or less for submission):

Record all CPC meetings for each Community Policing Council and store meeting content for viewing on demand, Youtube, or some other media storage method.

Reason: To allow community members to receive/view the information presented at the regular CPC meetings and provide the capability to listen to the speakers presentations.

APD RESPONSE/REASONING:

APD fully supports the CPC's desire to communicate and demonstrate their meetings to the public. It's important for CPCs to maintain the voice and ownership of their meetings and we believe it would speak volumes for CPCs to take charge of such communication from their platforms of communication.

Such filming can easily be done by any CPC member in attendance with a smart phone or device and uploaded to most social media platforms such as Facebook, Twitter, or YouTube. Meetings can be filmed live or recorded and uploaded to YouTube later.

It is recommended that any CPC wanting to film/record their meetings to set up a YouTube channel linked to their individual CPC email address. The

meetings could then be filmed from a stationary device and quickly uploaded to the CPC's social media platform(s) of choice.

APD is willing and able to assist any CPCs desiring social media instruction to set up filming for meetings.

Chief made aware of recommendation: Yes No

Recommendation Status: Approved Denied Needs more time

DC Garcia: CPC's are encouraged to record and post meetings, but need to do it themselves to maintain their independence from APD.
