# Total Use of Force Events - February 2024

This report provides a monthly overview of use of force events involving Albuquerque Police Department (APD) personnel. APD is committed to using force to achieve lawful objectives in instances where use of force is objectively reasonable, necessary, minimal, and proportional given the totality of circumstances (see SOP 2-52: Use of Force – General). When force is not consistent with these standards of conduct (SOP 2-52: Use of Force-General), APD takes corrective actions which may include discipline.

APD's jurisdiction includes the City of Albuquerque which is divided into six Area Commands. In the map below, Southeast Area Command is split into "SE University" and "Southeast". University Area Command is a Pilot Area Command and their force cases are combined with Southeast Area Command in this report.

Force is categorized into three levels based on APD policy. For more information on APD's Standard Operating Procedures, see: <https://public.powerdms.com/COA>

# Use of Force Benchmarked Against Calls For Service and Arrests - February 2024

Officers are required to only use force when necessary to achieve a lawful objective. When officers have more contacts with individuals, it is likely that there will be more uses of force. To control for factors that may contribute to higher or lower uses of force in a given month, this page shows the number of uses of force relative to the number of calls for service and the number of arrests made. For a detailed discussion of the method used on this page, see APD's 2022 Annual Use of Force Report.

## Calls for Service

### Total Calls for Service for Area Commands

Excludes calls for service where contact with an individual was unlikely, see Annual Use of Force report for full methodology

Citizen information is based on what the individual reported or, if not reported by the individual, on the investigators observations on scene and through review of body-worn camera video. Information may change as investigations progress.

Note: Totals on different characteristics may differ due to missing values being excluded.

# Final Call Types and Types of Force Used - February 2024

Officers are dispatched to calls for service and the original and final type of call for service are tracked. The table on the right shows the final call types for all calls involving force during the month.

Below, the total number of force applications for each type of force is shown. In any single force case, multiple officers are usually involved and each time a force technique is used, it is counted. For instance, if three officers were involved in a takedown technique with one person, that would be counted as three applications of an "Empty Hand: takedown".

## Completed Force Investigations - February 2024

APD has two processes for force investigations based on the level of force. Level 1 force is investigated by the Level 1 force investigation unit. The Level 1 unit is required to complete investigations within 24 days (if all extensions are requested and approved).

Level 2 and Level 3 force are investigated by the Internal Affairs Force Division (IAFD). IAFD also investigated any Level 1 force where a Lieutenant or above was involved or Level 1 force if another person at the same event had a higher level of force used. These investigations must be completed within 90-days. All force investigations are investigated to determine whether the actions of the officer(s) involved were consistent with department policy.

Level 1 Unit		IAFD (Level 2 and Level 3)	
Total Completed Investigations		Total Completed Investigations	
16		37	
Average Days to Completion		Average Days to Completion	
9.1		86.3	
Minimum Days to Completion	Maximum Days to Completion	Minimum Days to Completion	Maximum Days to Completion
3	14	5	90

### All Force Cases

APD strives to only use force that is objectively reasonable, necessary to achieve lawful objectives, and proportional to the resistance from the individual involved, and minimal based on the totality of the circumstances. APD uses a preponderance of evidence standard to determine whether the force met policy requirements. After investigation, force is deemed in policy when every force technique is used correctly and was found to be reasonable, necessary, proportional, and minimal as defined in SOP 2-52: Use of Force - General. If any officer's force techniques used were determined to be out of policy, the entire force case or interaction is considered to be out of policy.
