### ***MEETING MINUTES***

**Monday 11 July 2016: 6:00pm – 7:50pm**  
**Holiday Park Community Center**  
**11710 Comanche Road NE, Albuquerque, NM 87111**

- 1. Call to order—Carolyn Wilson, Chair**  
The meeting was called to order at 6:07 pm.
- 2. Introductions of Council and Visitors**  
Ten citizens attended the meeting.
- 3. Review/amendment/approval of Agenda**  
The Agenda was unanimously approved as presented.
- 4. Review/correction/approval of Minutes from June 6<sup>th</sup> meeting**  
The Minutes were approved unanimously as presented.
- 5. APD Communications—**
  - a. “Snapshot” of Area activities [Report attached]**  
Unsecured properties (open windows, doors, and garage doors; vehicles with keys left in them) continue to be targeted for burglaries, especially with the warm weather. There was one home invasion reported, with entry gained through an open garage door.  
Foothills Area Command, with a population of 110-120 thousand residents, ranks in the middle of the six area commands for calls for service. With higher density, NE and SE Areas have higher rates.
  - b. Report on crimes against persons in the Foothills Crime Report from APD**  
It is intended that this report will be included in the August report.
  - c. Reports from Celina Espinoza**  
Celina was absent for this meeting. Her assistant has been hired.  
Commander Rodgers reported that there will be a presentation on the updated Settlement Agreement policies and implementations at the August meetings of all CPCs.
- 6. Pulse of the Neighborhoods—reports from CPC members and citizens**  
Member Ryan Trujillo reported that there is continuing speeding in his neighborhood, with dangerous speeding around corners.  
National Night is scheduled city-wide for Tuesday August 2<sup>nd</sup>; Embudo Hills will

sponsor their own National Night Out on August 6<sup>th</sup>.

[Note: The Office of Neighborhood Coordination July Newsletter has articles about drag racing as well as on National Night Out—

Member Joe Abbin reported that neighbors are disturbed by the uptick in Albuquerque crime statistics since 2014. He suggested that a higher crime rate may be related to the MDC population which has declined over the same time period. He passed around a chart showing the jail population at its lowest in over a decade.

**a. Roger Mickelson on 2-way communications with neighbors/residents**

He said that neighbors should have the ability to be in easy contact with the CPCs and vice-versa. He noted that residents typically will read an email but not go to a website, but that information can be sent through Neighborhood Associations—both the meeting agendas as well as surveys to elicit residents' concerns. Citizens want a way to be in better communication with APD—news, Twitter, blogs. The CPC insert in the water bill will help.

The Office of Neighborhood Coordination provides a list of neighborhood associations and coalitions in the area, which can be used to build a contact/distribution list.

**7. Recommendations**

There were no recommendations brought forward.

**8. Other business**

It was noted that APD is now implementing the policies approved under the Settlement Agreement. Member Trujillo noted an increased role for the CPCs—a bigger focus. A new employee has been hired by the City Council as neighborhood services and liaison with the Council—Sara Mancini 768-3105 [saramancini@cabq.gov](mailto:saramancini@cabq.gov). She will be the primary point of contact between the Council and the CPCs.

On motion by Brosveen and seconded by Abbin, the Minutes will be sent out for email approval by Council members, so that they can be distributed prior to the next meeting. The motion was approved unanimously.

Following a recommendation based on the experience of the Valley CPC, a motion was introduced by Chair Wilson, seconded by Brosveen, that each meeting have an announced Speaker and subject (such as a representative from the police union), so that area residents will be encouraged to attend the CPC meeting. The motion passed unanimously.

**9. Adjournment**

The meeting was adjourned at 7:55 pm, following approval of a motion by Brosveen, seconded by Abbin.
