Greetings Northwest residents, I hope you all are staying cool as the temps reach a high for this year. You may have noticed our traffic unit is out in full force in the northwest area command. This collaborative effort is going to focus on traffic violations and speeding. With that you may have noticed the speed cameras located around the city although not active in the northwest just yet they are issuing tickets. Please obey all traffic laws to increase the safety to other drivers, motorcyclists, and pedestrians. Call volume for the northwest is increasing as the weather gets warmer. Our officers are working hard to take these calls in a timely manner. Please be patient and understand there may be a wait time for non-emergent calls. To better assist and work together with our officers please have all pertinent information available. Completing a written statement, having photos and suspect information will assist in completing a thorough investigation. As always, please be aware of your surroundings and report any suspicious activity. "If you see something, say something" We can't fight crime without you. This is a joint effort, and a partnership. Thank you, and stay safe out there.

**NORTHWEST AREA COMMAND WATCH I
LT. JEFF ABERNATHY**

Summer is in full swing now and so is bad driving. A number of media worth events surrounding aggressive, or road rage, incidents have already occurred this year, and unfortunately some of those incidents ended with individuals being severely injured or worse. We continue to address identified problem areas for traffic related issues, such as drag racing on city streets and stop sign violations etc...

However, we ask that as you drive around and witness aggressive driving (excessive speeding, cutting drivers off, weaving in and out of traffic etc...) or incidents of road rage (another driver appearing to be targeting another driver/vehicle directly in an apparent dangerous manner) please call 911 and report these incidents. While this type of behavior can happen anywhere, it is import to gather as much information regarding the vehicle/plate information or driver if possible to help us in our enforcement efforts to stop this behavior and/or apprehend those causing potential danger to the motoring public.

**NORTHWEST AREA COMMAND WATCH II
LT. Amy Sedler**

**NORTHWEST AREA COMMAND WATCH III
LT. BRIAN PITZER**

As we enter into the late summer month's swing shift is focused on handling calls for service and traffic enforcement. With school being out we are seeing an uptick in calls so please bear with us as we work to expedite our response times. PRT and West Side Impact continue to build strong cases against violent crime, and property crime offenders within the area command. With the monsoon season in full effect it has mitigated the fire danger along our Bosque's, which has been much needed relief. I would like to ask that everyone slow down along Coors Blvd. Motors officers are conducting directed traffic enforcement in order to slow drivers down making the area command safer.

Northwest Area Command Problem Response Team Corner

NW PRT continues to proactively police the hot spot areas which frequently result in felony arrest.

PRT spends large amounts of time keeping contact with community stake holders and building partnerships with major retailers in the area command. PRT has completed a few cases after getting search warrants on long term investigations.

We are actively looking for TDY Officers and Officers who want to work overtime.

Albuquerque National Night Out 2022

Sign up to participate in the National Night Out 2022. Please register your event by July 26, 2022. The list of participating blocks and neighborhoods will be given to City officials, Albuquerque Police Department officers, and crime prevention personnel so they can attend as many events as possible.

Please see the links below;

Council Goals

The goal of each Community Policing Council is to engage in candid, detailed and meaningful dialogue between Albuquerque Police and the citizens they serve. Councils are independent from the City and Department. They are encouraged to formally recommend changes to Albuquerque Police Department policies and procedures. They are also asked to make recommendations and identify concerns, problems, successes and opportunities within each area command and for the department as a whole.

Council Membership

Each of the six Community Policing Councils is composed of members from the community and voting members. Voting members must reside within or have businesses within the boundaries of their area command.

All attendees (members) are encouraged to submit recommendations, provide input concerning recommendations, ask questions and submit topics for discussion.

Northwest Area Command Community Partnership and Outreach Corner

Community Partnership and Outreach:

APD'S COAST Outreach (Crisis Outreach and Support Team):

The COAST team continues to work with the West Side Homeless shelter, service providers and Field Officers to ensure that the homeless and most vulnerable are being offered shelter and resources. Service providers are continuing to do homeless outreach throughout the City.

Coffee with a Cop: at various restaurant locations:

Coffee with a Cop is an opportunity to interact with the officers assigned to their neighborhoods and ask questions, voice concerns, and get to know the police officers in your community.

Cop on the Corner: at various neighborhood locations.

The Albuquerque Police Department launched a new program called "Cop on the Corner" to help build relationships with the communities where officers patrol. The program will give people the opportunity to attend police field briefings where they can interact with the officers assigned to their neighborhoods. The day shift officers and swing shift officers hold briefings at various neighborhoods.

Business Coalition meetings:

We have three community business locations. The Westside area businesses, Riverside area businesses and the Cottonwood area businesses. We are working with the businesses to identify and reduce criminal activity. In the meetings we will identify the business stakeholders that will be involved, concerns on any type of criminal activity. We will talk about resources that can be used to deter and reduce criminal activity and provide crime prevention training, business security assessments and educate the businesses concerning property crimes.

Crime Prevention, Neighborhood Watch Program:

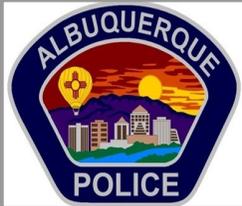

The NW Area Command has over 100 neighborhood watch programs and block captains. We have established an excellent rapport and understanding of the needs and concerns of the neighborhoods and block captains within their respected neighborhoods. The block captain/officer initiative program strengthens the ties between the officers, and the community.

ADAPT Program (Abandoned & Dilapidated Abatement Property Team):

The program identifies and addresses abandoned and/or dilapidated properties that become public nuisance because they have a pattern of calls for service, serious criminal activity or because they pose a public safety threat. The goal is to work with property owners to increase the health, safety, and welfare of the buildings and the community. Through community policing we will reduce crime and increase quality of life in the area.

Northwest Area Command

COMMUNITY OUTREACH

APD'S COAST (Crisis Outreach and Support Team) is continuing to work with the West Side Homeless shelter, service providers and Field Officers to ensure that the homeless and most vulnerable are being offered shelter and resources. Along with this collaboration, we are stressing the importance of education for this population due to limited access or knowledge to some of the safety measures. Masks, hygiene, water and food are being provided on a daily basis to those that are not wanting to go to the shelters. Service providers are continuing to do homeless outreach throughout the City. The Westside Emergency Housing Center is continuing to remain open 24 hours, 7 days a week and will accommodate as many people as possible. The City opened up hotels to assist with shelter numbers, this is helping keep the most vulnerable and families safe and provide social distance. The staff at the shelter has been working hard to keep everyone safe.
