VALLEY AREA COMMAND NEWSLETTER

The Valley Area Command is overseen by
Commander Scott Norris

Commander's Corner

We started our new bid on 02/12/2022. Our officers are now working 12 hour shifts and we are experiencing better coverage throughout the area command which is leading to decreased response times and also allowing officers for more time proactive police work.

Recently, several of our Downtown Unit Officers who work swing shift have obtained positions as homicide detectives. They will now be working within the Criminal Investigations Division investigating homicides city wide. This leaves several vacancies which we are looking to fill once the new recruits graduate from on-the-job training. Their hours will also change from 2pm - 12am to 5pm - 3am. This will allow us to have better coverage downtown for more hours out of the day and more days out of the week.

Crime Trends

The Valley Area Command uses the Computer Aided Dispatch (CAD) data to determine crime trends in the area. When a response is indicated, the information received from the caller will be entered into the CAD for a response. The information from the caller allows ECC staff to determine the priority of the call, how many officers to dispatch, and it provides the officers with vital information so they can determine what action to take as they respond to a call for service.

Residential Burglaries

There has been an increase of Residential burglaries February 2022. It is always good practice to make it look like someone is home at all times. Turn a radio on to a talk show station when you are gone, this will make it appear that someone is inside of your home.

Commercial Burglaries

Albuquerque Metro Crime Initiative

Actions we can take now to lower crime and make our City safer

ALBUQUERQUE METRO CRIME INITIATIVE

Throughout the summer of 2021, Mayor Keller convened leaders from across the criminal justice system to collaborate on crime-fighting in the metro area. The Metro Crime Initiative (MCI) brought together the stakeholders who are a part of the criminal justice system in Bernalillo County to propose ideas and solutions as immediate actionable items.

MCI explored a case study which follows a young adult moving through the local criminal justice system. The case study gave a realistic situation for participants to consider and provoked ideas on how to lower crime from all sides. MCI generated a to-do list of nearly 40 action items the City and our partners are now pursuing to lower crime in Albuquerque. The action items focus on fighting crime, reducing gun violence, closing the revolving door, rebuilding the behavioral health system, and expanding violence intervention programs. MCI will make both policy and funding requests to the New Mexico State Legislature that can help lower crime in the metro area. To learn more about MCI, visit cabq.gov/mci. All sessions of the MCI are available for viewing on OneAlbuquerque Media, GOV-TV 16 YouTube.

KELLER ADMINISTRATIONS' EFFORTS TO REDUCE VIOLENT CRIMES

To improve homicide investigations, outreach and support for victim families, Mayor Keller and the Albuquerque Police Department have

- Tripled the number of detectives in the homicide unit and the support staff around them.
- Created the Deputy Commander of the Criminal Investigation Division, who adds experience from the prosecutor's office to build the most robust homicide cases.
- Brought on a Victim Liaison Manager for Homicides, giving victim families an immediate contact resource within APD who works closely with homicide investigators. This also frees up detectives to focus more on the work they need to complete while giving families the time and attention they deserve.
- Created Digital Intel Team to use advanced investigative techniques to solve more cases.
- Launched the Duke City Case Files program, which features one open homicide case at a time and is shared widely on social media to generate tips on the case. This includes personal stories from families.

• First Detective Academy occurred in June 2021, and the next one is scheduled for January 2022.

• Created the Violence Intervention Program (VIP), which identifies those who are currently involved or at highest risk of being involved in the cycles of gun violence. The Program staff intervenes with

these individuals through the lens of public health and law enforcement focused deterrence strategies.

- By Executive Order created the Gun Violence Prevention Task Force to reduce gun violence by developing a comprehensive violence reduction strategy through a public health lens. Representatives will, among others, include community organizations and those directly impacted by gun violence.

Works In-progress, include:

- Developing and Implementing changes in Next of Kin Notification.
- Expanding the Detective Academy to include the voices of victims' families.
- Increasing use of digital and social media to prevent and investigate crimes.
- Crime Victims Reparations Support.
- Peer and Grief Support Connections for families.
- Developing of online resource list for survivors.
- Supporting more Mental health awareness in schools.
- Creating the Always Remember website where families can share photos and stories about their loved ones and APD can provide open case information, an introduction to cold case detectives and command structure with contact information, and a link to Crime Stoppers.

We invite you to learn more and take action to advance MCI initiatives, advocate for more resources to help investigations and more officers on the streets, develop violence prevention and victim support initiatives.
