VALLEY AREA COMMAND NEWSLETTER

The Valley Area Command is overseen by
Commander Scott Norris

Commander's Corner

Here is an update regarding the department's progress with the Court Appointed Settlement Agreement (CASA):

In the latest reporting period — which spans from August 2021 through January 2022 — independent monitor James Ginger found APD has attained the highest levels of compliance yet and improved over recent years, in which it had backslid. Independent Monitor Report (IMR) 15 was released Wednesday.

APD has shown significant performance increases in training effectiveness, and performance in the field has improved. It is important to understand that training nearly always leads the way in organizational development and planned change processes.

APD is now at 99% secondary compliance — regarding the training of officers — and 70% operational compliance — regarding whether officers are following policies and being corrected when they don't. That's a 20.7% and 12.9% respective increase over the previous reporting period.

APD has been at 100% primary compliance since the 10th report, in October 2019, meaning all of the required policies and procedures are in place.

The department is committed to reform and we are making all efforts to attain full compliance in two years. This has been an entire department and community effort and we will continue to work towards that end.

Crime Trends

The Valley Area Command uses the Computer Aided Dispatch (CAD) data to determine crime trends in the area. When a response is indicated, the information received from the caller will be entered into the CAD for a response. The information from the caller allows ECC staff to determine the priority of the call, how many officers to dispatch, and it provides the officers with vital information so they can determine what action to take as they respond to a call for service.

Residential Burglaries

There has been an increase of Residential burglaries in May 2022. It is always good practice to make it look like someone is home at all times. Turn a radio on to a talk show station when you are gone, this will make it appear that someone is inside of your home.

Active Shooter and Lockdown

Establish a written policy regarding disaster preparedness to include both internal and external threats and criminal activity. Lockdown procedures should take into account specific logistical and structural arrangement at the site. Prepare, plan and practice.

Plan

- Identify a room(s) in the building that can serve as a safe room(s) if a shelter-in-place or lockdown situation occurs.
- Ensure it has a solid core/metal door with a deadbolt lock.
- Ensure it has a telephone or other means of communication.
- Ensure the room has adequate food, water, trauma first aid kit or supplies (include tourniquet, chest seals, gauze etc.) as well as a restroom facility or improvised restroom capability.
- Consider including additional items that can be used to secure a door (i.e. rope or straps for self-closure mechanism).
- Establish an off-site rally point in case of emergency evacuation.

Prepare

- Assign personnel tasks during a lockdown situation, including:
 - Closing and locking exterior doors.
 - Closing interior doors to add more barriers.
 - Sweep facility and direct people into the lockdown room.
 - Consider additional site specific tasks.
- Maintain a USB drive or file with maps or blueprints of the building, employee roster, explanation of hazards that may exist on the site, etc. for law enforcement.
- Identify an individual to serve as a primary point of contact for law enforcement.
- Practice emergency lockdown and evacuation drills regularly.

- Evacuate regardless of whether others follow.
- Alert others and prevent them from entering.
- Call 911 when you're safe.

- Lock and barricade the door.
- Turn off the lights.
- Silence your cell phone.

Fight

- Fight as a last resort only when your life is in imminent danger.
- Throw items, improvise weapons.
- Commit with as much physical aggression as possible, your life depends on it.

When Law Enforcement Arrives

- Initial officers on scene will proceed directly to the threat; rescue teams will follow.
- Follow all law enforcement instructions.
- Keep your hands empty and visible.
- Avoid quick movements toward officers; avoid screaming, yelling and pointing.
- Do not ask questions as evacuating.

Albuquerque Metro Crime Initiative

Actions we can take now to lower crime and make our City safer

ALBUQUERQUE METRO CRIME INITIATIVE

Throughout the summer of 2021, Mayor Keller convened leaders from across the criminal justice system to collaborate on crime-fighting in the metro area. The Metro Crime Initiative (MCI) brought together the stakeholders who are a part of the criminal justice system in Bernalillo County to propose ideas and solutions as immediate actionable items.

MCI explored a case study which follows a young adult moving through the local criminal justice system. The case study gave a realistic situation for participants to consider and provoked ideas on how to lower crime from all sides. MCI generated a to-do list of nearly 40 action items the City and our partners are now pursuing to lower crime in Albuquerque. The action items focus on fighting crime, reducing gun violence, closing the revolving door, rebuilding the behavioral health system,

and expanding violence intervention programs. MCI will make both policy and funding requests to the New Mexico State Legislature that can help lower crime in the metro area. To learn more about MCI, visit cabq.gov/mci. All sessions of the MCI are available for viewing on OneAlbuquerque Media, GOV-TV 16 YouTube.

KELLER ADMINISTRATIONS' EFFORTS TO REDUCE VIOLENT CRIMES

To improve homicide investigations, outreach and support for victim families, Mayor Keller and the Albuquerque Police Department have

- Tripled the number of detectives in the homicide unit and the support staff around them.
- Created the Deputy Commander of the Criminal Investigation Division, who adds experience from the prosecutor's office to build the most robust homicide cases.
- Brought on a Victim Liaison Manager for Homicides, giving victim families an immediate contact resource within APD who works closely with homicide investigators. This also frees up detectives to focus more on the work they need to complete while giving families the time and attention they deserve.
- Created Digital Intel Team to use advanced investigative techniques to solve more cases.
- Launched the Duke City Case Files program, which features one open homicide case at a time and is shared widely on social media to generate tips on the case. This includes personal stories from families.

- First Detective Academy occurred in June 2021, and the next one is scheduled for January 2022.
- Created the Violence Intervention Program (VIP), which identifies those who are currently involved or at highest risk of being involved in the cycles of gun violence. The Program staff intervenes with

these individuals through the lens of public health and law enforcement focused deterrence strategies.

- By Executive Order created the Gun Violence Prevention Task Force to reduce gun violence by developing a comprehensive violence reduction strategy through a public health lens. Representatives will, among others, include community organizations and those directly impacted by gun violence.

Works In-progress, include:

- Developing and Implementing changes in Next of Kin Notification.
- Expanding the Detective Academy to include the voices of victims' families.
- Increasing use of digital and social media to prevent and investigate crimes.
- Crime Victims Reparations Support.
- Peer and Grief Support Connections for families.
- Developing of online resource list for survivors.
- Supporting more Mental health awareness in schools.
- Creating the Always Remember website where families can share photos and stories about their loved ones and APD can provide open case information, an introduction to cold case detectives and command structure with contact information, and a link to Crime Stoppers.

We invite you to learn more and take action to advance MCI initiatives, advocate for more resources to help investigations and more officers on the streets, develop violence prevention and victim support initiatives. Valley Area Command Community Policing Council

Valley Community Policing Council

Come to our meeting this month on the 24th and learn about the city's plan to set up encampments/safe spaces for the unhoused throughout the city. Also take the chance to give your opinion and state your concerns. You can either come in person to the Johnny Tapia Community Center or stick with the webinar format. The link to get an invitation to the webinar is https://cabq.zoom.us/webinar/register/WN_7Z1iT-WbR9-9-s1dEYOjiA the meeting will run from 6:00 pm to 8:00 pm. We always devote the last half hour to talk with the APD representatives about issues and concerns that are arising from your communities.

We need more council members, we're actually five short of our optimum number. The level of commitment is entirely up to you. The minimum is two meetings a month, a planning meeting and our public one, though actually there's a lot of opportunities to do more. If you want more information, feel free to contact us at cpcvalley@gmail.com. If you think you might like to submit a statement of interest go ahead and get on the CPC webpage at <https://www.cabq.gov/cpoa/community-policing-council>. To join you have to live, or work, within the Valley Area Command boundaries: east to 1-25, west to the river, and north and south to the city boundaries

Hoping to 'see' you online or see you at the Johnny Tapia Community Center.

All the best,

Your Valley Community Policing Council
